Business Update

Paragem

Paragem, a financial advice licensee, engages with medium to large financial planning practices and continues to experience increased interest in this segment as practices look to unwind from institutionally owned relationships and access the benefits of the managed accounts. Since the acquisition by HUB24 Paragem has continued to grow strongly with 10 new financial planning practices and 18 advisers having joined the licensee.

³ Source: Strategic Insights (Plan For Life). Analysis of Wrap, Platform and Master Trust Managed Funds at June 2017. HUB24 is the fastest growing wrap platform relative to its size in percentage terms, 6th fastest in dollar terms of net inflows.

Final consideration for the acquisition of Paragem Pty Ltd, which was first announced to the market on 21 August 2014, has been determined based upon financial performance measured over the 3 years to 30 September 2017. 4,256,991 ordinary HUB shares have been issued to Paragem security holders on 10 October 2017 which are freely tradeable from date of issue.

Across the market we are observing an increasing number of advisers becoming self-licensed or joining more flexible dealer groups as demonstrated by Paragem recruiting five advice practices during 2HFY17. As industry leaders in both segments, HUB24 and Paragem are well positioned to maintain steady, high quality market growth while capitalising on this trend.
