Important notice to Ineligible Shareholders

Shareholders that are not Eligible Shareholders (**Ineligible Shareholders**) are not eligible to participate in the Entitlement Offer.

Leaf Resources has determined that it is unreasonable to extend the Entitlement Offer to Ineligible Shareholders. Leaf Resources made this decision after considering:

- the cost of complying with legal and regulatory requirements outside Australia and New Zealand;
- the number of Ineligible Shareholders; and
- the number and value of New Shares which could be offered to Ineligible Shareholders.

The securities to be issued under the Entitlement Offer have not and will not be registered under the *United States Securities Act of 1933*, as amended (**US Securities Act**), or the securities laws of any state or other jurisdiction of the United States and, in connection with the Entitlement Offer, may not be offered or sold in the United States or to, or for the account or benefit of, US persons (as defined in Rule 902(k) under Regulation S of the US Securities Act).
