

ORION METALS LIMITED (ASX: ORM)

ACTIVITIES REPORT FOR QUARTER ENDING 31 May 2017

EXPLORATION ACTIVITIES

Orion Metals Limited remains optimistic of future funding options for on-ground exploration of its quality REE, gold, and base metals assets in Western Australia and Queensland, while the Australian mining and exploration industry continues to build momentum through 2017.

Orions exploration activities remain tightly constrained while the Orion Metals Limited Board of Directors decides its exploration objectives and strategy.

Tanami West Project has had cultural and heritage due diligence surveys conducted ahead of future on-ground exploration.

Top Camp Project's value as a quality gold and copper project continues to grow with a renewed interest for base metal assets in the Cloncurry District of Queensland.
