

Corporate Presentation

September 2017

Disclaimers

This presentation has been prepared by Sundance Energy Australia Limited (ABN 76 112 202 883).

Summary information

This presentation contains summary information about Sundance and its activities current as at 22 September 2017 ("Information"). The Information in this presentation is subject to change without notice and does not purport to be complete or comprehensive. It does not purport to summarise all information that an investor should consider when making an investment decision. It should be read in conjunction with Sundance's other periodic and continuous disclosure announcements lodged with ASX Limited, which are available at www.asx.com.au. You are advised to read this disclaimer carefully before reading or making any other use of this document or any information contained in this document. In accepting this document, you agree to be bound by the following terms and conditions including any modifications to them. Sundance reserves the right to vary the timetable included in this presentation.

Financial data

All share price information is in Australian dollars (A\$) and all other dollar values are in United States dollars (US\$) unless stated otherwise. Sundance's results are reported under Australian International Financial Reporting Standards.

Forward Looking Statements

This presentation includes forward-looking statements. These statements relate to Sundance's expectations, beliefs, intentions or strategies regarding the future. These statements can be identified by the use of words like "anticipate", "believe", "intend", "estimate", "expect", "may", "plan", "project", "forecast", "will", "should", "could", "seek" and other similar words or expressions. The forward-looking statements reflect the Company's views and assumptions with respect to future events as of the date of this presentation and are subject to a variety of unpredictable risks, uncertainties, and change without notice, as are statements about market and industry trend, which are based on interpretations of current market conditions. Actual and future results and trends could differ materially from those set forth in such statements due to various factors, many of which are beyond our ability to control or predict. Given these uncertainties, investors should not place undue reliance on any forward-looking statements attributable to Sundance, or any of its affiliates, advisors or other persons acting on its behalf. Although every effort has been made to ensure this presentation sets forth a fair and accurate view, Sundance and its directors, officers, employees, advisers, agents and intermediaries disclaim any obligation or undertaking to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Past performance information given in this presentation is given for illustrative purposes only and should not be relied upon as (and is not) an indication of the Company's views on its future financial performance or condition. Investors should note that past performance, including past share price performance, of Sundance cannot be relied upon as an indicator of (and provides no guidance as to) future Sundance performance including future share price performance.

The Information has been obtained from or based on sources believed by Sundance to be reliable. To the maximum extent permitted by law, Sundance, its officers, employees, agents and advisors do not make any representation or warranty (express or implied) as to the fairness, accuracy, completeness, reliability or correctness of the Information, opinions and conclusions, or as to the reasonableness of any assumption contained in this document. By receiving this document and to the extent permitted by law, you release Sundance and its officers, employees, agents, advisors and associates from any liability (including, without limitation, in respect of direct, indirect or consequential loss or damage or loss or damage arising by negligence) arising as a result of the reliance by you or any other person on anything contained in or omitted from this document.

Not an offer

This presentation is for general information purposes and does not constitute an offer, invitation, solicitation or recommendation in relation to the subscription, purchase or sale of securities in any jurisdiction.

Executive Summary

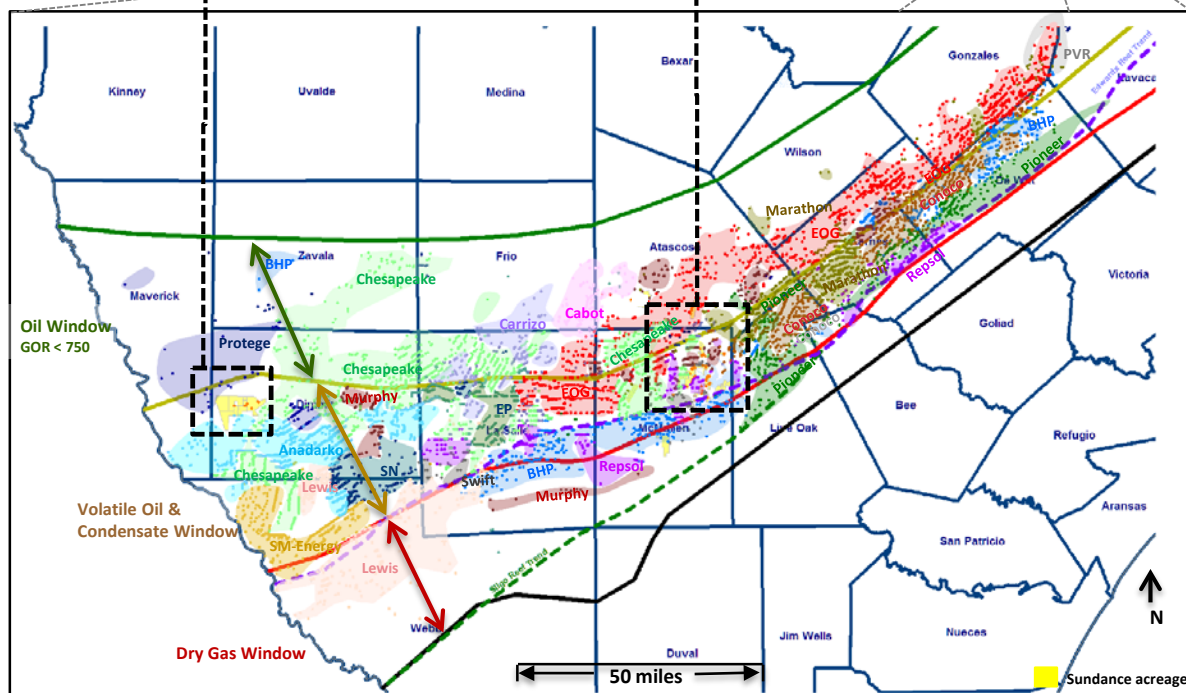

43,800 acre core position in the western Eagle Ford

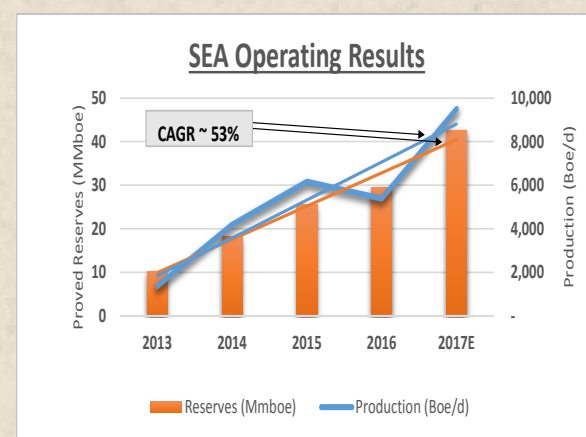

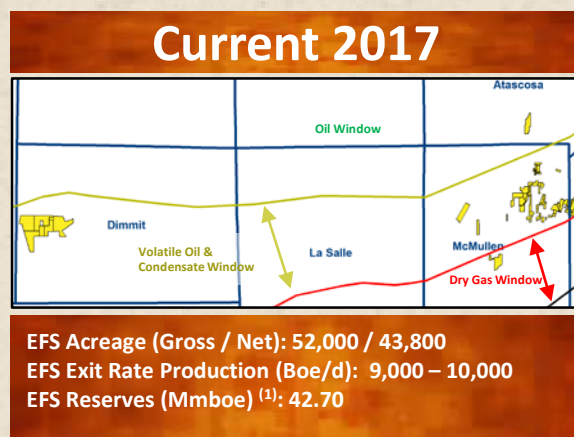

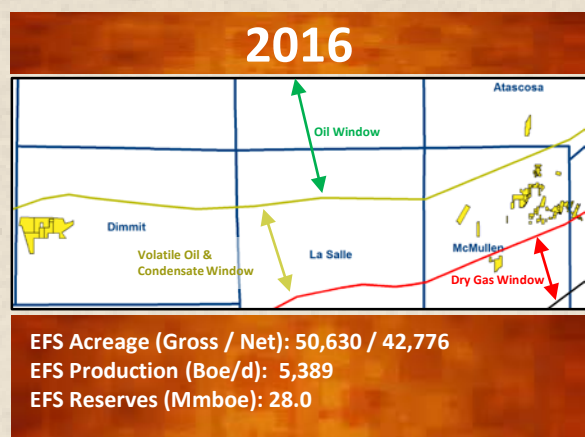

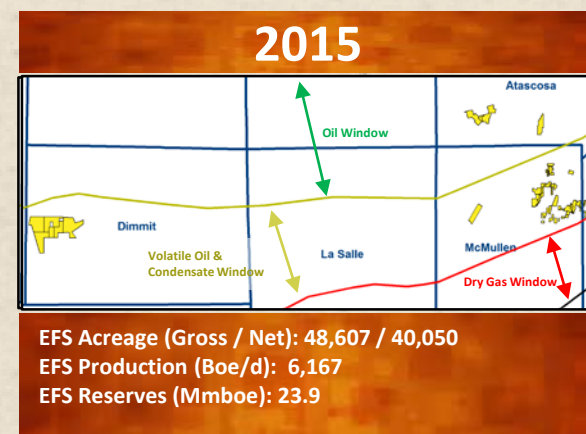

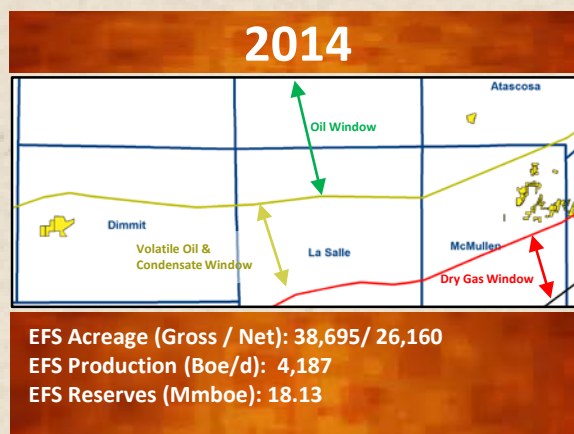

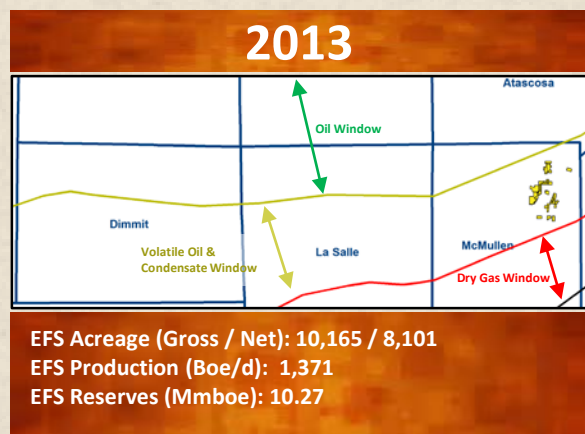

Ticker	SEA (ASX)
	SNDE (Nasdaq)
Share count (ASX)	1,253 million
ADR count (Nasdaq)	12.53 million
Market cap	US\$52 million ⁽¹⁾
Enterprise value	US\$240 million ⁽¹⁾
Proved reserves	42.7 mmboe ⁽²⁾
Pre-tax 1P PV-10	US\$347 million ⁽²⁾
Pre-tax PDP PV-10	US\$223 million ⁽²⁾
2017E exit rate (boe/d)	9,000 – 10,000 ⁽³⁾

Dimmit Position
 Targeting: Eagle Ford
 Net acres: ~19,000
 Gross operated wells completed: 14
 PDP PV-10: ~\$24.0 million⁽²⁾
 1P PV-10: ~\$33.3 million⁽²⁾

McMullen/Live Oak/Atascosa Position
 Targeting: Eagle Ford
 Net acres: ~24,800
 Gross operated wells completed: 72
 PDP PV-10: ~\$198.6 million⁽²⁾
 1P PV-10: ~\$313.4 million⁽²⁾

Evolution In The Eagle Ford – Building Critical Mass

(1) Based on internal mid-year reserves valuation (as of July 2017) using NYMEX strip at 30 June 2017. Reserves estimates for years prior to 2017 are calculated using SEC pricing.

Sundance Overview

Company Strategy

- Pure play Eagle Ford aggregator
 - Eagle Ford position has grown to 43,800 net acres since entering basin in 2013
 - Continue upgrading inventory by aggregating assets with returns in the top half of current inventory
 - Divested Oklahoma assets for net proceeds of \$16.6 million in 2017

- Utilize leading edge well designs to maximize economics
 - Top 2 180-day initial production rates in core operating area
 - Initial 2017 wells outperforming type curves
 - 2017 Dimmit completions demonstrate improving recoveries and economics on 260 potential locations

- Simple capital structure with no complex long term contractual commitments
 - No debt maturities until 2020 with adequate covenant headroom
 - Pursue opportunities in the near term to increase liquidity without diluting shareholders
 - Shareholder value creation measured by success by growth in production, reserves and net asset value per debt adjusted share

2017 Development Plan

12 of 14 net wells in McMullen Area

- Drilling completed for 2017
- Teal-Hoskins and Liberstat pad completions finished with flowback on 6 net wells beginning in July 2017
- Completion crew returned in September to finish 2017 program

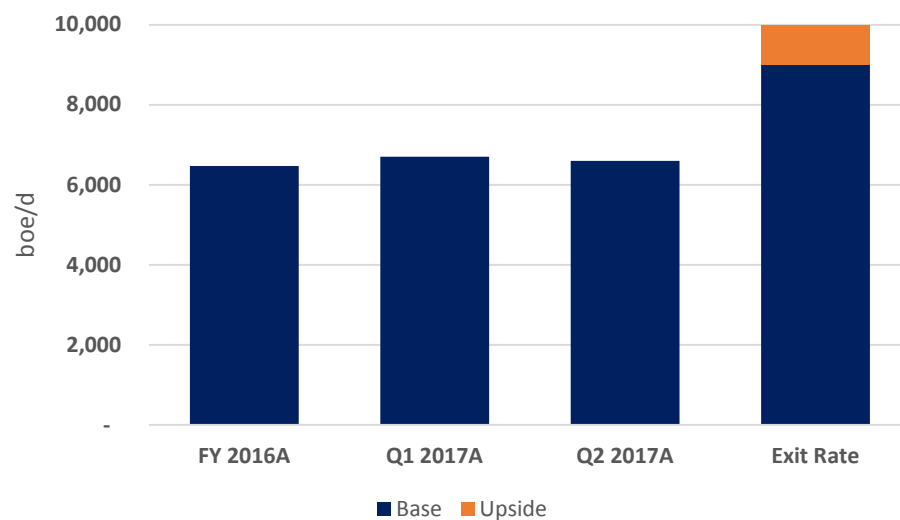

Note: Final completion schedule is being reviewed due to hurricane delays, which may impact Q4 IP's and 2017 exit rate.

2017 Development Plan

14 net well IPs drive production growth

- Q2 increased to 6,600 boe/d.
- Q3 production growth driven by 6 net well IPs in July 2017
- Production mix 70% oil/12% NGLs

Note: Final completion schedule is being reviewed due to hurricane delays, which may impact 2017 exit rate.

2017 Development Plan

YTD well results significantly outperforming type curves

Atascosa 2016 - 2017 - CUM OIL Performance

Dimmit 2016 - 2017 - CUM OIL Performance

2017 Development Plan

YTD well results significantly outperforming type curves

McMULLEN AREA 4 TC 2017 Drilling - CUM BO/FT Performance

MCM AREA 3 N-S TC 2017 Drilling - CUM BO/FT Performance

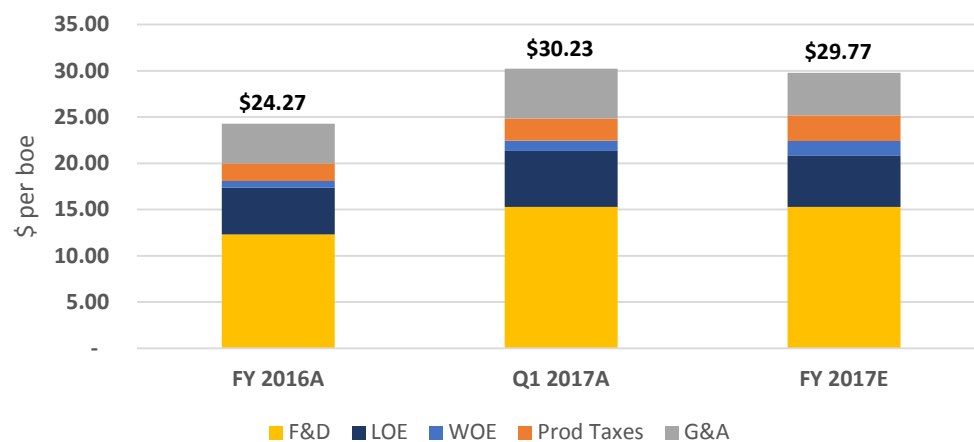

Note: LLEF: Lower Lower Eagle Ford , ULEF : Upper Lower Eagle Ford
Teal Hoskins 4H , Libersat 3UH completed in ULEF
Teal Hoskins 1H and 2H , Libersat 1H and 2H completed in LLEF

2017 Development Plan

Cost structure

- F&D cost increase due to higher costs on new frac design modeled against recoveries from old designs
- Production growth in second half of 2017 leads to dilution of fixed operating costs

Note: F&D is PDP Finding & Development costs and G&A represents cash G&A.

▪ Key Benefits / Features

- \$30MM revenue advance repaid through delivery of oil production
- Addresses near-term liquidity constraints, allowing for execution of 2017 business plan
- Principal balance is repaid at a rate of \$20/bbl in Q4 '17, and \$25/bbl in Q1 '18
- Continue to receive market price for crude with more favorable marketing terms
- Benefit of new marketing terms more than offset facility cost of capital
- Establishes strategic, long-term relationship with one of the World's largest energy marketers

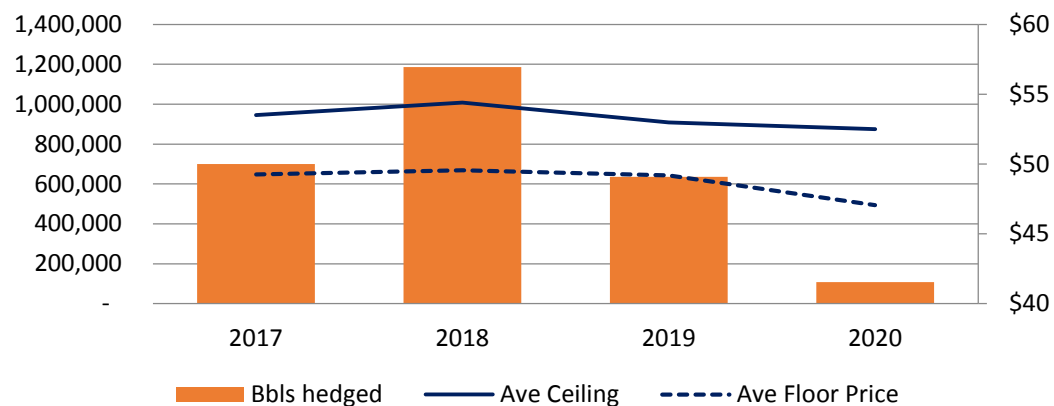

Balance Sheet & Hedges

Net Debt at June 30

	\$ millions
Revolver debt	67.0
Term debt	125.0
Total Long Term Debt	\$ 192.0
Cash	\$ 4.3
Net Debt	\$ 187.7

- \$30 million available under Vitol Revenue Advance agreement signed in July 2017
- Borrowing base re-affirmed after sale of OK assets with \$14 million PDP PV10⁽²⁾
- Revolver matures in May 2020 and term loan in November 2020

Oil Hedges ⁽¹⁾

(1) As of 22 September 2017. 2017 hedges represent the remaining hedges for 2017.

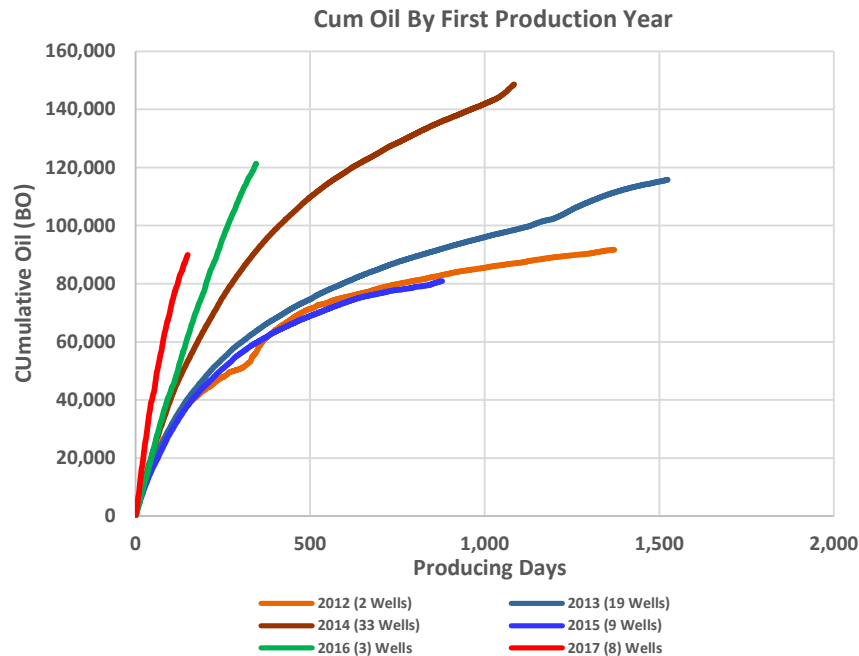

(2) Reserve report based on Ryder Scott valuation (dated as of 1 January 2017) using NYMEX strip prices as at 31 December 2016

Asset Overview

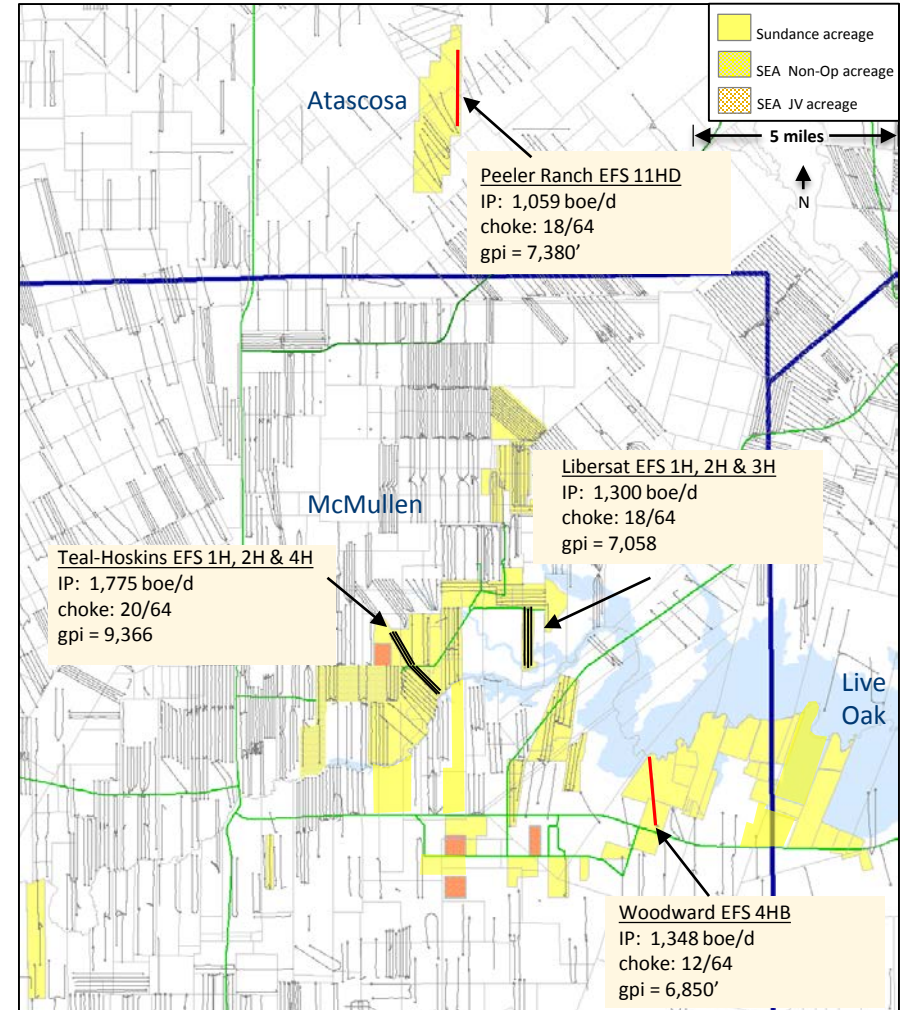

McMullen, Atascosa and Live Oak Counties

Proven track-record of improving results

- 277 gross (233 net) remaining locations with 35 net remaining refrac candidates⁽¹⁾
- 92 Eagle Ford PDP wells
- Typical well has >525,000 boe EUR and IRR of ~42%⁽²⁾

Eagle Ford producing wells

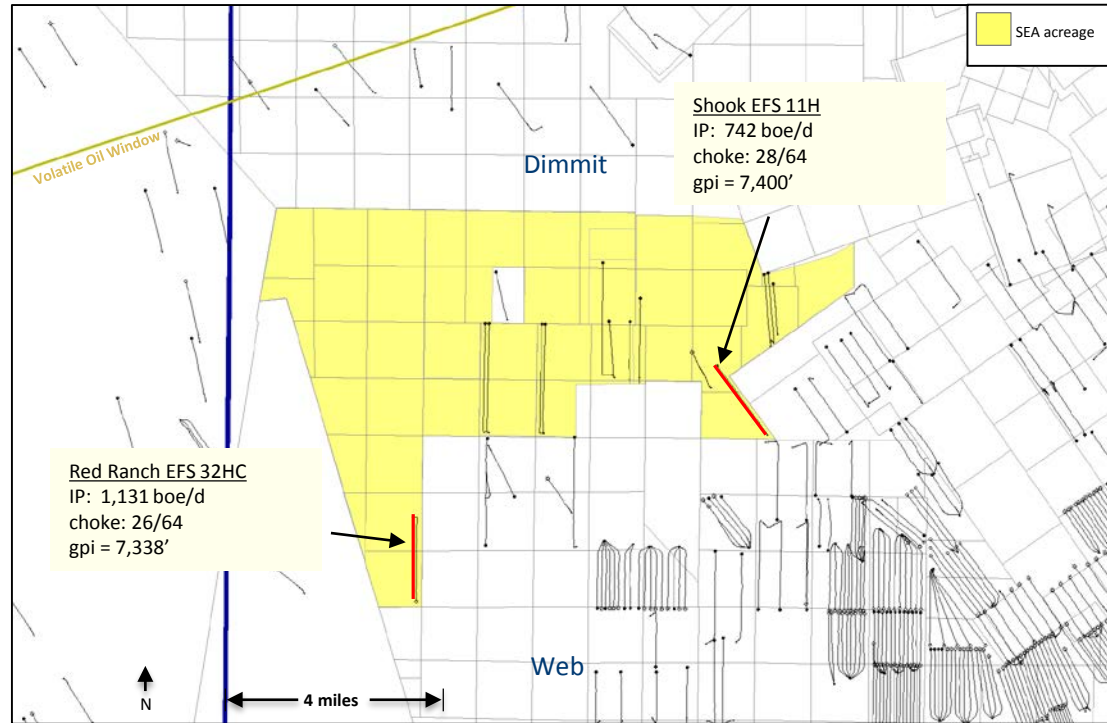

Asset Overview

Dimmit County

Upside in Large Contiguous Position

- 260 gross (228 net) remaining locations with proven stagger stack development
- 14 EGFD PDP wells
- Typical well has 464,000 boe EUR and IRR of ~30%⁽¹⁾

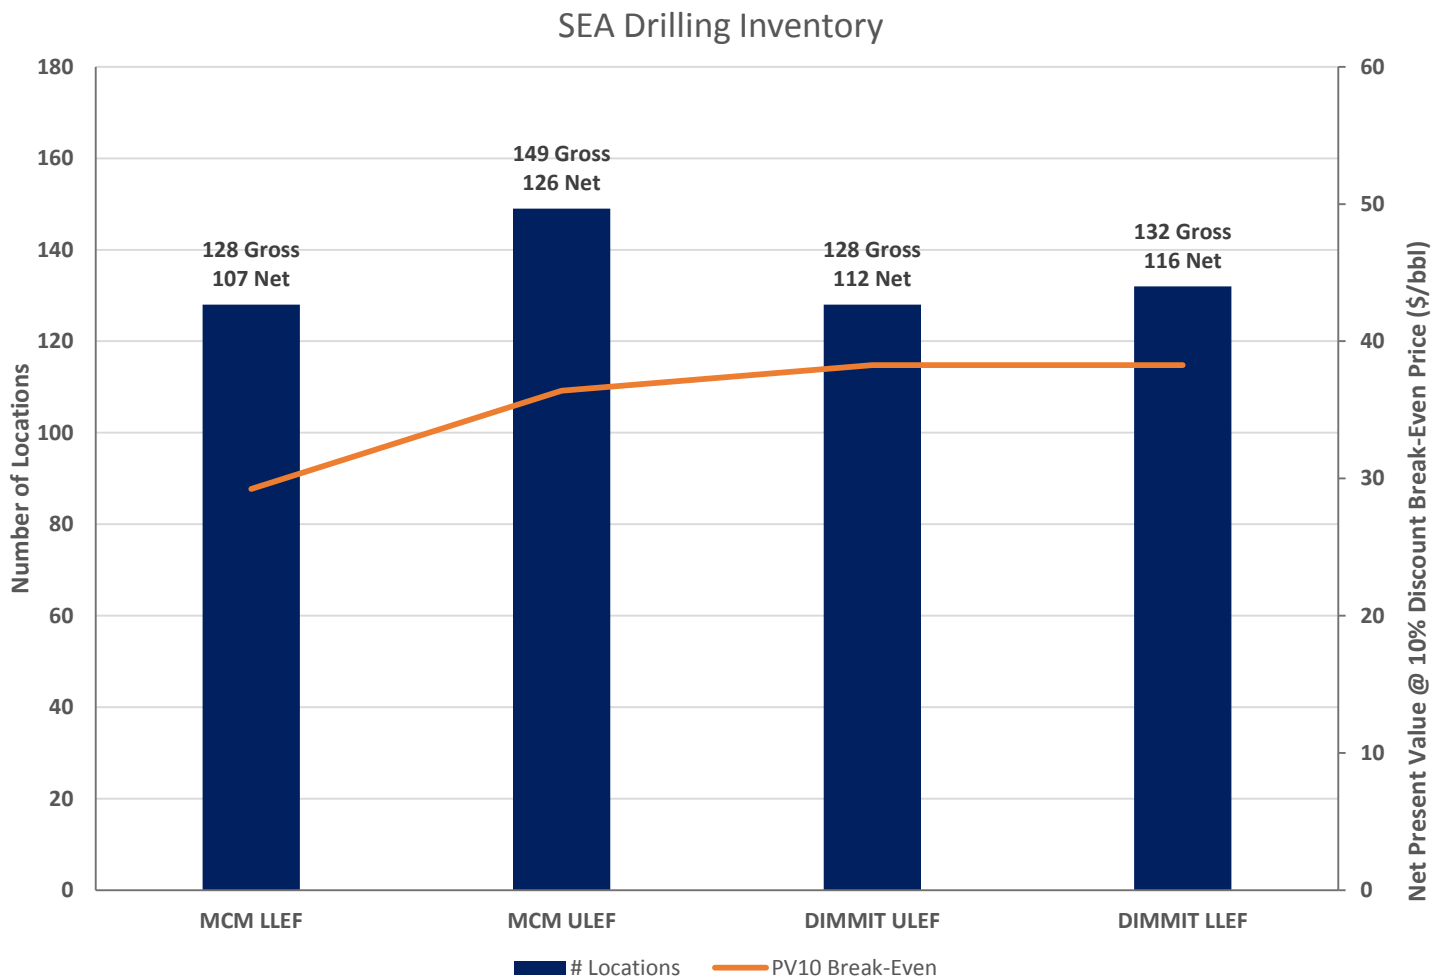

Eagle Ford producing wells

(1) Based on internal Company estimates at July 2017, using NYMEX strip prices at July 2017. IRR is a blended rate between the Red Ranch 32 and the Shook 11 wells.

Eagle Ford Inventory Analysis

Remaining Drilling Locations⁽¹⁾

Note: Based on internal Company estimates as at July 2017. McMullen includes Live Oak and Atascosa

ULEF: Upper-Lower Eagle Ford
LLEF: Lower-Lower Eagle Ford

Summary

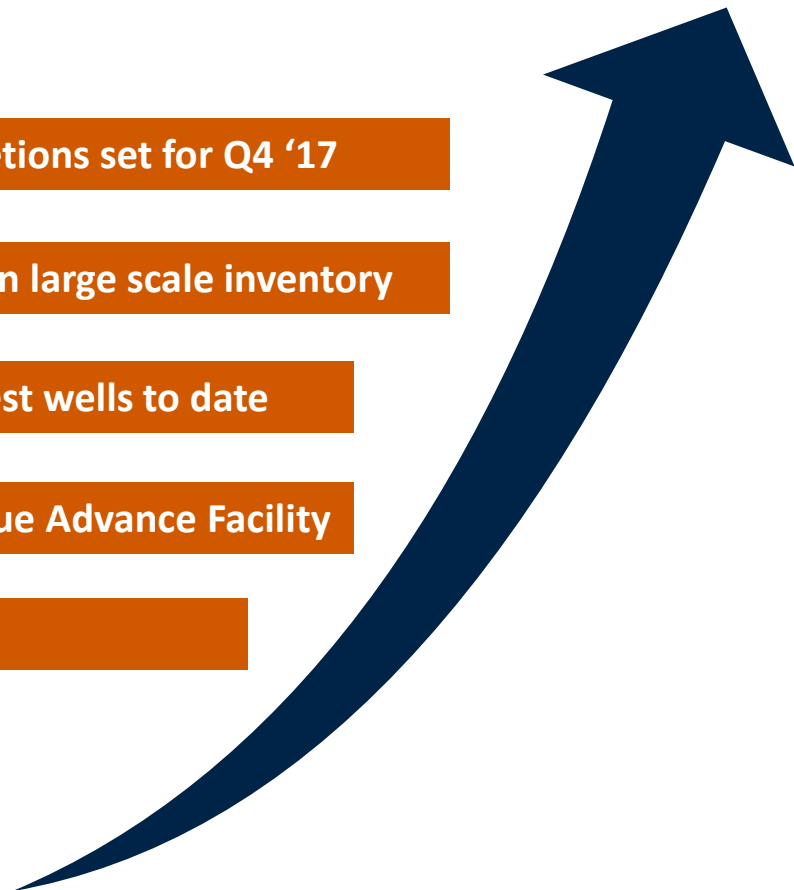

2017 Drilling program complete with 4 McMullen completions set for Q4 '17

2017 Dimmit / McMullen results proving up economics on large scale inventory

Enhanced completion designs resulting in some of our best wells to date

Addressed near-term liquidity concerns with Vitol Revenue Advance Facility

2017 exit rate forecast of 9,000-10,000 boe/d⁽¹⁾

(1)

Final completion schedule is being reviewed due to hurricane delays, which may impact 2017 exit rate.

Appendix

Executive summary

Management team

Eric McCrady, Managing Director & CEO

Eric was appointed CEO in April 2011 and Managing Director of the Board in November 2011. He served as CFO from June 2010 until becoming CEO. Eric has over 15 years of entrepreneurial experience with an extensive track record in investment evaluation and management, acquisitions and divestitures, strategic planning, general management, risk management, and capital formation with companies including The Broe Group, a private investment firm, GE Capital and American Coin Merchandising.

Cathy Anderson, Chief Financial Officer

Cathy was appointed CFO in December 2011. Cathy is a Certified Public Accountant with over 30 years experience, primarily in the oil and gas industry, in budgeting and forecasting, regulatory reporting, corporate controls, financial analysis and management reporting with various public and private companies including Key Production (predecessor of Cimarex), OptiGas and Arthur Andersen.

Grace Ford, Chief Operating Officer

Grace was appointed Chief Operating Officer in August 2015 and VP of Exploration and Development in March 2013. She served as VP of Geology from September 2011. Grace has over 20 years of technical experience focused on geology resource play evaluation and development, exploration, well and completion design, and reservoir characterization with companies including EOG Resources, Baytex Energy USA and Marathon.

Mike Wolfe, Vice President, Land

Mike was appointed VP of Land in March 2013. He served as Senior Land Manager from December 2010. Mike has over 30 years of senior land management experience including field leasing, acquisitions and divestitures, title, lease records, and management of a multi-rig drilling program with companies such as Cimarex and Texaco.

Trina Medina, Vice President, Reservoir Engineering

Trina was appointed VP of Reservoir Engineering in September 2015. Trina has over 20 years of broad reservoir engineering experience focused across conventional, unconventional and secondary recovery evaluation and development projects, including corporate reserves with companies such as Newfield, Stone Energy Corp, PDVSA (PDVSA E&P). Trina is a member of SPE and SPEE and reviewer for SPE.

Board of Directors

Mike Hannell, Chairman

45 years' experience in upstream and downstream petroleum industry. Previously held senior positions with Santos Ltd and Mobil Oil.

Eric McCrady, Managing Director & CEO

Previously CFO of Sundance Energy. More than 15 years' entrepreneurial experience with an extensive track record in M&A, JVs, IPOs, privatization transactions, and senior and mezzanine debt transactions.

Damien Hannes, Non-Executive Director

More than 25 years' finance experience; most recently, 15 years with Credit Suisse in Asia Pacific region.

Weldon Holcombe, Non-Executive Director

More than 30 years' technical, operational and managerial experience in leading US unconventional resource plays. Most recently Executive VP, Mid-Continent Region for Petrohawk Energy Corporation.

Neville Martin, Non-Executive Director

Former partner and current consultant at Minter Ellison in Adelaide. 40 years' experience in corporate law and mining and gas law. Former state president of the Australian Mining & Petroleum Law Association.
