Stargroup Launches New Products
at Australasian Gaming Expo

HIGHLIGHTS

- Stargroup to distribute Casino Table Deposit Solution, Foreign Exchange Machines, and Ticket In, Tick Out Redemption Terminals

- Proven technologies that have been deployed by NeoICP Korea in Asia to be distributed in Australia

- International application and further distribution opportunities for Stargroup

Stargroup Limited **(ASX: STL)** ("Stargroup or the Company") is pleased to announce that it has launched a casino table deposit solution and other gaming and foreign currency exchange technologies that are manufactured by NeoICP Korea Inc., at the Australasian Gaming Expo (**AGE**) in Sydney, today.

Stargroup's CEO and Executive Chairman Mr Todd Zani said, *"We are pleased to finally launch and display at AGE in Australia some of the advanced technologies that have previously been successfully deployed by NeoICP into casinos in Korea, Macau and a number of other Asian countries."*

"We are working closely with NeoICP to tailor these solutions for the Australian market and are excited to announce that we are already fielding significant interest both in Australia and on behalf of other international customers and distributors. The amount of interest that has been expressed prior to the official launch at AGE has been outstanding," said Mr Zani.

Stargroup's casino table deposit solution fully automates the acceptance of up to five different currencies at the actual gaming table as part of accelerating the provision of gambling chips to casino customers whilst also providing live data to the casino operators to monitor the settlement and performance of each table.

At AGE, Stargroup is also displaying a number of other advanced technologies including a foreign currency conversion terminal for use in airport terminals and popular tourist destinations which can automatically accept up to four different currencies and convert them into a local currency. Stargroup is also displaying a ticket in and ticket out (**TITO**) terminal which can accept bulk cash and tickets which is fully customizable as part of enabling fast cash redemptions for casino operators and its customers.

About Stargroup

Financial technology company Stargroup Limited is the only ASX listed company deploying ATM machines in Australia and importantly, the only listed ATM company having a direct ownership interest in the manufacturer of its ATM technologies, namely NeoICP, a South Korean private company.

Stargroup Limited became the exclusive distributor of the cashPod ATM range including the recycler ATM, back office and payment technologies in Australia for the next 5 years on 7 August 2015. Stargroup Limited owns 11.28% of NeoICP Korea Inc, a South Korean private company that provides integrated and innovative self-service solutions to the banking and retail market.

Stargroup Limited, via its wholly owned subsidiary StarLink, became an ATM processing, switching and telecommunications business on 5 May 2017 and now has over 2,400 ATMs under management, processing approximately 16 million transactions a year.

Stargroup Limited, via its wholly owned subsidiaries, StarPOS and StarApps, is also an EFTPOS and payWave technologies provider and developer of the source code in its terminals via its 5-year distribution agreement with West International AB, a Swedish NASDAQ listed company, to distribute next generation EFTPOS payment terminals and solutions in Australian and New Zealand.

About NeoICP

Stargroup Limited owns 11.28% of NeoICP Korea Inc, a South Korean private company that provides integrated and innovative self-service solutions to the banking and retail market.

NeoICP has brought together a combination of innovation, expertise and quality service to become a global leader in the ATM manufacturing industry and a technology leader in cash management and cash handling solutions.
