Appendix 4C and Market Update

The Directors of Site Group International Limited ("Site", ASX:SIT) release the Appendix 4C quarterly cash flow for the period to 30 June 2018.

The results for the quarter saw revenues of \$8.2m and an EBITDA loss of \$893k (unaudited). This includes the results of the discontinued Productivity Partners (PP) business being a cost of circa \$400k. Operating cash flow for the quarter was an outflow of \$22k with a closing cash balance of \$1.5m.

The recently announced contract wins demonstrate the growth opportunities for Site in its international divisions. These are expected to continue into FY19, as the group focuses on the expansion and optimisation opportunities across its international assets.

As announced on 25 July 2018, Site continues to expend significant operational resources ensuring that the Site Skills Group (SSG) remains compliant to achieve the favourable outcome in the AAT and focus on ensuring the best interests of clients and students. SSG continues to be impacted with customers postponing training until the appeal process is finalised.

As a result of the slowing domestic business, there will be non-cash impairments of intangibles and receivables of approximately \$4.3m for the year. These impairments will mean the statutory result will be a full year loss of approximately \$6m (unaudited). Full year audited accounts will be lodged in late August.
