ASX RELEASE

MOU Signed with Chamber of Commerce and Industry Western Australia

The Directors of Site Group International Limited ("Site", ASX:SIT) are pleased to announce the signing of an agreement with The Chamber of Commerce and Industry of Western Australia (CCI) to offer an improved industry support model.

Signed by CCI General Manager Workforce Solutions, Nathan Bentley and Site Chief Executive Vernon Wills, the Memorandum of Understanding will provide joint access for members and clients seeking local and international training and recruitment services.

Commenting on the agreement, Vernon Wills stated; "This is recognition by each party of the quality the services we can both offer to industry and an agreement for each to refer our clients to the other party where appropriate"

"Being able to provide this additional link to Site's services will complement the professional migration representation CCI's Migration Services team delivers to the WA business community," CCI General Manager Workforce Solutions, Nathan Bentley said.

The relationship provides CCI's customers with greater access to the services of Site Skills Training and Site WorkReady, who operate international on-site and facility based high risk and short course training and deployment for mining, construction, oil & gas and supporting industries.

The relationship with CCI is important given the commonality of CCI customers and Site industry partners. This strongly aligns the objectives of both organisations to provide an industry partnership model and continue CCI's strong history in servicing the business community and with Site's stated public objective of meeting industry needs on a company by company and project by project basis.

About Site Group International Limited

Site Group International (ASX: SIT "Site") is an ASX listed company providing Australian accredited and non-accredited training programs that are specifically tailored to employer needs. Training is delivered through high quality facilities in the Philippines (Clark Freeport Zone) and in Australia through Site Skills Training. Site Skills Training has major training facilities in Perth, Gladstone, Darwin and Landsborough. At these locations our experienced team assesses, up-skills and trains industry experienced candidates in the mining & processing, oil & gas, construction, camp services, hospitality and logistic sectors.

In addition, Site delivers on-site training for clients and major projects throughout Australia and countries such as PNG, Indonesia, Singapore, China, UAE, Azerbaijan and others.

The strategic location of our 300,000m2 facility at Clark Freeport Zone in the Philippines allows the company to deliver Australian standard training in a low cost and controlled environment. This facility has the capacity to complete large scale residential training programs customised to meet client specific requirements. The facility is currently delivering training and assessment services to a multi-national oil and gas company under a long term contract with a specific focus on health and safety. All vocational training is delivered with

tailored job specific English language and cultural sensitivity training. In addition vocational training in areas such as fabrication, heavy diesel maintenance and refrigeration mechanics is delivered.

Site also delivers workforce planning solutions through Site WorkReady. Site WorkReady achieves “ready to work” international employees through an end to end “Source-Train-Deploy” service utilising the training and assessment facility at Clark Freeport Zone. Working closely with their clients the Site WorkReady team identifies workers, completes assessment services and develops appropriate training. Employment candidates receive instruction in English, workplace health and safety systems as well as employer orientation training to support their transition to employment.

Site Group International is an emerging Australian company with a strategic business model run by an experienced board and management team.
