Site Achieves BRW Fast 100 Listing for Second Year

Site Group International has been named as one of the fastest growing companies in Australia for the second year in succession.

BRW Magazine's list of Australia's 100 fastest growing companies featured Site at number 11, reporting revenue growth of 136% in 2015, to \$40.7 million.

Now in its 26th year, BRW's Fast 100 ranks entrants' revenue growth based on auditor-verified data from the previous four financial years.

Site Managing Director Vern Wills said the rapid growth of the company demonstrated the success of its carefully targeted growth strategy.

"The group is doing very well and we see the trend continuing for the foreseeable future," he said.

"This is the second year in a row that we have been listed in the Fast 100, and this accolade is a real tribute to our team, who can take pride in our excellent performance. Our employees have all shown great dedication and diligence, and have enthusiastically supported our strategy, working hard to manage and sustain our growth," he said.

"Site has continued to grow in 2015, completing the acquisition of Wild Geese International and Innovium, as well as achieving substantial organic growth. We are very pleased with the integration of Wild Geese and Innovium and expect the benefits to grow over the next 12 months."

"Other substantial achievements for the group include opening the OceanaGold Underground Mine Environment in the Philippines and awarding of a contract to construct a US\$ 4M Live Process Plant in PNG. We see great opportunities for continued growth and we need to make sure we maintain our growth momentum."

A presentation showing OceanaGold trainees in action in the Underground Mine Environment is attached.

About Site

Site Group International Limited (“Site”) operates several businesses specialising in the delivery of education, training and labour services.

Services are delivered to government, corporate and individual clients, predominately operating in energy, mining, construction and industrial sectors.

Site operates over a dozen facilities throughout Australia, as well as in Papua New Guinea, Myanmar and Malaysia, with a flagship 300,000sqm training and live-in environment in the Philippines. Further, Site has delivered its services to governments and companies throughout the world, in countries including Indonesia, Singapore, China, UAE, Azerbaijan and others.

Site Group International Limited is an emerging company with a strategic business model pursuing earnings-accretive acquisition opportunities along with organic growth. Site is run by an experienced board and management team.

Competency Framework Development

Site consult on competency requirements to ensure a workforce holds skills required to safely perform their tasks. Clients include governments and tier one project owners in the oil and gas space.

Immersive Environment Training Centres

In conjunction with project owners, managers and/or operators, Site engineer, procure and construct Immersive Environment Training Centres which replicate real-life worksite conditions for proper training and competency development of individuals. Amongst others, Site has constructed safe live process plants and underground mine training environments for these purposes.

Training

Site specialise in the delivery of training across numerous industries, including energy, mining, construction and professional services. Training is delivered across a range of accredited and non-accredited short courses, Australian High Risk Licences, competency assurance testing, and non-funded and government funded certificate to advanced diploma level courses, apprenticeships and traineeships. Clients include multinational corporations, Small to medium Enterprise, governments and individuals.

Online Learning

Site has the capacity for the development, implementation and management of Online Learning Management Systems (LMS) and online training programs. The provision of training services occurs on our online learning platform. These services are delivered to corporate and individual clients across all training brands.

Workforce Labour Services

Site deliver the sourcing, training and deployment of skilled labour on to projects throughout numerous countries. Site has expanded this capability to include the provision of labour hire services and expat workforce management.
