

7 March 2017

## **Resignation of Non-Executive Director**

Webster Limited (“Webster”) announce that Rod Roberts has advised of his decision to step down as a director of Webster from 31 March 2017. Rod has had a long career with Webster both as Managing Director, Chairman and as a Non-Executive Director.

Rod oversaw the development of Webster’s entry into the walnut business, which remains one of Webster’s core businesses today.

The Webster Board and management will miss Rod’s contribution and wish him well in the future.

Rod has agreed to continue for the balance of the year on the Webster subsidiary, AGW Funds Management Limited, which is the Responsible Entity for several Managed Investment Schemes engaged in walnut orchards managed by Webster.
