### **About FirstWave Cloud Technology**

Australian cloud technology company, FirstWave, operates a technology business in the burgeoning cloud based IT managed security services market, having created an intelligent carrier grade cloud security platform for business. First Wave has delivered Software as a Service (SaaS) solutions since 2004 in a form similar to what we call "cloud" today and has a long standing relationship with Telstra. FirstWave offers a comprehensive cloud security and analytics technology solutions suite that, along with advanced mail, web & NGFW content controls, now offers unified, integrated x-threat vector advanced malware protection technology solution for any business or enterprise moving to or operating in the cloud. Over 300 customers already trust FirstWave including the largest Australian financial institutions, state and federal government, utilities, ASX listed and private companies in the mining and retail sectors.
