Options Update – Appendix 3B and Appendix 3Y

BuildingIQ (ASX: BIQ) provides an update of options on issue.

Attached are the following documents:

Appendix 3B for the grant of unlisted options to the CEO/President, Mr Michael Nark, the grant of which was approved by stockholders at the Annual General Meeting held on 18 May 2016.

Total options on issue as at 27 March 2017 – 5,911,354

Appendix 3Y for Mr Michael Nark covering the grant of 500,000 options (above) which was approved by stockholders at the Annual General Meeting held on 18 May 2016

We provide the following information:

1. The failure to lodge the Appendix 3B and 3Y in a timely manner was due to an administrative oversight. The failure to lodge these documents in a timely fashion was discovered as part of an internal review for compliance with ASX requirements regarding employee options.
2. The Company has arrangements with its directors in relation to notification of changes to director's interests, including a Securities Trading Policy and all directors enter into a director disclosure agreement with the Company. The directors understand their disclosure obligations.
3. The Company considers that the current arrangements with directors are adequate. Following the internal compliance review, the Company has implemented more stringent procedures regarding reporting of changes to the options register. These procedures include monthly reporting to Directors of options on issue and Directors' securities transactions to ensure compliance with notifications under the ASX Listing Rules covering the issue of and trading in securities.
