8 March 2017

Dear Directors,

iShares Core MSCI World All Cap ETF

In accordance with section 307C of the *Corporations Act 2001*, I am pleased to provide the following declaration of independence to the directors of BlackRock Investment Management (Australia) Limited as Responsible Entity of iShares Core MSCI World All Cap ETF (the "Fund").

As lead audit partner for the review of the financial statements of the Fund for the financial period 1 July 2016 to 31 December 2016, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
- (ii) any applicable code of professional conduct in relation to the review.

Yours sincerely,

1 Statement of Compliance

The condensed financial statements are general purpose financial statements prepared in accordance with the *Corporations Act 2001* and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

These condensed financial statements do not include all the notes normally included in an annual financial report. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2016 and any public announcements made during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

2 Basis of Preparation and Accounting Policies

These condensed financial statements include financial statements for iShares Core MSCI World All Cap ETF as an individual entity. The Fund was constituted on 16 February 2016.

The accounting policies and methods of computation adopted in the preparation of the half-year financial statements are consistent with those adopted and disclosed in the Fund's 2016 annual financial report for the financial year ended 30 June 2016.

There are no new standards, interpretations or amendments to existing standards that are effective for the first time for the financial half-year beginning 1 July 2016 that would be expected to have a material impact on the Fund.

3 Financial Risk Management

(a) Fair Values of Financial Assets and Liabilities

The carrying amounts of the Fund's assets and liabilities at the end of each reporting period approximate their fair values.

Financial assets and liabilities held at fair value through profit or loss are measured initially at fair value. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately. Subsequent to initial recognition, all instruments held at fair value through profit or loss are measured at fair value with changes in their fair value recognised in the Condensed Statement of Profit or Loss and Other Comprehensive Income.

The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair value. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Fund for similar financial instruments.

(i) Fair value in an active market

The fair value of financial assets and liabilities traded in active markets is based on their last traded prices at the end of the reporting period without any deduction for estimated future selling costs.

The Fund values its investments in accordance with the accounting policies set out in Note 2. For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

The quoted market price used for financial assets and financial liabilities held by the Fund is the last traded market price. Where the last traded price does not fall within the bid-ask spread, an assessment is performed by the Responsible Entity to determine the appropriate valuation price to use that is most representative of fair value.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service or regulatory agency and those prices represent actual regularly occurring market transactions on an arm's length basis.

(ii) Fair value in an inactive or unquoted market

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

3 Financial Risk Management (continued)

(a) Fair Values of Financial Assets and Liabilities (continued)

(ii) Fair value in an inactive or unquoted market (continued)

The fair value of derivatives that are not exchange traded is estimated at the amount that the Fund would receive or pay to terminate the contract at the end of the reporting period taking into account current market conditions (volatility and appropriate yield curve) and the current creditworthiness of the counterparties. The fair value of a forward foreign exchange contract is determined as a net present value of estimated future cash flows, discounted at appropriate market rates as at the valuation date.

Investments in other unlisted unit trusts are recorded at the net asset value per unit as reported by the Responsible Entity of such funds.

(b) Fair Value Hierarchy

The Fund classifies fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgment by the Responsible Entity. The Responsible Entity considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following tables present the Fund's financial assets and liabilities (by class) measured at fair value according to the fair value hierarchy at 31 December 2016 and 30 June 2016.

	Level 1	Level 2	Level 3	Total

3 Financial Risk Management (continued)

(b) Fair Value Hierarchy (continued)

As at 30 June 2016	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
Financial assets				
Financial assets designated at fair value through profit or loss:				
Listed unit trusts	<u>2,044,256</u>	<u>-</u>	<u>-</u>	<u>2,044,256</u>

Total	<u>-</u>	<u>2</u>	<u>-</u>	<u>2</u>

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equities, trusts, exchange traded derivatives, and money market securities.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include investment grade corporate bonds, certain listed equities, certain unlisted unit trusts, and over-the-counter derivatives. As level 2 investments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information.

Investments classified as level 2 are derivative instruments. The fair value of derivative instruments is derived from industry standard valuation models with published or observable market data.

The fair value of a forward foreign exchange contract is determined as a net present value of estimated future cash flows, discounted at appropriate market rates as at the valuation date. Future cash flows are estimated using FX forward exchange rates and the contracted rates. Cash flows are discounted at a rate that reflects the time value of money and credit risk.

Investments classified within level 3 have significant unobservable inputs, as they are infrequently traded. As observable prices are not available for these securities, the Responsible Entity has used valuation techniques to derive fair value.

The Fund's assets and liabilities not measured at fair value on a recurring basis (but fair value disclosures are required) at 31 December 2016 and 30 June 2016 have been classified as level 2. The carrying amounts of these assets and liabilities approximate their fair values as at the end of the reporting date.

The Fund did not hold any level 3 instruments during the half-year ended 31 December 2016 (30 June 2016: Nil).

There were no transfers between levels for recurring fair value measurements during the half-year ended 31 December 2016 (30 June 2016: Nil).

4 Net Gains/(Losses) on Financial Instruments Held at Fair Value Through Profit or Loss

The net gains/(losses) recognised in relation to financial assets and financial liabilities held at fair value through profit or loss:

	Half-year ended 31 December 2016 \$
Financial assets and liabilities	
Net gain/(loss) on financial assets and liabilities held for trading (including FX gains/(losses))	11,888
Net gain/(loss) on financial assets and liabilities designated at fair value through profit or loss (including FX gains/(losses))	<u>323,468</u>
Net gains/(losses) on financial instruments held at fair value through profit or loss (including FX gains/(losses))	<u>335,356</u>

5 Net Assets Attributable to Unitholders

As stipulated within the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right to the underlying assets of the Fund. There are no separate classes of units and each unit has the same rights attaching to it as other units of the Fund. Units are created and redeemed at the unitholders' option at prices based on the value of the Fund's net assets at the time of creation/redemption less transaction costs. The Fund is required to distribute all taxable income to the unitholders.

Movement in number of units and net assets attributable to unitholders during the half-year were as follows:

	31 December 2016 No.	30 June 2016 No.	31 December 2016 \$	30 June 2016 \$
Opening balance	80,000	-	2,048,589	-
Creations	80,000	80,000	2,111,092	2,013,984
Redemptions	-	-	-	-
Units issued upon reinvestment of distributions	24	-	614	-
Increase/(decrease) in net assets attributable to unitholders	-	-	<u>368,135</u>	<u>34,605</u>
Closing balance	<u>160,024</u>	<u>80,000</u>	<u>4,528,430</u>	<u>2,048,589</u>

Capital Risk Management

The Fund manages its net assets attributable to unitholders as capital, notwithstanding net assets attributable to unitholders are classified as a liability. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Fund is subject to daily creations and redemptions at the discretion of unitholders.

The Fund monitors the level of daily creations and redemptions relative to the liquid assets in the Fund. As of 31 December 2016 the capital of the Fund is represented in the net assets attributable to unitholders table.

In the event of a significant redemption, the Fund's Constitution allows the delay of payment beyond the usual redemption timeframe but no later than the maximum number of days specified in the Constitution for satisfying redemption requests. Further, in certain circumstances such as disrupted markets, the Constitution allows payment to be delayed beyond the maximum number of days.

8 Segment Information

The Fund operates solely in the business of providing investors with the performance of the market, before fees and expenses, as represented by the MSCI World Investable Market Index. The Responsible Entity, which is the chief operating decision maker for the purposes of assessing performance and determining the allocation of resources, ensures that the Fund's holdings and performance are in accordance with the MSCI World Investable Market Index. Accordingly, no additional qualitative or quantitative disclosures are required.

9 Events Occurring After the Reporting Period

The Fund announced on 5 January 2017 an interim distribution 18.64 cents per unit, which equates to \$29,835 in finance costs. The interim distribution ex-date was 4 January 2017 and payment was on 16 January 2017.

No other significant events have occurred since the end of the reporting period up to the date of signing the Condensed Financial Statements which would impact on the financial position of the Fund disclosed in the Condensed Statement of Financial Position as at 31 December 2016 or on the results and cash flows of the Fund for the half-year ended on that date.

Directors' Declaration

The directors of the Responsible Entity declare that:

- (a) In the opinion of the directors of the Responsible Entity, there are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable; and
- (b) In the opinion of the directors of the Responsible Entity, the attached financial statements and notes thereto are in accordance with the *Corporations Act 2001*, including compliance with accounting standards and giving a true and fair view of the financial position and performance of the Fund.

Signed in accordance with a resolution of the Responsible Entity made pursuant to s.303(5) of the *Corporations Act 2001*.

On behalf of the directors of the Responsible Entity.

Independent Auditor's Review Report to the unitholders of iShares Core MSCI World All Cap ETF

We have reviewed the accompanying half-year financial report of iShares Core MSCI World All Cap ETF (the "Fund"), which comprises the condensed statement of financial position as at 31 December 2016, and the condensed statement of profit or loss and other comprehensive income, the condensed statement of cash flows and the condensed statement of changes in equity for the half-year ended on that date, selected explanatory notes and, the directors' declaration as set out on pages 4 to 13.

Directors' Responsibility for the Half-Year Financial Report

The directors of BlackRock Investment Management (Australia) Limited (the "Responsible Entity"), as Responsible Entity for the Fund are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Fund's financial position as at 31 December 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of the Fund, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Auditor's Independence Declaration

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Responsible Entity, would be in the same terms if given to the directors as at the time of this auditor's review report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Fund is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Fund's financial position as at 31 December 2016 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
