Note 1. Significant accounting policies

Basis for Preparation

This condensed consolidated interim financial report for the half-year reporting period ended 31 December 2022 has been prepared in accordance with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001.

Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2022 and any public announcements made by CFOAM Limited during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the adoption of new and amended standards as set out below and a new financial instruments policy.

(a) New and amended standards adopted by CFOAM Limited

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. The consolidated entity did not have to change its accounting policies or make retrospective adjustments as a result of adopting these amended standards.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Significant accounting judgements and estimates

The significant accounting judgements, estimates and assumptions adopted in the half-year financial report are consistent with those applied in the preparation of the Group's annual report for the year ended 30 June 2022.

Note 2. Operating segments

Identification of reportable operating segments

In the prior year, the Group was organised into one operating segment, being the operation of production of CFOAM. This is based on the Internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources.

The CODM has re-assessed the business activities, performance and allocation of resources in response to the sale of CFOAM Corp. As a result of the reassessment, the Company's performance review and resources has been broken down into the two operating units for the current financial year, being CFOAM Ltd and CFOAM Corp.

Geographical information

All sales and non-current assets are based in CFOAM Corp, in USA.

Revenue Recognition:

Disaggregation of Revenue.

All revenue recognised during the period was recognised at a point in time for the sale of products. All revenue recorded related to sales in CFOAM Corp, in USA.

Refer to Note 9 for details regarding discontinued operation.

On 26 November 2020, the Company made a strategic investment of US\$1,141,397 (A\$1,550,000) in Innovaero Technologies Pty Ltd, an Australian Aerospace and Defence Technology business.

On 12 May 2021, the Company invested US\$775,650 (A\$1,000,000) in Innovaero via a convertible note as part of Innovaero's capital raising strategy.

On 16 July 2021, the Company invested a further US\$721,793 (A\$975,000) via a convertible note.

At 31 December 2022, the Company held an equity interest of 10.24% in Innovaero which is consistent with the prior period ending 30 June 2022. As the Directors were unable to access the financial information of the investee at reporting date, the Directors have taken the approach to fair value the investment based on recent transaction which occurred in August 2023 and settled in October 2023, whereby Innovaero restructured its business and obtained a third party investment which allowed for the repayment of the convertible note investment held by the Company.

As at 31 December 2022, the fair value of the Company's financial assets were assessed in accordance with AASB 9 Financial Instruments, and as a result there was a fair value change recognised in this financial period.

Fair Value of Financial Instruments

Financial assets and financial liabilities measured at fair value in the Statement of Financial Position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: unobservable inputs for the asset or liability.

The following table shows the levels within the hierarchy of financial assets and liabilities measured at fair value on a recurring basis at 31 December 2022.

	Level 1	Level 2	Level 3	Total
31 December 2022	US\$	US\$	US\$	US\$
Convertible note in Innovaero	-	-	1,343,995	1,343,995
Investment in Innovaero	-	-	669,509	669,509
Total Financial assets at FVPL	-	-	2,013,504	2,013,504

The fair value of the Level 3 financial assets have been based on a recent transaction whereby Innovaero restructured its business and obtained a third party investment which allowed for the repayment of the convertible note investment held by the Company. The directors consider this to reflect the investments fair value at reporting date.

Note 9: Discontinued operations

On 16 August 2022, CFOAM Limited settled the sale of its 74.34% interest in CFOAM Corp for consideration of US\$1,000,000 to a subsidiary of CONSOL Energy Inc. The on-going funding requirements and distance from operations made it difficult to manage this business and shareholders approved the disposal on 10 August 2022. The results show the performance of the subsidiary operations for the period to settlement and effect of the deconsolidation and sale of the business.

Under AASB 5, a discontinued operation is 'A component of an entity that has either been disposed of, or is classified as held-for-sale and represents a separate major line of business'. The CFOAM Corp interest has been historically been disclosed as a reportable segment due to its significance and discrete financial information has been available.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of CFOAM Limited

Report on the Half-Year Financial Report

Qualified conclusion

We have reviewed the half-year financial report of CFOAM Limited (the Company) and its subsidiary (the Group), which comprises the consolidated statement of financial position as at 31 December 2022, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, except for the effects of the matter described in the *Basis for qualified conclusion* section, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2022 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for qualified conclusion

As disclosed in Note 3 to the half-year financial report, CFOAM Limited holds an equity interest of 10.24% in Innovaero Technologies Pty Ltd ("Innovaero"). Management have determined the fair value of this investment at 31 December 2022 based on a transaction which occurred in August 2023. Due to the period of time between the date of this transaction and the reporting date and the Company being unable to access sufficient information from Innovaero to allow for a fair value assessment to be completed as at 31 December 2022, we were unable to obtain sufficient appropriate evidence to support the fair value of the investment at reporting date. Consequently, we were unable to determine whether any adjustment to carrying value of the equity investment is necessary. Our audit opinion for the year ended 30 June 2022 was also modified in respect of the same matter.

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the directors for the financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2022 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
