## Vanguard Total Stock Market Index Fund

## A new format, unwavering commitment

As you begin reading this report, you'll notice that we've made some improvements to the opening sections—based on feedback from you, our clients.

Page 1 starts with a new "Your Fund's Performance at a Glance," a concise, handy summary of how your fund performed during the period.

In the renamed "Chairman's Perspective," Bill McNabb will focus on enduring principles and investment insights.

We've modified some tables, and eliminated some redundancy, but we haven't removed any information.

At Vanguard, we're always looking for better ways to communicate and to help you make sound investment decisions. Thank you for entrusting your assets to us.

### Contents

Your Fund's Performance at a Glance.....	1
Chairman's Perspective.....	3
Fund Profile.....	7
Performance Summary.....	9
Financial Statements.....	12
Your Fund's After-Tax Returns.....	32
About Your Fund's Expenses.....	33
Glossary.....	35

Please note: The opinions expressed in this report are just that—*informed opinions*. They should not be considered promises or advice. Also, please keep in mind that the information and opinions cover the period through the date on the front of this report. Of course, the risks of investing in your fund are spelled out in the prospectus.

See the Glossary for definitions of investment terms used in this report.

**About the cover:** No matter what language you speak, Vanguard has one consistent message and set of principles. Our primary *focus* is on you, our clients. We conduct our business with *integrity* as a faithful *steward* of your assets. This message is shown translated into seven languages, reflecting our expanding global presence.

# Your Fund's Performance at a Glance

- Vanguard Total Stock Market Index Fund returned well over 12% for the 12 months ended December 31, 2016. The fund closely tracked its target index, the CRSP US Total Market Index, and exceeded the average return of its multicapitalization core fund peers.
- The fund offers investors exposure to every segment, size, and style of the U.S. equity market.
- Small-cap stocks outperformed their large- and mid-cap counterparts, while value stocks outpaced growth.
- The fund recorded positive returns in nine of the ten market sectors. Returns surpassed 20% in four sectors and 10% in seven. The fund's largest sector, financials, contributed most to the outcome. Only health care stocks declined.
- Over the past ten years, the fund posted an average annual return of about 7%, in line with its benchmark and more than 1 percentage point higher than its peer-fund average.

## Total Returns: Fiscal Year Ended December 31, 2016

	Total Returns
Vanguard Total Stock Market Index Fund	
Investor Shares	12.53%
ETF Shares	
Market Price	12.74
Net Asset Value	12.68
Admiral™ Shares	12.66
Institutional Shares	12.67
Institutional Plus Shares	12.69
Institutional Select Shares (Inception: 6/27/2016)	14.24
CRSP US Total Market Index	12.68
Multi-Cap Core Funds Average	10.19

Multi-Cap Core Funds Average: Derived from data provided by Lipper, a Thomson Reuters Company.

Admiral Shares carry lower expenses and are available to investors who meet certain account-balance requirements. Institutional Shares, Institutional Plus Shares, and Institutional Select Shares are available to certain institutional investors who meet specific administrative, service, and account-size criteria. The Vanguard ETF® Shares shown are traded on the NYSE Arca exchange and are available only through brokers. The table provides ETF returns based on both the NYSE Arca market price and the net asset value for a share. U.S. Pat. Nos. 6,879,964; 7,337,138; 7,720,749; 7,925,573; 8,090,646; and 8,417,623.

For the ETF Shares, the market price is determined by the midpoint of the bid-offer spread as of the closing time of the New York Stock Exchange (generally 4 p.m., Eastern time). The net asset value is also determined as of the NYSE closing time. For more information about how the ETF Shares' market prices have compared with their net asset value, visit [vanguard.com](http://vanguard.com), select your ETF, and then select the Price and Performance tab. The ETF premium/discount analysis there shows the percentages of days on which the ETF Shares' market price was above or below the NAV.

## Total Returns: Ten Years Ended December 31, 2016

	Average Annual Return
Total Stock Market Index Fund Investor Shares	7.11%
Spliced Total Stock Market Index	7.23
Multi-Cap Core Funds Average	5.51

For a benchmark description, see the Glossary.

Multi-Cap Core Funds Average: Derived from data provided by Lipper, a Thomson Reuters Company.

The figures shown represent past performance, which is not a guarantee of future results. (Current performance may be lower or higher than the performance data cited. For performance data current to the most recent month-end, visit our website at [vanguard.com/performance](http://vanguard.com/performance).) Note, too, that both investment returns and principal value can fluctuate widely, so an investor's shares, when sold, could be worth more or less than their original cost.

## Expense Ratios

Your Fund Compared With Its Peer Group

	Investor Shares	ETF Shares	Admiral Shares	Institutional Shares	Institutional Plus Shares	Institutional Select Shares	Peer Group Average
Total Stock Market Index Fund	0.16%	0.05%	0.05%	0.04%	0.02%	0.01%	1.17%

The fund expense ratios shown are from the prospectus dated April 27, 2016, and represent estimated costs for the current fiscal year. For the fiscal year ended December 31, 2016, the fund's expense ratios were: 0.15% for Investor Shares, 0.04% for ETF Shares, 0.04% for Admiral Shares, 0.03% for Institutional Shares, 0.02% for Institutional Plus Shares, and 0.01% for Institutional Select Shares (annualized since inception). The peer-group expense ratio is derived from data provided by Lipper, a Thomson Reuters Company, and captures information through year-end 2015.

Peer group: Multi-Cap Core Funds.

# Chairman's Perspective

**Bill McNabb**  
Chairman and Chief Executive Officer

Dear Shareholder,

If you're like most investors, a big question on your mind is: What's in store for the markets and the economy in 2017?

At Vanguard, we're just as curious about the immediate future. But our curiosity is tempered by our belief that forecasts should give a range of possible outcomes, not pinpoint predictions. After all, there are bound to be occurrences the experts won't see coming.

## **What really matters for investors**

In 2016, we saw two cases in point: The United Kingdom's June vote to exit the European Union and the November election of Donald Trump as U.S. president. Both unexpected outcomes triggered swift market reactions. But despite some short-term volatility, the markets' 12-month performance as of December 31, 2016, proved to be less dramatic. U.S. stocks posted healthy returns, and U.S. bonds provided returns close to their long-term averages. International stocks and bonds also advanced, although returns for U.S. investors were reduced by the strength of the U.S. dollar.

The surprises of 2016 remind us to be skeptical of overly precise short-term predictions about 2017. At the cusp of a new year, market prognosticators forecast where the Standard & Poor's 500 Index or the yield on the 10-year Treasury note will end up in 12 months. Such predictions can be attention-getting. They can also be dead wrong.

Investors are better off taking note of long-term trends that stand to influence our economies and markets. We're watching these trends closely, and we discuss our latest assessment in our 2017 economic and market outlook, which you can read at [vanguard.com/research](http://vanguard.com/research).

**Our global economic outlook:  
Expect stabilization, not stagnation**  
One phenomenon in particular that we're watching is the low-growth, low-interest-rate environment that has marked the global economy since the 2008–09 financial crisis. We don't think this economic backdrop is simply the result of cyclically weak demand or long-term stagnation. Instead, certain structural forces are contributing: Falling technology costs are restraining the amounts businesses are spending on

capital investment, an aging population is weighing on growth in the developed world, and the free movement of capital and products across the globe has restrained prices and wages.

In the near term, these forces will continue to dampen growth, inflation, and interest rates. They also make it unlikely that further monetary stimulus from central banks will do much to spur growth.

I realize this all may sound gloomy, but that's not how we see it. We expect global growth to stabilize at more modest levels, not stagnate. The world isn't headed for Japanese-style deflation, in which a widespread sustained drop in prices puts economic activity into hibernation.

## Market Barometer

	Average Annual Total Returns Periods Ended December 31, 2016		
	One Year	Three Years	Five Years
<b>Stocks</b>			
Russell 1000 Index (Large-caps)	12.05%	8.59%	14.69%
Russell 2000 Index (Small-caps)	21.31	6.74	14.46
Russell 3000 Index (Broad U.S. market)	12.74	8.43	14.67
FTSE All-World ex US Index (International)	4.80	-1.16	5.52
<b>Bonds</b>			
Bloomberg Barclays U.S. Aggregate Bond Index (Broad taxable market)	2.65%	3.03%	2.23%
Bloomberg Barclays Municipal Bond Index (Broad tax-exempt market)	0.25	4.14	3.28
Citigroup Three-Month U.S. Treasury Bill Index	0.27	0.09	0.08
<b>CPI</b>			
Consumer Price Index	2.07%	1.18%	1.36%

In fact, we believe that global growth could pick up modestly over time. Our expectation is based on a potential rebound in productivity as new digital technologies are used more effectively. We also anticipate a slight recovery in the labor force as the baby boom generation finishes its transition to retirement, nudging up demand for workers.

### **Put expansion in perspective**

Looking to the United States, the world's largest economy remains firmly on a long-term-growth path of about 2% per year. That's lower than the historical average of 3.25% since 1950. We see such growth at this level as fundamentally sound, rather than abnormally low. Our evaluation takes into account lower U.S. population growth

and the reality that the economic expansion from the 1980s until the financial crisis was fueled by debt, distorting the numbers.

Turning to prices, we think that core U.S. inflation should modestly exceed 2% in 2017. That, in turn, will support further interest rate hikes by the Federal Reserve, similar to the one at the end of 2016. We expect the Fed to raise rates in 2017 before taking an extended pause, and we see the federal funds rate staying below 2% through at least 2018.

### **Prepare for muted returns**

And what about prospects for the markets? Vanguard's outlook for global stocks and bonds remains the most guarded in ten years, given fairly high stock valuations

## **Expect more modest returns, rely on time-tested principles**

In Vanguard's economic and market outlook for 2017, Global Chief Economist Joseph Davis and his team offer a projection of more modest returns from the global stock and bond markets. They caution that, over the next decade, returns for a balanced portfolio are likely to be moderately below long-run historical averages.

The team's simulations indicate that for the decade ending in 2026, the average annualized return of a 60% stock/40% bond portfolio is likely to be centered in the 3%–5% range after inflation. That's below the actual average after-inflation return of 6% for the same portfolio for the nine decades since 1926.

Ultimately, our global market outlook points toward a somewhat more challenging environment, yet one in which, over time, investors with an appropriate level of discipline, diversification, and patience are likely to be rewarded with reasonable inflation-adjusted returns.

For more information about our expectations and the probability of various outcomes, see *2017 Economic and Market Outlook: Stabilization, Not Stagnation*, available at [vanguard.com/research](http://vanguard.com/research).

**IMPORTANT:** The projections and other information generated by the Vanguard Capital Markets Model® (VCMM) regarding the likelihood of various investment outcomes are hypothetical in nature, do not reflect actual investment results, and are not guarantees of future results. Distribution of return outcomes from the VCMM are derived from 10,000 simulations for each modeled asset class. Simulations as of September 30, 2016. Results from the model may vary with each use and over time. For more information, see the note at the end of this letter.

and the low-interest-rate environment. We don't expect global bond yields to increase materially from year-end 2016 levels.

Our outlook for global equities is annualized returns of 5%–8% over the next decade. This outlook isn't bearish, but is actually fairly positive when you take into account the current low-rate environment. (See the box titled *Expect more modest returns, rely on time-tested principles* for more.)

### Focus on the four keys to investment success

Significant trends often happen gradually. Like shifting tides, they're sometimes barely noticeable at first but ultimately can change the landscape entirely. Other times, apparent trends can end up receding before they have much of a long-term impact. Given the future's inherent unpredictability, it's not reasonable to expect a surefire blockbuster revelation from any prognosticator or investment firm.

What to conclude, then? No matter what scenario plays out, we believe investors have the best chance for success if they stay focused on what they can control: their goals, asset allocation, and investment costs, along with the discipline to stick to a plan. As Tim Buckley, our chief investment officer, likes to say, this can be easy to say but harder to do, especially in times of uncertainty. Investors who can stay focused on those four keys will find themselves well-positioned to weather any market.

As always, thank you for investing with Vanguard.

Sincerely,

F. William McNabb III  
Chairman and Chief Executive Officer  
January 16, 2017

**IMPORTANT:** The projections and other information generated by the Vanguard Capital Markets Model regarding the likelihood of various investment outcomes are hypothetical in nature, do not reflect actual investment results, and are not guarantees of future results. VCMM results will vary with each use and over time.

The VCMM projections are based on a statistical analysis of historical data. Future returns may behave differently from the historical patterns captured in the VCMM. More important, the VCMM may be underestimating extreme negative scenarios unobserved in the historical period on which the model estimation is based.

The VCMM is a proprietary financial simulation tool developed and maintained by Vanguard's Investment Strategy Group. The model forecasts distributions of future returns for a wide array of broad asset classes. Those asset classes include U.S. and international equity markets, several maturities of the U.S. Treasury and corporate fixed income markets, international fixed income markets, U.S. money markets, commodities, and certain alternative investment strategies. The theoretical and empirical foundation for the Vanguard Capital Markets Model is that the returns of various asset classes reflect the compensation investors require for bearing different types of systematic risk (beta). At the core of the model are estimates of the dynamic statistical relationship between risk factors and asset returns, obtained from statistical analysis based on available monthly financial and economic data. Using a system of estimated equations, the model then applies a Monte Carlo simulation method to project the estimated interrelationships among risk factors and asset classes as well as uncertainty and randomness over time. The model generates a large set of simulated outcomes for each asset class over several time horizons. Forecasts are obtained by computing measures of central tendency in these simulations. Results produced by the tool will vary with each use and over time.

## Financial Statements

### Statement of Net Assets—Investments Summary

As of December 31, 2016

This Statement summarizes the fund's holdings by asset type. Details are reported for each of the fund's 50 largest individual holdings and for investments that, in total for any issuer, represent more than 1% of the fund's net assets. The total value of smaller holdings is reported as a single amount within each category.

The fund reports a complete list of its holdings in regulatory filings four times in each fiscal year, at the quarter-ends. For the second and fourth fiscal quarters, the complete listing of the fund's holdings is available electronically on vanguard.com and on the Securities and Exchange Commission's website (sec.gov), or you can have it mailed to you without charge by calling 800-662-7447. For the first and third fiscal quarters, the fund files the lists with the SEC on Form N-Q. Shareholders can look up the fund's Forms N-Q on the SEC's website. Forms N-Q may also be reviewed and copied at the SEC's Public Reference Room (see the back cover of this report for further information).

• See Note A in Notes to Financial Statements.

\* Non-income-producing security.

† Represents the aggregate value, by category, of securities that are not among the 50 largest holdings and, in total for any issuer, represent 1% or less of net assets.

1 "Other" represents securities that are not classified by the fund's benchmark index.

2 The fund invests a portion of its cash reserves in equity markets through the use of index futures contracts and swap contracts. After giving effect to futures and swap investments, the fund's effective common stock and temporary cash investment positions represent 100.0% and 0.2%, respectively, of net assets.

3 Affiliated money market fund available only to Vanguard funds and certain trusts and accounts managed by Vanguard. Rate shown is the 7-day yield.

4 Includes \$1,635,086,000 of collateral received for securities on loan.

5 Securities with a value of \$92,987,000 have been segregated as initial margin for open futures contracts.

6 Securities with a value of \$1,501,000 have been segregated as collateral for open over-the-counter swap contracts.

7 The total value of securities on loan is \$1,517,319,000.

CVR—Contingent Value Rights.

## Notes to Financial Statements

Vanguard Total Stock Market Index Fund is registered under the Investment Company Act of 1940 as an open-end investment company, or mutual fund. The fund offers six classes of shares: Investor Shares, ETF Shares, Admiral Shares, Institutional Shares, Institutional Plus Shares, and Institutional Select Shares. Investor Shares are available to any investor who meets the fund's minimum purchase requirements. ETF Shares are listed for trading on NYSE Arca; they can be purchased and sold through a broker. Admiral Shares, Institutional Shares, Institutional Plus Shares, and Institutional Select Shares are designed for investors who meet certain administrative, service, and account-size criteria. Institutional Select Shares were issued on June 27, 2016.

A. The following significant accounting policies conform to generally accepted accounting principles for U.S. investment companies. The fund consistently follows such policies in preparing its financial statements.

1. Security Valuation: Securities are valued as of the close of trading on the New York Stock Exchange (generally 4 p.m., Eastern time) on the valuation date. Equity securities are valued at the latest quoted sales prices or official closing prices taken from the primary market in which each security trades; such securities not traded on the valuation date are valued at the mean of the latest quoted bid and asked prices. Bonds and temporary cash investments are valued using the latest bid prices or using valuations based on a matrix system (which considers such factors as security prices, yields, maturities, and ratings), both as furnished by independent pricing services. Investments in Vanguard Market Liquidity Fund are valued at that fund's net asset value. Securities for which market quotations are not readily available, or whose values have been materially affected by events occurring before the fund's pricing time but after the close of the securities' primary markets, are valued by methods deemed by the board of trustees to represent fair value.

2. Futures Contracts: The fund uses index futures contracts to a limited extent, with the objectives of maintaining full exposure to the stock market, enhancing returns, maintaining liquidity, and minimizing transaction costs. The fund may purchase futures contracts to immediately invest incoming cash in the market, or sell futures in response to cash outflows, thereby simulating a fully invested position in the underlying index while maintaining a cash balance for liquidity. The fund may seek to enhance returns by using futures contracts instead of the underlying securities when futures are believed to be priced more attractively than the underlying securities. The primary risks associated with the use of futures contracts are imperfect correlation between changes in market values of stocks held by the fund and the prices of futures contracts, and the possibility of an illiquid market. Counterparty risk involving futures is mitigated because a regulated clearinghouse is the counterparty instead of the clearing broker. To further mitigate counterparty risk, the fund trades futures contracts on an exchange, monitors the financial strength of its clearing brokers and clearinghouse, and has entered into clearing agreements with its clearing brokers. The clearinghouse imposes initial margin requirements to secure the fund's performance and requires daily settlement of variation margin representing changes in the market value of each contract.

Futures contracts are valued at their quoted daily settlement prices. The aggregate settlement values of the contracts are not recorded in the Statement of Net Assets. Fluctuations in the value of the contracts are recorded in the Statement of Net Assets as an asset (liability) and in the Statement of Operations as unrealized appreciation (depreciation) until the contracts are closed, when they are recorded as realized futures gains (losses).

During the year ended December 31, 2016, the fund's average investments in long and short futures contracts represented less than 1% and 0% of net assets, respectively, based on the average of aggregate settlement values at each quarter-end during the period.

**3. Swap Contracts:** The fund has entered into equity swap contracts to earn the total return on selected reference stocks in the fund's target index. Under the terms of the swaps, the fund receives the total return on the referenced stock (i.e., receiving the increase or paying the decrease in value of the selected reference stock and receiving the equivalent of any dividends in respect of the selected referenced stock) over a specified period of time, applied to a notional amount that represents the value of a designated number of shares of the selected reference stock at the beginning of the equity swap contract. The fund also pays a floating rate that is based on short-term interest rates, applied to the notional amount. At the same time, the fund invests an amount approximating the notional amount of the swap in high-quality temporary cash investments.

The notional amounts of swap contracts are not recorded in the Statement of Net Assets. Swaps are valued daily based on market quotations received from independent pricing services or recognized dealers and the change in value is recorded in the Statement of Net Assets as an asset (liability) and in the Statement of Operations as unrealized appreciation (depreciation) until termination of the swap, at which time realized gain (loss) is recorded. A risk associated with all types of swaps is the possibility that a counterparty may default on its obligation to pay net amounts due to the fund. The fund's maximum amount subject to counterparty risk is the unrealized appreciation on the swap contract. The fund mitigates its counterparty risk by entering into swaps only with a diverse group of prequalified counterparties, monitoring their financial strength, entering into master netting arrangements with its counterparties, and requiring its counterparties to transfer collateral as security for their performance. In the absence of a default, the collateral pledged or received by the fund cannot be repledged, resold or rehypothecated. In the event of a counterparty's default (including bankruptcy), the fund may terminate any swap contracts with that counterparty, determine the net amount owed by either party in accordance with its master netting arrangements, and sell or retain any collateral held up to the net amount owed to the fund under the master netting arrangements. The swap contracts contain provisions whereby a counterparty may terminate open contracts if the fund net assets decline below a certain level, triggering a payment by the fund if the fund is in a net liability position at the time of the termination. The payment amount would be reduced by any collateral the fund has pledged. Any securities pledged as collateral for open contracts are noted in the Statement of Net Assets. The value of collateral received or pledged is compared daily to the value of the swap contracts exposure with each counterparty, and any difference, if in excess of a specified minimum transfer amount, is adjusted and settled within two business days.

During the year ended December 31, 2016, the fund's average amounts of investments in total return swaps represented less than 1% of net assets, based on the average of notional amounts at each quarter-end during the period.

**4. Federal Income Taxes:** The fund intends to continue to qualify as a regulated investment company and distribute all of its taxable income. Management has analyzed the fund's tax positions taken for all open federal income tax years (December 31, 2013–2016), and has concluded that no provision for federal income tax is required in the fund's financial statements.

5. Distributions: Distributions to shareholders are recorded on the ex-dividend date.
6. Securities Lending: To earn additional income, the fund lends its securities to qualified institutional borrowers. Security loans are subject to termination by the fund at any time, and are required to be secured at all times by collateral in an amount at least equal to the market value of securities loaned. Daily market fluctuations could cause the value of loaned securities to be more or less than the value of the collateral received. When this occurs, the collateral is adjusted and settled on the next business day. The fund further mitigates its counterparty risk by entering into securities lending transactions only with a diverse group of prequalified counterparties, monitoring their financial strength, and entering into master securities lending agreements with its counterparties. The master securities lending agreements provide that, in the event of a counterparty's default (including bankruptcy), the fund may terminate any loans with that borrower, determine the net amount owed, and sell or retain the collateral up to the net amount owed to the fund; however, such actions may be subject to legal proceedings. While collateral mitigates counterparty risk, in the absence of a default the fund may experience delays and costs in recovering the securities loaned. The fund invests cash collateral received in Vanguard Market Liquidity Fund, and records a liability in the Statement of Net Assets for the return of the collateral, during the period the securities are on loan. Securities lending income represents fees charged to borrowers plus income earned on invested cash collateral, less expenses associated with the loan. During the term of the loan, the fund is entitled to all distributions made on or in respect of the loaned securities.
7. Credit Facility: The fund and certain other funds managed by The Vanguard Group ("Vanguard") participate in a \$3.1 billion committed credit facility provided by a syndicate of lenders pursuant to a credit agreement that may be renewed annually; each fund is individually liable for its borrowings, if any, under the credit facility. Borrowings may be utilized for temporary and emergency purposes, and are subject to the fund's regulatory and contractual borrowing restrictions. The participating funds are charged administrative fees and an annual commitment fee of 0.10% of the undrawn amount of the facility; these fees are allocated to the funds based on a method approved by the fund's board of trustees and included in Management and Administrative expenses on the fund's Statement of Operations. Any borrowings under this facility bear interest at a rate based upon the higher of the one-month London Interbank Offered Rate, federal funds effective rate, or overnight bank funding rate plus an agreed-upon spread.
8. Other: Dividend income is recorded on the ex-dividend date. Interest income includes income distributions received from Vanguard Market Liquidity Fund and is accrued daily. Premiums and discounts on debt securities purchased are amortized and accreted, respectively, to interest income over the lives of the respective securities. Security transactions are accounted for on the date securities are bought or sold. Costs used to determine realized gains (losses) on the sale of investment securities are those of the specific securities sold.

Each class of shares has equal rights as to assets and earnings, except that each class separately bears certain class-specific expenses related to maintenance of shareholder accounts (included in Management and Administrative expenses) and shareholder reporting. Marketing and distribution expenses are allocated to each class of shares based on a method approved by the board of trustees. Income, other non-class-specific expenses, and gains and losses on investments are allocated to each class of shares based on its relative net assets.

**B.** In accordance with the terms of a Funds' Service Agreement (the "FSA") between Vanguard and the fund, Vanguard furnishes to the fund investment advisory, corporate management, administrative, marketing, and distribution services at Vanguard's cost of operations (as defined by the FSA). These costs of operations are allocated to the fund based on methods and guidelines approved by the board of trustees. Vanguard does not require reimbursement in the current period for certain costs of operations (such as deferred compensation/benefits and risk/insurance costs); the fund's liability for these costs of operations is included in Payables to Vanguard on the Statement of Net Assets.

Upon the request of Vanguard, the fund may invest up to 0.40% of its net assets as capital in Vanguard. At December 31, 2016, the fund had contributed to Vanguard capital in the amount of \$36,779,000, representing 0.01% of the fund's net assets and 14.71% of Vanguard's capitalization. The fund's trustees and officers are also directors and employees, respectively, of Vanguard.

**C.** Various inputs may be used to determine the value of the fund's investments. These inputs are summarized in three broad levels for financial statement purposes. The inputs or methodologies used to value securities are not necessarily an indication of the risk associated with investing in those securities.

**Level 1**—Quoted prices in active markets for identical securities.

**Level 2**—Other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).

**Level 3**—Significant unobservable inputs (including the fund's own assumptions used to determine the fair value of investments).

The following table summarizes the market value of the fund's investments as of December 31, 2016, based on the inputs used to value them:

Investments	Level 1 (\$000)	Level 2 (\$000)	Level 3 (\$000)
Common Stocks	496,134,014	59	13,335
Convertible Bonds	—	424	—
Temporary Cash Investments	3,296,445	101,495	—
Futures Contracts—Liabilities <sup>1</sup>	(8,626)	—	—
Swap Contracts—Assets	—	761	—
Swap Contracts—Liabilities	—	(1,260)	—
Total	499,421,833	101,479	13,335

<sup>1</sup> Represents variation margin on the last day of the reporting period.

D. At December 31, 2016, the aggregate settlement value of open futures contracts and the related unrealized appreciation (depreciation) were:

Futures Contracts	Expiration	Number of Long (Short) Contracts	Aggregate Settlement Value Long (Short)	Unrealized Appreciation (Depreciation) (\$000)
E-mini S&P 500 Index	March 2017	18,689	2,089,617	(16,572)
E-mini Russell 2000 Index	March 2017	1,914	129,855	(2,825)
E-mini S&P Mid-Cap 400 Index	March 2017	240	39,818	(761)
				(20,158)

Unrealized appreciation (depreciation) on open futures contracts is required to be treated as realized gain (loss) for tax purposes.

At December 31, 2016, the fund had the following open total return swap contracts:

Reference Entity	Termination Date	Counterparty	Notional Amount (\$000)	Floating Interest Rate Received (Paid)	Unrealized Appreciation (Depreciation) (\$000)
Ambac Financial Group Inc.	1/6/17	GSCM	10,501	(1.054%)	(1,260)
SLM Corp.	2/21/17	GSI	36,200	(1.149%)	761
					(499)

GSCM—Goldman Sachs Capital Management.

GSI—Goldman Sachs International.

At December 31, 2016, the counterparty had deposited in segregated accounts securities with a value of \$615,000 in connection with amounts due to the fund for open swap contracts.

E. Distributions are determined on a tax basis and may differ from net investment income and realized capital gains for financial reporting purposes. Differences may be permanent or temporary. Permanent differences are reclassified among capital accounts in the financial statements to reflect their tax character. Temporary differences arise when certain items of income, expense, gain, or loss are recognized in different periods for financial statement and tax purposes. These differences will reverse at some time in the future. Differences in classification may also result from the treatment of short-term gains as ordinary income for tax purposes.

During the year ended December 31, 2016, the fund realized \$3,628,320,000 of net capital gains resulting from in-kind redemptions—in which shareholders exchanged fund shares for securities held by the fund rather than for cash. Because such gains are not taxable to the fund, and are not distributed to shareholders, they have been reclassified from accumulated net realized losses to paid-in capital.

Realized and unrealized gains (losses) on certain of the fund's swap contracts are treated as ordinary income (loss) for tax purposes. Realized gains of \$20,576,000 on swap contracts have been reclassified from accumulated net realized losses to overdistributed net investment income.

For tax purposes, at December 31, 2016, the fund had \$127,295,000 of ordinary income available for distribution. The fund used capital loss carryforwards of \$318,876,000 to offset taxable capital gains realized during the year ended December 31, 2016. Capital loss carryforwards of \$488,298,000 expired on December 31, 2016; accordingly, such losses have been reclassified from accumulated net realized losses to paid-in capital. The fund realized losses of \$463,562,000 during the period from November 1, 2016, through December 31, 2016, which are deferred and will be treated as realized for tax purposes in fiscal 2017. The fund will use these capital losses to offset net taxable capital gains, if any, realized during the year ending December 31, 2017.

At December 31, 2016, the cost of investment securities for tax purposes was \$344,735,592,000. Net unrealized appreciation of investment securities for tax purposes was \$154,810,180,000, consisting of unrealized gains of \$166,042,941,000 on securities that had risen in value since their purchase and \$11,232,761,000 in unrealized losses on securities that had fallen in value since their purchase.

**F.** During the year ended December 31, 2016, the fund purchased \$76,882,731,000 of investment securities and sold \$24,431,366,000 of investment securities, other than temporary cash investments. Purchases and sales include \$20,773,929,000 and \$6,379,309,000, respectively, in connection with in-kind purchases and redemptions of the fund's capital shares.

**G.** Capital share transactions for each class of shares were:

	Year Ended December 31,			
	2016		2015	
	Amount (\$000)	Shares (000)	Amount (\$000)	Shares (000)

1 Inception was April 28, 2015, for Institutional Plus Shares.

2 Inception was June 27, 2016, for Institutional Select Shares.

H. Management has determined that no material events or transactions occurred subsequent to December 31, 2016, that would require recognition or disclosure in these financial statements.

# **Report of Independent Registered Public Accounting Firm**

To the Board of Trustees of Vanguard Index Funds and the Shareholders of Vanguard Total Stock Market Index Fund:

In our opinion, the accompanying statement of net assets—investments summary and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of Vanguard Total Stock Market Index Fund (constituting a separate portfolio of Vanguard Index Funds, hereafter referred to as the “Fund”) at December 31, 2016, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the periods indicated, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as “financial statements”) are the responsibility of the Fund’s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at December 31, 2016 by correspondence with the custodian and brokers and by agreement to the underlying ownership records of the transfer agent, provide a reasonable basis for our opinion.

## **Special 2016 tax information (unaudited) for Vanguard Total Stock Market Index Fund**

This information for the fiscal year ended December 31, 2016, is included pursuant to provisions of the Internal Revenue Code.

The fund distributed \$8,437,234,000 of qualified dividend income to shareholders during the fiscal year.

For corporate shareholders, 87.7% of investment income (dividend income plus short-term gains, if any) qualifies for the dividends-received deduction.

## Your Fund's After-Tax Returns

This table presents returns for your fund both before and after taxes. The after-tax returns are shown in two ways: (1) assuming that an investor owned the fund during the entire period and paid taxes on the fund's distributions, and (2) assuming that an investor paid taxes on the fund's distributions and sold all shares at the end of each period.

Calculations are based on the highest individual federal income tax and capital gains tax rates in effect at the times of the distributions and the hypothetical sales. State and local taxes were not considered. After-tax returns reflect any qualified dividend income. (In the example, returns after the sale of fund shares may be higher than those assuming no sale. This occurs when the sale would have produced a capital loss. The calculation assumes that the investor received a tax deduction for the loss.)

The table shows returns for Investor Shares only; returns for other share classes will differ. Please note that your actual after-tax returns will depend on your tax situation and may differ from those shown. Also note that if you own the fund in a tax-deferred account, such as an individual retirement account or a 401(k) plan, this information does not apply to you. Such accounts are not subject to current taxes.

Finally, keep in mind that a fund's performance—whether before or after taxes—does not guarantee future results.

### Average Annual Total Returns: Total Stock Market Index Fund Investor Shares

Periods Ended December 31, 2016

	One Year	Five Years	Ten Years
Returns Before Taxes	12.53%	14.49%	7.11%
Returns After Taxes on Distributions	11.99	14.01	6.73
Returns After Taxes on Distributions and Sale of Fund Shares	7.45	11.61	5.72

## About Your Fund's Expenses

As a shareholder of the fund, you incur ongoing costs, which include costs for portfolio management, administrative services, and shareholder reports (like this one), among others. Operating expenses, which are deducted from a fund's gross income, directly reduce the investment return of the fund.

A fund's expenses are expressed as a percentage of its average net assets. This figure is known as the expense ratio. The following examples are intended to help you understand the ongoing costs (in dollars) of investing in your fund and to compare these costs with those of other mutual funds. The examples are based on an investment of \$1,000 made at the beginning of the period shown and held for the entire period.

The accompanying table illustrates your fund's costs in two ways:

- **Based on actual fund return.** This section helps you to estimate the actual expenses that you paid over the period. The "Ending Account Value" shown is derived from the fund's actual return, and the third column shows the dollar amount that would have been paid by an investor who started with \$1,000 in the fund. You may use the information here, together with the amount you invested, to estimate the expenses that you paid over the period.

To do so, simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by  $\$1,000 = 8.6$ ), then multiply the result by the number given for your fund under the heading "Expenses Paid During Period."

- **Based on hypothetical 5% yearly return.** This section is intended to help you compare your fund's costs with those of other mutual funds. It assumes that the fund had a yearly return of 5% before expenses, but that the expense ratio is unchanged. In this case—because the return used is not the fund's actual return—the results do not apply to your investment. The example is useful in making comparisons because the Securities and Exchange Commission requires all mutual funds to calculate expenses based on a 5% return. You can assess your fund's costs by comparing this hypothetical example with the hypothetical examples that appear in shareholder reports of other funds.

Note that the expenses shown in the table are meant to highlight and help you compare *ongoing* costs only and do not reflect transaction costs incurred by the fund for buying and selling securities. Further, the expenses do not include any purchase, redemption, or account service fees described in the fund prospectus. If such fees were applied to your account, your costs would be higher. Your fund does not carry a "sales load."

The calculations assume no shares were bought or sold during the period. Your actual costs may have been higher or lower, depending on the amount of your investment and the timing of any purchases or redemptions.

You can find more information about the fund's expenses, including annual expense ratios, in the Financial Statements section of this report. For additional information on operating expenses and other shareholder costs, please refer to your fund's current prospectus.

**Six Months Ended December 31, 2016**

Total Stock Market Index Fund	Beginning Account Value 6/30/2016	Ending Account Value 12/31/2016	Expenses Paid During Period
<b>Based on Actual Fund Return</b>			
Investor Shares	\$1,000.00	\$1,086.38	\$0.79
ETF Shares	1,000.00	1,087.16	0.21
Admiral Shares	1,000.00	1,086.93	0.21
Institutional Shares	1,000.00	1,087.16	0.16
Institutional Plus Shares	1,000.00	1,087.11	0.10
Institutional Select Shares	1,000.00	1,087.15	0.05
<b>Based on Hypothetical 5% Yearly Return</b>			
Investor Shares	\$1,000.00	\$1,024.38	\$0.76
ETF Shares	1,000.00	1,024.94	0.20
Admiral Shares	1,000.00	1,024.94	0.20
Institutional Shares	1,000.00	1,024.99	0.15
Institutional Plus Shares	1,000.00	1,025.04	0.10
Institutional Select Shares	1,000.00	1,025.09	0.05

The calculations are based on expenses incurred in the most recent six-month period. The fund's annualized six-month expense ratios for that period are 0.15% for Investor Shares, 0.04% for ETF Shares, 0.04% for Admiral Shares, 0.03% for Institutional Shares, 0.02% for Institutional Plus Shares, and 0.01% for Institutional Select Shares. The dollar amounts shown as "Expenses Paid" are equal to the annualized expense ratio multiplied by the average account value over the period, multiplied by the number of days in the most recent six-month period, then divided by the number of days in the most recent 12-month period (184/366).

# Glossary

**30-Day SEC Yield.** A fund's 30-day SEC yield is derived using a formula specified by the U.S. Securities and Exchange Commission. Under the formula, data related to the fund's security holdings in the previous 30 days are used to calculate the fund's hypothetical net income for that period, which is then annualized and divided by the fund's estimated average net assets over the calculation period. For the purposes of this calculation, a security's income is based on its current market yield to maturity (for bonds), its actual income (for asset-backed securities), or its projected dividend yield (for stocks). Because the SEC yield represents hypothetical annualized income, it will differ—at times significantly—from the fund's actual experience. As a result, the fund's income distributions may be higher or lower than implied by the SEC yield.

**Beta.** A measure of the magnitude of a fund's past share-price fluctuations in relation to the ups and downs of a given market index. The index is assigned a beta of 1.00. Compared with a given index, a fund with a beta of 1.20 typically would have seen its share price rise or fall by 12% when the index rose or fell by 10%. For this report, beta is based on returns over the past 36 months for both the fund and the index. Note that a fund's beta should be reviewed in conjunction with its R-squared (see definition). The lower the R-squared, the less correlation there is between the fund and the index, and the less reliable beta is as an indicator of volatility.

**Dividend Yield.** Dividend income earned by stocks, expressed as a percentage of the aggregate market value (or of net asset value, for a fund). The yield is determined by dividing the amount of the annual dividends by the aggregate value (or net asset value) at the end of the period. For a fund, the dividend yield is based solely on stock holdings and does not include any income produced by other investments.

**Earnings Growth Rate.** The average annual rate of growth in earnings over the past five years for the stocks now in a fund.

**Equity Exposure.** A measure that reflects a fund's investments in stocks and stock futures. Any holdings in short-term reserves are excluded.

**Expense Ratio.** A fund's total annual operating expenses expressed as a percentage of the fund's average net assets. The expense ratio includes management and administrative expenses, but does not include the transaction costs of buying and selling portfolio securities.

**Foreign Holdings.** The percentage of a fund represented by securities or depositary receipts of companies based outside the United States.

**Inception Date.** The date on which the assets of a fund (or one of its share classes) are first invested in accordance with the fund's investment objective. For funds with a subscription period, the inception date is the day after that period ends. Investment performance is measured from the inception date.

**Median Market Cap.** An indicator of the size of companies in which a fund invests; the midpoint of market capitalization (market price x shares outstanding) of a fund's stocks, weighted by the proportion of the fund's assets invested in each stock. Stocks representing half of the fund's assets have market capitalizations above the median, and the rest are below it.

**Price/Book Ratio.** The share price of a stock divided by its net worth, or book value, per share. For a fund, the weighted average price/book ratio of the stocks it holds.

**Price/Earnings Ratio.** The ratio of a stock's current price to its per-share earnings over the past year. For a fund, the weighted average P/E of the stocks it holds. P/E is an indicator of market expectations about corporate prospects; the higher the P/E, the greater the expectations for a company's future growth.

**R-Squared.** A measure of how much of a fund's past returns can be explained by the returns from the market in general, as measured by a given index. If a fund's total returns were precisely synchronized with an index's returns, its R-squared would be 1.00. If the fund's returns bore no relationship to the index's returns, its R-squared would be 0. For this report, R-squared is based on returns over the past 36 months for both the fund and the index.

**Return on Equity.** The annual average rate of return generated by a company during the past five years for each dollar of shareholder's equity (net income divided by shareholder's equity). For a fund, the weighted average return on equity for the companies whose stocks it holds.

**Short-Term Reserves.** The percentage of a fund invested in highly liquid, short-term securities that can be readily converted to cash.

**Turnover Rate.** An indication of the fund's trading activity. Funds with high turnover rates incur higher transaction costs and may be more likely to distribute capital gains (which may be taxable to investors). The turnover rate excludes in-kind transactions, which have minimal impact on costs.

## Benchmark Information

**Spliced Total Stock Market Index:** Dow Jones U.S. Total Stock Market Index (formerly known as the Dow Jones Wilshire 5000 Index) through April 22, 2005; MSCI US Broad Market Index through June 2, 2013; and CRSP US Total Market Index thereafter.

# The People Who Govern Your Fund

The trustees of your mutual fund are there to see that the fund is operated and managed in your best interests since, as a shareholder, you are a part owner of the fund. Your fund's trustees also serve on the board of directors of The Vanguard Group, Inc., which is owned by the Vanguard funds and provides services to them on an at-cost basis.

A majority of Vanguard's board members are independent, meaning that they have no affiliation with Vanguard or the funds they oversee, apart from the sizable personal investments they have made as private individuals. The independent board members have distinguished backgrounds in business, academia, and public service. Each of the trustees and executive officers oversees 198 Vanguard funds.

The following table provides information for each trustee and executive officer of the fund. The mailing address of the trustees and officers is P.O. Box 876, Valley Forge, PA 19482. More information about the trustees is in the *Statement of Additional Information*, which can be obtained, without charge, by contacting Vanguard at 800-662-7447, or online at vanguard.com.

## Interested Trustee<sup>1</sup>

### F. William McNabb III

Born 1957. Trustee Since July 2009. Chairman of the Board. Principal Occupation(s) During the Past Five Years and Other Experience: Chairman of the Board of The Vanguard Group, Inc., and of each of the investment companies served by The Vanguard Group, since January 2010; Director of The Vanguard Group since 2008; Chief Executive Officer and President of The Vanguard Group, and of each of the investment companies served by The Vanguard Group, since 2008; Director of Vanguard Marketing Corporation; Managing Director of The Vanguard Group (1995–2008).

Q850 022017

**Item 2:** Code of Ethics. The Registrant has adopted a code of ethics that applies to the Registrant's principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions. The Code of Ethics was amended during the reporting period covered by this report to make certain technical, non-material changes.

**Item 3:** Audit Committee Financial Expert. All members of the Audit Committee have been determined by the Registrant's Board of Trustees to be Audit Committee Financial Experts and to be independent: Rajiv L. Gupta, JoAnn Heffernan Heisen, F. Joseph Loughrey, Mark Loughridge, and Peter F. Volanakis.

**Item 4:** Principal Accountant Fees and Services.

(a) Audit Fees.

Audit Fees of the Registrant

Fiscal Year Ended December 31, 2016: \$505,000

Fiscal Year Ended December 31, 2015: \$484,000

Aggregate Audit Fees of Registered Investment Companies in the Vanguard Group.

Fiscal Year Ended December 31, 2016: \$9,629,849

Fiscal Year Ended December 31, 2015: \$7,000,200

Includes fees billed in connection with audits of the Registrant, other registered investment companies in the Vanguard complex, The Vanguard Group, Inc. and Vanguard Marketing Corporation.

(b) Audit-Related Fees.

Fiscal Year Ended December 31, 2016: \$2,717,627

Fiscal Year Ended December 31, 2015: \$2,899,096

Includes fees billed in connection with assurance and related services provided to the Registrant, other registered investment companies in the Vanguard complex, The Vanguard Group, Inc., and Vanguard Marketing Corporation.

(c) Tax Fees.

Fiscal Year Ended December 31, 2016: \$254,050

Fiscal Year Ended December 31, 2015: \$353,389

Includes fees billed in connection with tax compliance, planning, and advice services provided to the Registrant, other registered investment companies in the Vanguard complex, The Vanguard Group, Inc., and Vanguard Marketing Corporation.

(d) All Other Fees.

Fiscal Year Ended December 31, 2016: \$214,225

Fiscal Year Ended December 31, 2015: \$202,313

Includes fees billed for services related to tax reported information provided to the Registrant, other registered investment companies in the Vanguard complex, The Vanguard Group, Inc., and Vanguard Marketing Corporation.

(e) (1) Pre-Approval Policies. The policy of the Registrant's Audit Committee is to consider and, if appropriate, approve before the principal accountant is engaged for such services, all specific audit and non-audit services provided to: the Registrant, other registered investment companies in the Vanguard complex, The Vanguard Group, Inc., and entities controlled by The Vanguard Group, Inc. that provide ongoing services to the Registrant. In making a determination, the Audit Committee considers whether the services are consistent with maintaining the principal accountant's independence.

In the event of a contingency situation in which the principal accountant is needed to provide services in between scheduled Audit Committee meetings, the Chairman of the Audit Committee would be called on to consider and, if appropriate, pre-approve audit or permitted non-audit services in an amount sufficient to complete services through the next Audit Committee meeting, and to determine if such services would be consistent with maintaining the accountant's independence. At the next scheduled Audit Committee meeting, services and fees would be presented to the Audit Committee for formal consideration, and, if appropriate, approval by the entire Audit Committee. The Audit Committee would again consider whether such services and fees are consistent with maintaining the principal accountant's independence.

The Registrant's Audit Committee is informed at least annually of all audit and non-audit services provided by the principal accountant to the Vanguard complex, whether such services are provided to: the Registrant, other registered investment companies in the Vanguard complex, The Vanguard Group, Inc., or other entities controlled by The Vanguard Group, Inc. that provide ongoing services to the Registrant.

(2) No percentage of the principal accountant's fees or services were approved pursuant to the waiver provision of paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X.

(f) For the most recent fiscal year, over 50% of the hours worked under the principal accountant's engagement were not performed by persons other than full-time, permanent employees of the principal accountant.

(g) Aggregate Non-Audit Fees.

Fiscal Year Ended December 31, 2016: \$468,275

Fiscal Year Ended December 31, 2015: \$555,702

Includes fees billed for non-audit services provided to the Registrant, other registered investment companies in the Vanguard complex, The Vanguard Group, Inc., and Vanguard Marketing Corporation.

(h) For the most recent fiscal year, the Audit Committee has determined that the provision of all non-audit services was consistent with maintaining the principal accountant's independence.

**Item 5:** Audit Committee of Listed Registrants.

The Registrant is a listed issuer as defined in rule 10A-3 under the Securities Exchange Act of 1934 ("Exchange Act"). The Registrant has a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Registrant's audit committee members are: Rajiv L. Gupta, JoAnn Heffernan Heisen, F. Joseph Loughrey, Mark Loughridge, and Peter F. Volanakis.

\* Non-income-producing security.

^ Includes partial security positions on loan to broker-dealers. The total value of securities on loan is \$689,588,000.

1 The fund invests a portion of its cash reserves in equity markets through the use of index futures contracts and swap contracts. After giving effect to futures and swap investments, the fund's effective common stock and temporary cash investment positions represent 100.1% and 1.1%, respectively, of net assets.

2 "Other" represents securities that are not classified by the fund's benchmark index.

3 Affiliated money market fund available only to Vanguard funds and certain trusts and accounts managed by Vanguard. Rate shown is the 7-day yield.

4 Includes \$734,518,000 of collateral received for securities on loan.

5 Securities with a value of \$15,290,000 and cash of \$1,823,000 have been segregated as initial margin for recently closed futures contracts.

6 Securities with a value of 1,572,000 have been segregated as collateral for open over-the-counter swap contracts.

CVR—Contingent Value Rights.

REIT—Real Estate Investment Trust.

\* Non-income-producing security.

^ Includes partial security positions on loan to broker-dealers. The total value of securities on loan is \$237,110,000.

1 The fund invests a portion of its cash reserves in equity markets through the use of index futures contracts. After giving effect to futures investments, the fund's effective common stock and temporary cash investment positions represent 100.0% and 1.7%, respectively, of net assets.

2 "Other" represents securities that are not classified by the fund's benchmark index.

3 Affiliated money market fund available only to Vanguard funds and certain trusts and accounts managed by Vanguard. Rate shown is the 7-day yield.

4 Includes \$253,746,000 of collateral received for securities on loan.

5 Securities with a value of \$2,338,000 have been segregated as initial margin for open futures contracts.

CVR—Contingent Value Rights.

REIT—Real Estate Investment Trust.

\* Non-income-producing security.

^ Includes partial security positions on loan to broker-dealers. The total value of securities on loan is \$137,393,000.

1 The fund invests a portion of its cash reserves in equity markets through the use of index futures contracts and swap contracts. After giving effect to futures and swap investments, the fund's effective common stock and temporary cash investment positions represent 100.2% and 0.7%, respectively, of net assets.

2 "Other" represents securities that are not classified by the fund's benchmark index.

3 Affiliated money market fund available only to Vanguard funds and certain trusts and accounts managed by Vanguard. Rate shown is the 7-day yield.

4 Includes \$143,700,000 of collateral received for securities on loan.

5 Securities with a value of \$4,168,000 have been segregated as initial margin for open futures contracts.

<b>Net Assets (100%)</b>					<b>51,549,471</b>

<sup>1</sup> Includes partial security positions on loan to broker-dealers. The total value of securities on loan is \$607,029,000.

<sup>\*</sup> Non-income-producing security.

<sup>1</sup> The fund invests a portion of its cash reserves in equity markets through the use of index futures contracts and swap contracts. After giving effect to futures and swap investments, the fund's effective common stock and temporary cash investment positions represent 100.0% and 1.3%, respectively, of net assets.

<sup>2</sup> "Other" represents securities that are not classified by the fund's benchmark index.

<sup>3</sup> Affiliated money market fund available only to Vanguard funds and certain trusts and accounts managed by Vanguard. Rate shown is the 7-day yield.

<sup>4</sup> Includes \$662,703,000 of collateral received for securities on loan.

<sup>5</sup> Securities with a value of \$6,425,000 have been segregated as initial margin for open futures contracts.

<sup>6</sup> Securities with a value of \$797,000 have been segregated as collateral for open over-the-counter swap contracts.

\* Non-income-producing security.

^ Includes partial security positions on loan to broker-dealers. The total value of securities on loan is \$1,517,319,000.

1 The fund invests a portion of its cash reserves in equity markets through the use of index futures contracts and swap contracts. After giving effect to futures and swap investments, the fund's effective common stock and temporary cash investment positions represent 100.0% and 0.2%, respectively, of net assets.

2 "Other" represents securities that are not classified by the fund's benchmark index.

3 Affiliated money market fund available only to Vanguard funds and certain trusts and accounts managed by Vanguard. Rate shown is the 7-day yield.

4 Includes \$1,635,086,000 of collateral received for securities on loan.

5 Securities with a value of \$92,987,000 have been segregated as initial margin for open futures contracts.

6 Securities with a value of \$1,501,000 have been segregated as collateral for open over-the-counter swap contracts.

### **Report of Independent Registered Public Accounting Firm**

To the Board of Trustees of Vanguard Index Funds and the Shareholders of Vanguard Small-Cap Index Fund, Vanguard Small-Cap Growth Index Fund and Vanguard Small-Cap Value Index Fund:

In our opinion, the accompanying statements of net assets—investments summary and the related statements of operations and of changes in net assets and the financial highlights (included in Item 1 of this Form N-CSR) and the schedules of investments (included in Item 6 of this Form N-CSR) present fairly, in all material respects, the financial position of Vanguard Small-Cap Index Fund, Vanguard Small-Cap Growth Index Fund and Vanguard Small-Cap Value Index Fund (constituting separate portfolios of Vanguard Index Funds, hereafter referred to as the "Funds") at December 31, 2016, the results of each of their operations for the year then ended, the changes in each of their net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements, financial highlights, and schedules of investments (hereafter referred to as "financial statements") are the responsibility of the Funds' management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at December 31, 2016 by correspondence with the custodians and brokers and by agreement to the underlying ownership records of the transfer agent, provide a reasonable basis for our opinion.

## **CERTIFICATIONS**

I, F. William McNabb III, certify that:

1. I have reviewed this report on Form N-CSR of Vanguard Index Funds;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations, changes in net assets, and cash flows (if the financial statements are required to include a statement of cash flows) of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940) and internal control over financial reporting (as defined in Rule 30a-3(d) under the Investment Company Act of 1940) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of a date within 90 days prior to the filing date of this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize, and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**THE VANGUARD FUNDS'  
CODE OF ETHICS  
FOR  
SENIOR EXECUTIVE AND FINANCIAL OFFICERS**

**I. Introduction**

The Board of Trustees of each registered investment company that is managed, sponsored, and distributed by The Vanguard Group, Inc. (“VGI”) (each a “Vanguard Fund” and collectively the “Vanguard Funds”) has adopted this code of ethics (the “Code”) as required by Section 406 of the Sarbanes-Oxley Act. The Code applies to the individuals in positions listed on Exhibit A (the “Covered Officers”). All Covered Officers, along with employees of The Vanguard Group, Inc., are subject to separate and distinct obligations from this Code under a Code of Ethics adopted pursuant to Rule 17j-1 under the Investment Company Act of 1940 (“17j-1 Code of Ethics”), policies to prevent the misuse of non-public information, and other internal compliance guidelines and policies that may be in effect from time to time.

This Code is designed to promote:

- Honest and ethical conduct, including the ethical handling of conflicts of interest;
- Full, fair, accurate, timely, and understandable disclosure in reports and documents that a Vanguard Fund files with, or submits to, the U.S. Securities and Exchange Commission (“SEC”), and in other public communications made by the Vanguard Funds or VGI;
- Compliance with applicable laws, governmental rules, and regulations;
- Prompt internal reporting to those identified in the Code of violations of the Code; and
- Accountability for adherence to the Code.

**II. Actual or Apparent Conflicts of Interest**

- A. Covered Officers should conduct all activities in accordance with the following principles:
1. Clients' interests come first. In the course of fulfilling their duties and responsibilities to Vanguard clients, Covered Officers must at all times place the interests of Vanguard clients first. In particular, Covered Officers must avoid serving their own personal interests ahead of the interests of Vanguard clients.
  2. Conflicts of interest must be avoided. Covered Officers must avoid any situation involving an actual or potential conflict of interest or possible impropriety with respect to their duties and responsibilities to Vanguard clients. Covered Officers must disclose any situation that may present the potential for a conflict of interest to Vanguard’s Compliance Department, consistent with the 17j-1 Code of Ethics.

III.14b.1

3. Compromising situations must be avoided. Covered Officers must not take advantage of their position of trust and responsibility. Covered Officers must avoid any situation that might compromise or call into question their exercise of full independent judgment in the best interests of Vanguard clients.

All activities of Covered Officers should be guided by and adhere to these fiduciary standards regardless of whether the activity is specifically described in this Code.

#### B. Restricted Activities

1. Prohibition on secondary employment. Covered Officers are prohibited from accepting or serving in any form of secondary employment. Secondary employment that does not create a potential conflict of interest may be approved by the General Counsel of VGI.
2. Prohibition on service as director or public official. Unless approved by the General Counsel of VGI, Covered Officers are prohibited from serving on the board of directors of any publicly traded company or in an official capacity for any federal, state, or local government (or governmental agency or instrumentality).
3. Prohibition on misuse of Vanguard time or property. Covered Officers are prohibited from making use of time, equipment, services, personnel or property of any Vanguard entity for any purposes other than the performance of their duties and responsibilities in connection with the Vanguard Funds or other Vanguard-related entities.

### III. Disclosure and Compliance

- A. Each Covered Officer should be familiar with the disclosure requirements generally applicable to the Vanguard Funds.
- B. Each Covered Officer should not knowingly misrepresent, or cause others to misrepresent, facts about the Vanguard Funds to others, including to the Vanguard Funds' directors and auditors, or to government regulators and self-regulatory organizations.
- C. Each Covered Officer should, to the extent appropriate within the Covered Officer's area of responsibility, consult with other officers and employees of VGI and advisers to a Vanguard Fund with the goal of promoting full, fair, accurate, timely and understandable disclosure in the reports and documents the fund files with, or submits to, the SEC and in other public communications made by a Vanguard Fund.
- D. It is the responsibility of each Covered Officer to promote compliance with the standards and restrictions imposed by applicable laws, rules, regulations, and the 17j-1 Code of Ethics.

## **IV. Reporting and Accountability**

### A. Each Covered Officer must:

1. Upon adoption or amendment of the Code (or thereafter as applicable, upon becoming a Covered Officer), affirm in writing that he or she has received, read, and understands the Code;
2. Affirm at least annually in writing that he or she has complied with the requirements of the Code;
3. Not retaliate against any other Covered Officer or any employee of VGI for reports of potential violations of the Code that are made in good faith; and
4. Notify the General Counsel of VGI promptly if the Covered Officer knows of any violations of this Code.

### B. The Vanguard Funds will use the following procedures in investigating and enforcing this Code:

1. The General Counsel of VGI is responsible for applying this Code to specific situations and has the authority to interpret this Code in any particular situation. The General Counsel will report on an as-needed basis to the Board of Trustees regarding activities subject to the Code.
2. The General Counsel will take all appropriate action to investigate any potential violations of the Code that are reported to him or her.
3. If, after investigation, the General Counsel believes that no material violation of the Code has occurred, the General Counsel is not required to take any further action.
4. Any matter that the General Counsel believes is a material violation of the Code will be reported to the Chief Compliance Officer and the Board of Trustees of the Vanguard Funds.
5. If the Board of Trustees of the Vanguard Funds concurs that a material violation of the Code has occurred, the Board will consider appropriate action. Appropriate action may include reassignment, suspension, or dismissal of the applicable Covered Officer(s), or any other sanctions the Board deems appropriate. Appropriate action may also include review of, and appropriate modifications to, applicable policies and procedures.
6. Any changes to or waiver of this Code will, to the extent required, be disclosed as provided by SEC rules.

## **Other Policies and Procedures**

This Code shall be the sole code of conduct adopted by the Vanguard Funds for purposes of Section 406 of the Sarbanes-Oxley Act and the rules and forms applicable to registered investment companies thereunder. Insofar as other policies or procedures of the Vanguard Funds, VGI, or other service providers govern or purport to govern the behavior or activities of the Covered Officers, they are superseded by this Code to the extent that they overlap or conflict with the provisions of this Code.

VGI's and the Vanguard Funds' 17j-1 Code of Ethics, policies to prevent the misuse of non-public information, and other internal compliance guidelines and policies that may be in effect from time to time are separate requirements applying to the Covered Officers and others, and are not part of this Code.

## **VI. Amendments**

This Code may not be materially amended except by the approval of a majority vote of the independent trustees of the Vanguard Funds' Board of Trustees. Non-material, technical, and administrative revisions of the Code do not have to be approved by the Board of Trustees. Amendments must be in writing and communicated promptly to the Covered Officers, who shall affirm receipt of the amended Code in accordance with Section IV. A. 1.

## **VII. Confidentiality**

All reports and records prepared or maintained pursuant to this Code shall be considered confidential and shall be maintained and protected accordingly. Except as otherwise required by law or this Code, such matters shall not be disclosed to anyone other than the Vanguard Funds' Board of Trustees, VGI's General Counsel and the Chief Compliance Officer of VGI and the Vanguard Funds.
