General Securities Warning

This presentation has been prepared by Sydney Airport Limited (ACN 165 056 360) ("SAL") in respect of ASX-listed Sydney Airport ("SYD"). SYD is comprised of the stapled entities SAL and Sydney Airport Trust 1 (ARSN 099 597 921) ("SAT1"). The Trust Company (Sydney Airport) Limited (ACN 115 967 087/ASFL 301162) ("TTCSAL") is the responsible entity of SAT1.

This presentation is not an offer or invitation for subscription or purchase of or a recommendation of securities. It does not take into account the investment objectives, financial situation and particular needs of the investor. Before making an investment in SYD, the investor or prospective investor should consider whether such an investment is appropriate to their particular investment needs, objectives and financial circumstances and consult an investment adviser if necessary.

Information, including forecast financial information, in this presentation should not be considered as a recommendation in relation to holding, purchasing or selling shares, securities or other instruments in SYD or any other entity. Due care and attention has been used in the preparation of forecast information. However, actual results may vary from forecasts and any variation may be materially positive or negative. Forecasts by their very nature are subject to uncertainty and contingencies, many of which are outside the control of SAL and TTCSAL. Past performance is not a reliable indication of future performance.

Foreign Ownership

Sydney Airport advises that on 10 May 2017 foreign ownership was 30.6%.

Sydney Airport is not a "Foreign Person" under the Airports Act 1996 for so long as foreign ownership of Sydney Airport remains below 49%. As such, Sydney Airport is not currently a Foreign Person.

The SAL and SAT1 constitutions set out the process for disposal of securities to prevent Sydney Airport from becoming a Foreign Person or to cure the situation where Sydney Airport becomes a Foreign Person (Foreign Ownership Situation). Where a Foreign Ownership Situation occurs or is likely to occur, Sydney Airport can require a foreign security holder (on a last in first out basis) to dispose of SYD stapled securities. Sydney Airport has the power to commence procedures to divest foreign security holders once the foreign ownership of Sydney Airport reaches 48.5% under the Foreign Ownership Divestment Rules that it has adopted. If the foreign security holder fails to dispose of its Sydney Airport stapled securities, Sydney Airport may sell those securities at the best price reasonably obtainable at the time.
