ENDS.

About Volpara Health Technologies Limited (ASX: VHT)

Founded in 2009 from research originally conducted at Oxford University, VHT is based in Wellington, New Zealand and facilitates the early detection of breast cancer through its digital health solutions to enable personalised, high-quality breast cancer screening based on objective measurements of breast density.

VHT has a number of patents and trademarks and regulatory clearances, including FDA and CE, supporting its technology and services. An ASX-listed company that raised A\$20M through an IPO and subsequent share placement and rights issue in 2016, VHT has customers and/or research projects in 35 countries.
