2. In conjunction with BlackRock

Outlook

- Greater scale and wider market recognition should lead to ASX 300 inclusion for Centuria in the near term
- Continue to support growth across all three property platforms (CMA, CIP and unlisted property)
- Greater access to capital markets (both equity and debt) and balance sheet depth will be utilised to:
 - accelerate unlisted property funds growth
 - increase co-investment stakes in CMA
 - review corporate acquisitions where appropriate
- Investment Bonds business in positive FUM growth; aim to improve position as Australia's fourth largest manager
- Further diversify distribution channels, build on existing wholesale relationships as well as traditional equity sources
- Anticipated benefits from existing unlisted fund performance fees as assets realised and group rewarded for asset outperformance
- Expect FY18 operating EPS to increase approximately 5%, assuming performance fee contribution is consistent with long term average

Unlisted property outlook

Strong investor demand continues

— Investor demand

- Investor demand for unlisted products continues to grow
- New investment products to be created to match investor appetite for risk and return (e.g. Centuria Diversified Property Fund)
- Income remains the key investment driver
- Increased enquiry for investment in alternate asset classes
- Well positioned to expand distribution to aligned financial advisers
- Centuria brand is well established in the Australian marketplace

— Returns

- Investors benefiting from increased valuations and distributions
- Cap rate compression continuing in most markets
- Significant leasing success across the portfolio

“Conditions continue to be optimal for the unlisted property business. In a market facing cap rate compression and low interest rates, there is broad consensus that Australian unlisted commercial property offers better value for investors seeking secure and stable income streams.”

“In FY17 we have pioneered retail funds with starting yields of 6.5% – 7.0% as return expectations adjust to prevailing market conditions.”

- New Xplan and Adviser logic data feed to improve Centuria visibility for advisers

“With over 700 Australians turning 65 every day, Centuria’s Investment Bonds act as a structure for my clients to efficiently transfer wealth from one generation to the other.”

Val Nigol, Principal, Financial Freedom Solutions

“Investment Bonds provide advisors with an important addition to their strategic toolkit. With the recent changes to superannuation contribution caps, Centuria’s Investment Bonds offer a simple and flexible structure to supplement superannuation savings.”

Mark Nagle, Executive Director, Treysta Financial Life Management

Conclusion

Conclusion

A strong foundation for FY18 growth

- A transformational year for Centuria Capital, with group FUM increasing 118% to \$4.2b
- Acquisition of 360 Capital platform was a step-change for the group, bringing the business to scale
- Market leading real estate capability utilised to achieve \$731m in quality asset acquisitions across listed and unlisted businesses
- Delivered strong Securityholder returns across listed and unlisted funds
- Achieved accelerated, above market growth in both our unitised bonds business and the Guardian Friendly Society
- Platform is well placed for FY18, with strong activity across all business segments. Expecting operating EPS to increase approximately 5% to 10.8cps in FY18
- Good potential for CNI near-term ASX 300 inclusion

Appendices

Appendix

Past performance is not indicative of future performance:

- a) The total return figures for CNI and CMA on page 5 and 22 are based on the movement in security price from ASX opening on 1 July 2017 to ASX closing on 30 June 2017 plus the distribution per security declared during the financial year without re-investment of distributions. It is a one year performance figure provided strictly for the information of Securityholders only. Further information on the historical performance on Centuria's listed funds can be found on our website.
- b) The total return figure for unlisted funds on page 5, is an aggregated one year performance figure provided strictly for the information of shareholders only, and does not detail the performance of any particular fund. It is calculated based on the movement in the Net Tangible Asset backing per unit in each of Centuria's unlisted property funds from 1 July 2016 to 30 June 2017 plus the total of distributions to investors declared in that period and is calculated inclusive of actual fees paid and an assumption for performance fees if the property had been sold on 30 June 2017. The total return is an aggregated one year performance figure provided strictly for the information of shareholders only, and does not detail the performance of any particular fund. The total return figure is provided in relation to the current financial year only and does not indicate the returns that any particular fund has achieved or the performance of any fund since inception. Prospective investors in any of Centuria's funds should not rely on this information in respect of any decision in relation to an investment in any of Centuria's funds.
- c) The total return figures for various unlisted funds on pages 22, 23 and 24 calculated based on the movement in the Net Tangible Asset backing per unit in each of those unlisted property funds from 1 July 2016 to 30 June 2017 plus the total of distributions to investors declared in that period and is calculated inclusive of actual fees paid and an assumption for performance fees if the property had been sold on 30 June 2017.
- d) Annualised total return on page 18 of 13.1% is current as at 30 June 2017 and is the average of returns across all funds managed to completion (all real estate assets sold and debt repaid) by Centuria Property Funds Limited as responsible entity/trustee since 1998 and includes capital gains as well as distributions paid during the life of completed funds shown on a per annum basis. The annualised total return does not represent the current performance of any of Centuria's funds currently under management. Each fund managed by Centuria Property Funds Limited will have different characteristics, properties and risk and should be assessed by an investor independently of the performance of completed funds. Average per annum returns calculated at the completion of a fund do not take into account returns in any particular year and current or future funds may experience fluctuations in asset values and distributions during the life of a fund.

It contains selected summary information and does not purport to be all-inclusive or to contain all of the information that may be relevant, or which a prospective investor may require in evaluations for a possible investment in CNI.

It should be read in conjunction with CNI's periodic and continuous disclosure announcements which are available at www.centuria.com.au. The recipient acknowledges that circumstances may change and that this presentation may become outdated as a result. This presentation and the information in it are subject to change without notice and CNI is not obliged to update this presentation.

This presentation is provided for general information purposes only. It is not a prospectus, product disclosure statement, pathfinder document or any other disclosure document for the purposes of the Corporations Act and has not been, and is not required to be, lodged with the Australian Securities & Investments Commission. It should not be relied upon by the recipient in considering the merits of CNI or the acquisition of securities in CNI. Nothing in this presentation constitutes investment, legal, tax, accounting or other advice and it is not to be relied upon in substitution for the recipient's own exercise of independent judgment with regard to the operations, financial condition and prospects of CNI.

The information contained in this presentation does not constitute financial product advice. Before making an investment decision, the recipient should consider its own financial situation, objectives and needs, and conduct its own independent investigation and assessment of the contents of this presentation, including obtaining investment, legal, tax, accounting and such other advice as it considers necessary or appropriate.

This presentation has been prepared without taking account of any person's individual investment objectives, financial situation or particular needs. It is not an invitation or offer to buy or sell, or a solicitation to invest in or refrain from investing in, securities in CNI or any other investment product. The information in this presentation has been obtained from and based on sources believed by CNI to be reliable. To the maximum extent permitted by law, CNI and the members of the Centuria Capital Group make no representation or warranty, express or implied, as to the accuracy, completeness, timeliness or reliability of the contents of this presentation. To the maximum extent permitted by law, CNI does not accept any liability (including, without limitation, any liability arising from fault or negligence) for any loss whatsoever arising from the use of this presentation or its contents or otherwise arising in connection with it. This presentation may contain forward-looking statements, guidance, forecasts, estimates, prospects, projections or statements in relation to future matters ('Forward Statements'). Forward Statements can generally be identified by the use of forward looking words such as "anticipate", "estimates", "will", "should", "could", "may", "expects", "plans", "forecast", "target" or similar expressions. Forward Statements including indications, guidance or outlook on future revenues, distributions or financial position and performance or return or growth in underlying investments are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance. No independent third party has reviewed the reasonableness of any such statements or assumptions.

Neither CNI nor any member of Centuria Capital Group represents or warrants that such Forward Statements will be achieved or will prove to be correct or gives any warranty, express or implied, as to the accuracy, completeness, likelihood of achievement or reasonableness of any Forward Statement contained in this presentation. Except as required by law or regulation, CNI assumes no obligation to release updates or revisions to Forward Statements to reflect any changes. The reader should note that this presentation may also contain pro-forma financial information. Distributable earnings is a financial measure which is not prescribed by Australian Accounting Standards ("AAS") and represents the profit under AAS adjusted for specific non-cash and significant items. The Directors of CFML consider that distributable earnings reflect the core earnings of the Centuria Capital Fund. All dollar values are in Australian dollars (\$) or A\$) unless stated otherwise.
