6 July 2017

Australian Ethical Investment

Australian Ethical advises that we received an inflow of \$128 million from an institutional investor yesterday. This represents approximately 6% of FUM as at 30 June 2017.

The information in this announcement is based on unaudited management information as at the end of June 2017. More information will be provided in the next quarterly FUM and Net Flows announcement due toward the end of the month.

About Australian Ethical

Australian Ethical is Australia's leading ethical wealth manager.

Since 1986, Australian Ethical has provided investors with wealth management products that align with their values and deliver strong returns. Investments are guided by the Australian Ethical Charter which shapes both our ethical approach and our culture and vision.
