ASX RELEASE

Milestone Agreement Reached between Site Group International and Cyba Recruitment

Site Group International Ltd (ASX:SIT, "Site") is pleased to announce it has entered into a services agreement with Cyba Recruitment Ltd ("Cyba") for the provision of skilled workers and professionals.

The service agreement with Cyba provides Site with access to skilled local labour for its employer sponsored training program. Cyba identifies potential candidates that meet DIAC requirements, English competency and have a minimum of five years trade specific experience. If the candidate is successful in its application to Site's employer sponsored training program they will be assessed at Clark Education City and provided employer specific training to Australian Standards.

On completion, the candidate is ready to be deployed with an employer in an overseas position predetermined with employer groups. Site WorkReady is an Australian based workforce solutions and training partner wholly owned by Site Group International.

The active agreement is with Cyba who, in conjunction with Cirrus Global (a subsidiary of the A Soriano Group), will ensure they maintain the required credentials to comply with Philippine Overseas Employment Administration (POEA) requirements. This agreement is a major milestone as it allows Filipino graduates to obtain gainful employment in Australia.

The Chairman of Site, Vern Wills, stated "This agreement takes us one step closer to reaching our objective of providing workforce planning solutions to areas of global skill shortage. This has opened the way for assessing and up skilling more local workers to work in industry in Australia and around the world."

He continued "Assessing and up-skilling previously skilled workers is a cost effective and efficient method of delivering Australian standard training. This agreement with Cyba and Cirrus provides Site with a model to provide Site WorkReady's employer sponsored training workforce."
