Comments

The large percentage movement reported at 'revenues from ordinary activities' arises because Velocity Property Group had revenues from ordinary activities in the corresponding period of only \$31,045 as none of its developments had been completed by 31 Dec 2015.

The negative percentage movement reported at the 'profit / (loss) after tax' line items above despite the change being reported as 'up' is because a smaller net loss is reported in this period compared to the corresponding period.

During the period, Velocity acquired the remaining sites located at 1331 Gold Coast Highway finalising the acquisition for the One Palm Beach project. No further acquisitions were made in the period as Velocity was not able to reach agreement on terms favourable to Velocity. Growing our development portfolio is a key

Independent Auditor's Review Report

To the members of Velocity Property Group Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Velocity Property Group Limited and its controlled entities, which comprises the consolidated statement of financial position as at 31 December 2016, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

Directors' responsibility for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Company's financial position as at 31 December 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Velocity Property Group Limited and its controlled entities, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act* 2001.

Crowe Horwath Brisbane is a member of Crowe Horwath International, a Swiss verein. Each member of Crowe Horwath is a separate and independent legal entity. Liability limited by a scheme approved under Professional Standards Legislation other than for the acts or omissions of financial services licensees.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Velocity Property Group Limited and its controlled entities is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Company's financial position as at 31 December 2016 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
