## **ABOUT THE MARTIN AIRCRAFT COMPANY LIMITED**

The Martin Aircraft Company has evolved to become the world leader in jetpack development and commercialisation. Initially conceived to be the ultimate in personal transportation, the Martin Jetpack's potential for alternative applications soon became clear and led the company to refocus its vision to include being part of the global crusade to save and improve lives.

The Martin Jetpack has the pedigree of design ingenuity and innovation for which New Zealand is renowned. Designed with the goal to be the world's safest light aircraft, its potential applications span first response, search and rescue, military operations and commercial operations. It has the capability to be used in both a manned and unmanned capacity, which makes it the world's smallest and most practical Optionally Piloted Hovering Air Vehicle (OPHAV).

More detailed information about Martin Aircraft and the Martin Jetpack is available at [www.martinjetpack.com](http://www.martinjetpack.com)
