Directors' report

The directors of BetaShares Capital Ltd, the Responsible Entity of the following managed investment funds (the "Funds") present their report together with the condensed interim financial report of the Funds for the half-year ended 31 December 2016 and the auditor's report thereon.

Fund name	Referred to in this document as	Financial reporting period	ARSN
BetaShares Australian Equities Bear Hedge Fund	Australian Equities Bear Hedge Fund	1 July 2016 to 31 December 2016	143 219 774
BetaShares Australian Equities Strong Bear Hedge Fund	Australian Equities Strong Bear Hedge Fund	1 July 2016 to 31 December 2016	602 666 839

Responsible Entity

The Responsible Entity of the Funds is BetaShares Capital Ltd (ABN 78 139 566 868). The Responsible Entity's registered office and principal place of business is Level 11, 50 Margaret Street, Sydney, NSW 2000.

Principal activities

The principal activity of each Fund is to invest in accordance with the investment objective and guidelines as set out in the Fund's current Product Disclosure Statement and its Constitution.

The Funds did not have any employees during the half-year.

There were no significant changes in the nature of the Funds' activities during the half-year.

Directors

The following persons held office as directors of BetaShares Capital Ltd during the half-year or since the end of the half-year and up to the date of this report:

David Nathanson (appointed 21 September 2009)
 Alex Vynokur (appointed 21 September 2009)
 Taeyong Lee (appointed 12 August 2015)
 Thomas Park (appointed 12 August 2015)

Review and results of operations

During the half-year, the Funds continued to invest in accordance with target asset allocations as set out in their governing documents and in accordance with the provisions of the Funds' Constitutions.

The results of operations of the Funds are disclosed in the condensed interim statements of comprehensive income. The income distributions payable by each of the Funds are disclosed in the condensed interim statements of financial position.

Significant changes in state of affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Funds that occurred during the financial half-year.

Directors' report (continued)

Matters subsequent to the end of the financial half-year

No matter or circumstance has arisen since 31 December 2016 that has significantly affected, or may significantly affect:

- (i) the operations of the Funds in future financial years;
- (ii) the results of those operations in future financial years; or
- (iii) the state of affairs of the Funds in future financial years.

Likely developments and expected results of operations

The results of the Funds' operations will be affected by a number of factors, including the performance of investment markets in which the Funds invest. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Further information on likely developments in the operation of the Funds and the expected results of those operations have not been included in this report because the Responsible Entity believes it would be likely to result in unreasonable prejudice to the Funds.

Rounding of amounts to the nearest thousand dollars

The Funds are entities of the kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191 and in accordance with that instrument, amounts in the condensed interim financial report and directors' report have been rounded off to the nearest thousand dollars, unless otherwise stated.

Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 4.

This report is made in accordance with a resolution of the directors.

1 General information

These condensed interim financial statements cover the following managed investment funds ("the Funds"). The Funds are registered managed investment schemes under the *Corporations Act 2001*. The Responsible Entity cannot issue or redeem any units from the 80th anniversary of the day before the day the Funds commenced if that issue or redemption would cause a contravention of the rule against perpetuities or any other rule of law or equity. The Funds may be terminated in accordance with the provisions of their Constitutions. The Funds are domiciled in Australia.

Abbreviated Fund name	Registered date	Commenced operations	Financial reporting period

Australian Equities Strong Bear Hedge Fund	10 November 2014	17 April 2015	1 July 2016 to 31 December 2016

The Responsible Entity of the Funds is BetaShares Capital Ltd (the "Responsible Entity"). The Responsible Entity's registered office is Level 11, 50 Margaret Street, Sydney, NSW 2000.

The condensed interim financial statements were authorised for issue by the directors of the Responsible Entity on 13 March 2017. The directors of the Responsible Entity have the power to amend and reissue the condensed interim financial statements.

The condensed interim financial statements is presented in Australian dollars, which is the Funds' functional currency.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these condensed interim financial statements are set out below. These policies have been consistently applied to all periods presented.

(a) Basis of preparation

These general purpose condensed interim financial statements have been prepared in accordance with accounting standard AASB 134 *Interim Financial Reporting*, other authoritative pronouncements of the Australian Accounting Standards Board ("AASB") and the *Corporations Act 2001* in Australia.

These condensed interim financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2016 and any continuous disclosure requirements of the *Corporations Act 2001*.

The Funds operated solely in one segment which is the business of investment management within Australia.

The condensed interim financial statements are prepared on the basis of fair value measurement of assets and liabilities except where otherwise stated.

The condensed interim statements of financial position are presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. All balances are expected to be recovered or settled within twelve months, except for investments in financial assets and liabilities at fair value through profit or loss and net assets attributable to unitholders.

2 Summary of significant accounting policies (continued)

(a) Basis of preparation (continued)

Use of estimates and judgement

The Funds make estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial year. Estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

For the majority of the Funds' financial instruments, quoted market prices are readily available. However, certain financial instruments are fair valued using valuation techniques. Where valuation techniques (for example, pricing models) are used to determine fair values, they are validated and regularly reviewed by experienced personnel of the Responsible Entity, independent of the area that created them.

Models use observable data, to the extent practicable. However, areas such as credit risk (both own and counterparty), volatilities and correlations require management to make estimates. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

For certain other financial instruments, including amounts due from/to brokers and payables, the carrying amounts approximate fair value due to the short-term nature of these financial instruments.

(b) Changes in accounting policy and transition

There were no changes in the accounting policies of the Funds during the financial half-year.

(c) New accounting standards and interpretations

Certain new accounting standards and interpretations have been published that are not mandatory for the 31 December 2016 reporting periods and have not been early adopted by the Funds. The directors' assessment of the impact of these new standards (to the extent relevant to the Funds) and interpretations is set out below:

(i) AASB 9 *Financial Instruments* (and applicable amendments), (effective from 1 January 2018)

AASB 9 *Financial Instruments* addresses the classification, measurement and derecognition of financial assets and financial liabilities. It has now also introduced revised rules around hedge accounting. The directors do not expect this to have a significant impact on the recognition and measurement of the Funds' financial instruments. The derecognition rules have not been changed from the previous requirements, and the Funds do not apply hedge accounting. The Funds have not yet decided when to adopt AASB 9.

(ii) AASB 15 *Revenue from Contracts with Customers*, (effective from 1 January 2018)

The AASB has issued a new standard for the recognition of revenue. This will replace AASB 118 Revenue which covers contracts for goods and services and AASB 111 which covers construction contracts. The new standard is based on the principle that revenue is recognised when control of a good or service transfers to a customer - so the notion of control replaces the existing notion of risks and rewards.

2 Summary of significant accounting policies (continued)

(c) New accounting standards and interpretations (continued)

The Funds' main sources of income are interest, distributions and gains on financial instruments held at fair value. All of these are outside the scope of the new revenue standard. As consequence, the directors do not expect the adoption of the new revenue recognition rules to have a significant impact on the Funds' accounting policies or the amounts recognised in the condensed interim financial statements.

There are no other standards that are not yet effective and that are expected to have a material impact on the Funds in the current or future reporting periods and on foreseeable future transactions.

3 Net assets attributable to unitholders

As stipulated within the Constitution of each Fund, each unit represents a right to an individual share in the relevant Fund and does not extend to a right to the underlying assets of the Fund. There are no separate classes of units and each unit of a Fund has the same rights attaching to it as all other units of the Fund (subject to applicable ASIC relief).

Movements in the number of units and net assets attributable to unitholders during the half-year were as follows:

	Australian Equities Bear Hedge Fund			
	31 December 2016 Units '000	31 December 2015 Units '000	31 December 2016 \$'000	31 December 2015 \$'000

Closing balance	4,500	1,300	84,250	32,944

3 Net assets attributable to unitholders (continued)

Capital risk management

The Funds consider their net assets attributable to unitholders as capital, notwithstanding net assets attributable to unitholders are classified as a liability. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Funds are subject to daily applications and redemptions at the discretion of eligible unitholders.

Daily applications and redemptions are reviewed relative to the liquidity of the Funds' underlying assets on a daily basis by the Responsible Entity. Under the terms of the Funds' Constitutions, the Responsible Entity has the discretion to reject an application for units and to extend the period allowed for satisfaction of redemption of units or reject or spread redemptions in specified circumstances.

5 Fair value measurements

AASB 13 requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (Level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

Fair value estimation

The carrying amounts of the Funds' assets and liabilities at the end of each reporting period approximate their fair values.

Financial assets and liabilities held at fair value through profit or loss are measured initially at fair value excluding any transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately. Subsequent to initial recognition, all instruments held at fair value through profit or loss are measured at fair value with changes in their fair value recognised in the condensed interim statements of comprehensive income.

(i) Fair value in an active market (Level 1)

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs.

The Funds value their investments in accordance with the accounting policies as set out in the 30 June 2016 annual financial report. For the majority of their investments, the Funds rely on information provided by independent pricing services for the valuation of their investments.

The quoted market price used for financial assets held by the Funds is the current bid price; the appropriate quoted market price for financial liabilities is the current asking price. When the Funds hold derivatives with offsetting market risks, they use mid-market prices as a basis for establishing fair values for the offsetting risk positions and apply this bid or asking price to the net open position, as appropriate.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

Futures are measured by the quoted market prices, or binding dealer price quotations in the exchange of where they are listed or held.

(ii) Fair value in an inactive or unquoted market (Level 2 and Level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

5 Fair value measurements (continued)**Fair value estimation (continued)***(ii) Fair value in an inactive or unquoted market (Level 2 and Level 3) (continued)*

For other pricing models, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Funds for similar financial instruments.

(iii) Recognised fair value measurements

The tables below set out the Funds' financial assets and liabilities (by class) measured at fair value according to the fair value hierarchy:

	Australian Equities Bear Hedge Fund

(iv) Transfers between levels

There were no transfers between levels during the half-year ended 31 December 2016 and 30 June 2016.

(v) Movement in level 3 instruments

There were no investments classified as Level 3 within the Funds as at 31 December 2016 and 30 June 2016.

(vi) Fair value of financial instruments not carried at fair value

The carrying value of trade receivables and trade payables approximate their fair values.

Net assets attributable to unit holders' carrying value differs from its fair value (deemed to be redemption price for individual units) due to differences in valuation inputs. This difference is not material in the current or prior period.

6 Related party transactions

There have been no significant changes to the related party transactions disclosed in the previous annual financial report.

All transactions with related parties are conducted on normal terms and conditions. From time to time the Responsible Entity or its director-related entities may invest in or withdraw from the Funds. These investments or withdrawals are on the same terms and conditions as those entered into by other fund investors and are trivial and domestic in nature.

7 Events occurring after the reporting period

No significant events have occurred since the end of the reporting period which would impact on the financial position of the Funds disclosed in the condensed interim statements of financial position as at 31 December 2016 or on the results and cash flows of the Funds for the period ended on that date.

8 Contingent assets and liabilities and commitments

There are no outstanding contingent assets, liabilities or commitments as at 31 December 2016 and 30 June 2016.

Conclusion

We have reviewed the accompanying **Condensed Interim Financial Report** of the Schemes.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Condensed Interim Financial Report of the Schemes is not in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the Schemes' financial position as at 31 December 2016 and of their performance for the Half-year Period ended on that date; and
- complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

The Directors of the Scheme are responsible for:

- the preparation of the Condensed Interim Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- for such internal control as the Directors determine is necessary to enable the preparation of the Condensed Interim Financial Report that are free from material misstatement whether due to fraud or error.

Auditor's responsibility for the review of the Condensed Interim Financial Report

Our responsibility is to express a conclusion on the Condensed Interim Financial Reports based on our review. We conducted our review in accordance with *Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the Condensed Interim Financial Report are not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Schemes' financial position as at 31 December 2016 and its performance for the half-year ended on that date; and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*. As auditor of the Schemes, *ASRE 2410* requires that we comply with the ethical requirements relevant to the audit of the annual financial reports.

A review of Condensed Interim Financial Reports consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
