## Temporary suspension of mining at Tarcoola

WPG Resources Ltd (ASX: WPG) advises that due to two significant rainfall events in close proximity to each other (Friday 21 April – 29.4 mm & Monday 24 April – 27.4mm), all roads leading to Tarcoola have been closed temporarily. The road closures have caused interruptions to scheduled deliveries of potable water, diesel and camp supplies.

Heavy vehicle access between Tarcoola and Challenger has also been interrupted. Ore haulage to Challenger has been interrupted since Saturday 22 April but will resume upon the rail access corridor road becoming passable.

Pit production has been temporarily suspended commencing Tuesday 25 April and will remain suspended until further notice. No ore is scheduled to be mined this week and a decision will be made next week as to when mining resumes.

There is sufficient ROM at Challenger so that milling operations will be unaffected.
