Recommendation

The Board (Douglas Rathbone abstaining) recommends that Members vote in favour of resolution 3.

Item 5 - Approval of previous issue of securities (Resolution 4)

ASX Listing Rule 7.1 generally restricts listed companies from issuing more than 15% of their issued share capital in any 12 month period without Member approval. ASX Listing Rule 7.4 provides that where the holders of ordinary securities in a company subsequently approve a previous issue of securities, those securities will be deemed to have been made with shareholder approval for the purpose of ASX Listing Rule 7.1 provided that the previous issue did not breach ASX Listing Rule 7.1.

During the last 12 months, the Company issued Shares and Options to a number of parties in reliance of its 15% capacity under ASX Listing Rule 7.1 and additional 10% capacity under ASX Listing Rule 7.1A approved by Members at the 2016 Annual General Meeting. The Company is seeking approval under ASX Listing Rule 7.4 for these previous issuances to reinstate the Company's capacity to issue securities up to 15% of its issued Shares without the approval of its Members in any 12 month period.

a) Resolution 4

The following information is provided in relation to the issue of securities on 18th August 2017:

Number of Shares issued	921,269
Issue price	\$0.09
Terms of the Shares	Fully paid ordinary shares
Alloftees	Professional and sophisticated investor clients
Use of funds	To progress the Company's strategy of commercialising the Glycell™ process, advancing the development of its first commercial-scale facility through potential projects in Malaysia and providing working capital.

Recommendation

The Board recommends that Members vote in favour of resolution 4.

Item 6 - Approval of 10% Placement Facility (Resolution 5)

ASX Listing Rule 7.1A enables eligible entities to issue equity securities up to 10% of its issued share capital through placements in the 12 month period after the Annual General Meeting (**10% Placement Facility**). The 10% Placement Facility is in addition to the Company's 15% placement capacity under ASX Listing Rule 7.1.

An eligible entity for the purposes of ASX Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalization of \$300 million or less. The Company is an eligible entity as its market capitalisation as at 13 September 2017 is \$18 million.

The Company is seeking Member approval by way of a special resolution to have the ability to issue equity securities under the 10% Placement Facility. The exact number of equity securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (refer below).

The Company may use the 10% Placement Facility to fund ongoing development.

Description of ASX Listing Rule 7.1A

The ability to issue equity securities under the 10% Placement Facility is subject to Member approval by way of a special resolution at an Annual General Meeting.

Any equity securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of equity securities of the Company. As at the date of the Notice, the company has on issue one class of quoted equity securities i.e. Ordinary Shares.

a) ASX Listing Rule 7.1 and ASX Listing Rule 7.1A

The ability of an entity to issue equity securities under ASX Listing Rule 7.1A is in addition to the entity's 15% placement capacity under ASX Listing Rule 7.1.

The actual number of equity securities that the Company will have capacity to issue under ASX Listing Rule 7.1A will be calculated at the date of issue of the equity securities in accordance with the formula prescribed in ASX Listing Rule 7.1.A.2.

Any issue of equity securities under the 10% Placement Facility will dilute the interests of Members who do not receive any Shares under the issue.

If resolution 5 is approved by Members and the Company issues the maximum number of equity securities available under the 10% Placement Facility, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Members calculated in accordance with the formula outlined in ASX Listing Rule 7.1A.2, on the basis of the current market price of Shares and the current number of equity securities on issue as at the date of this Notice.

The table also shows the voting dilution impact where the number of Shares on issue (variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Facility.

Number of Shares on Issue	Dilution			
	Issue Price (per Share)	\$0.044	\$0.088	\$0.132
		50% decrease in Issue Price	Current Issue Price	50% increase in Issue Price
202,867,229 (Current)	Shares issued	20,286,723 Shares	20,286,723 Shares	20,286,723 Shares
	Funds raised	\$892,615.81	\$1,785,231.62	\$2,677,847.42
304,300,844 (50% increase)	Shares issued	30,430,084 Shares	30,430,084 Shares	30,430,084 Shares
	Funds raised	\$1,338,923.71	\$1,785,231.62	\$4,016,771.13
405,734,458 (100% increase)	Shares issued	40,573,446 Shares	40,573,446 Shares	40,573,446 Shares
	Funds raised	\$1,785,231.62	\$3,570,463.23	\$5,355,694.85

The table has been prepared on the following assumptions:

- a) The issue price is \$0.88 based on the closing price of Shares on 13 September 2017.
- b) The current issued share capital has been calculated in accordance with the formula in ASX Listing Rule 7.1A.2 as at 13 September 2017.
- c) The Company issues the maximum number of equity securities available under the share issue mandate under ASX Listing Rule 7.1A.
- d) No options are exercised or converted into Shares.
- e) The table shows only the effect of issues of the Company's equity securities under the 10% Placement Facility, not under the Company's 15% placement capacity.

3437-9571-6355v7

Minimum Issue Price

The issue price of equity securities issued under ASX Listing Rule 7.1A must be not less than 75% of the VWAP of equity securities in the same class calculated over the 15 trading days immediately before:

- i) the date on which the price at which the equity securities are to be issued is agreed; or
- ii) if the equity securities are not issued within 5 trading days of the date in paragraph (i) above, the date on which the equity securities are issued.

b) 10% Placement Period

Member approval of the 10% Placement Facility under ASX Listing Rule 7.1A is valid from the date of the Annual General Meeting at which the approval is obtained and expires on the earlier to occur of:

- i) the date that is 12 months after the date of the Annual General Meeting at which the approval is obtained; or
- ii) the date of the approval by Members of a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking),
(10% Placement Period).

c) ASX Listing Rule 7.1A

The effect of resolution 5 will be to allow the Directors to issue the equity securities under ASX Listing Rule 7.1A during the 10% Placement Period without using the Company's 15% placement capacity under ASX Listing Rule 7.1.

ASX Listing Rule 7.1A states that:

In addition to issue under ASX Listing Rule 7.1, an eligible entity which has obtained the approval of the holders of its ordinary securities under ASX Listing Rule 7.1A may issue or agree to issue during the period of the approval a number of equity securities calculated in accordance with the following formula:

$(AxD)-E$

A= *The number of fully paid ordinary securities on issue 12 months before the issue date or date of agreement to issue,*

- *plus the number of fully paid ordinary securities issued in the 12 months under an exception in ASX Listing Rule 7.2,*
- *plus the number of partly paid ordinary securities that became fully paid in the 12 months,*
- *plus the number of fully paid ordinary securities issued in the 12 months with approval of holders of ordinary securities under ASX Listing Rule 7.1 or 7.4,*
- *less the number of fully paid ordinary securities cancelled in the 12 months.*

D=10%

E= *The number of equity securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the issue date or date of agreement to issue that are not issued with the approval of holders of ordinary securities under ASX Listing Rule 7.1 or 7.4.*

Resolution 5 is a special resolution and therefore requires approval of 75% of the votes cast by Members present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Member, by a corporate representative).

Specific information required by ASX Listing Rule 7.3A

Pursuant to and in accordance with ASX Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Facility as follows:

- a) The equity securities will be issued at an issue price of not less than 75% of the VWAP for the Company's equity securities over the 15 trading days immediately before:
 - i) the date on which the price at which the equity securities are to be issued is agreed; or
 - ii) if the equity securities are not issued within 5 trading days of the date in paragraph (i) above, the date on which the equity securities are issued.
- b) If resolution 5 is approved by Members and the Company issues equity securities under the 10% Placement Facility, the existing Members' voting power in the Company will be diluted as shown in the table on page 9 (in the case of listed options, only if the listed options are exercised). There is a risk that:
 - i) the market price for the Company's equity securities may be significantly lower on the date of the issue of the equity securities than on the date of the Meeting; and
 - ii) the equity securities may be issued at a price that is at a discount to the market price for the Company's equity securities on the issue date or the equity securities are issued as part of the consideration for the acquisition of a new asset, which may have an effect on the amount of funds raised by the issue of the equity securities.
- c) The Company will only issue and allot the equity securities during the 10% Placement Period. The approval under resolution 5 for the issue of the equity securities will cease to be valid in the event that Members approve a transaction under ASX Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).
- d) The Company may seek to issue the equity securities for the following purposes:
 - i) non-cash consideration for the acquisition of new resources, assets and investments. In such circumstances the Company will provide a valuation of the non-cash consideration as required by ASX Listing Rule 7.1A.3; or
 - ii) cash consideration. In such circumstances, the Company intends to use the funds raised towards an acquisition of new assets or investments (including expense associated with such acquisition), continued research and development, feasibility study and commercialisation expenditure on the Company's current assets and/or general working capital.

The Company will comply with the disclosure obligations under the ASX Listing Rules 7.1A.4 and 3.10.5A upon issue of any equity securities.

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of the equity securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- a) the methods of raising funds that are available to the Company, including but not limited to, rights issue or other issue in which existing security holders can participate;
- b) the effect of the issue of the equity securities on the control of the Company;
- c) the financial situation and solvency of the Company; and

3437-9571-6355v7

d) advice from corporate, financial and broking advisers (if applicable).

Voting Exclusion

A voting exclusion statement for this resolution is included in this Notice. As at the date of this Notice, the Company has not invited any existing Member or an identifiable class of existing Members to participate in an issue of equity securities under ASX Listing Rule 7.1A. Therefore, no existing Members will be excluded from voting on resolution 5.

Recommendation

The Board recommends that Members vote in favour of resolution 5.

Item 7 - Approval of performance rights issue to Managing Director under the Employee Performance Rights Plan (Resolution 6)

The Company adopted the Employee Performance Rights Plan to incentivise eligible staff members, including Directors, to perform at a high level for the long-term. In accordance with ASX Listing Rule 10.14, approval is sought to issue the Managing Director, Mr Ken Richards, with 1,255,056 performance rights under the Employee Performance Rights Plan. The Employee Performance Rights Plan was approved by Members at the 2015 Annual General Meeting.

ASX Listing Rule 10.14 requires Member approval to be obtained to permit a director of an entity or an associate of a director of an entity, or a person whose relationship with the entity is, in the ASX's opinion, such that approval should be obtained, to acquire securities under an employee incentive plan.

In accordance with listing rule 10.11, the Managing director, Mr Ken Richards has agreed to accept 1,255,056 performance rights in lieu of payment of the following amounts, owing to him:

- a) Short-term incentive bonus for the 2016/2017 year - \$18,375 (194,819 performance rights)
- b) Entitlement under the LTI Plan - \$100,000 (1,060,237 performance rights)

Mr Richards has agreed to accept his short-term incentive bonus of \$18,375 by way of 194,819 performance rights in the company calculated by dividing \$18,375 by the VWAP of Shares during June 2017 of \$0.094 per Share. The vesting condition being the continuation of employment until 1 July 2018.

The Board has approved a long-term incentive grant of \$100,000 to Ken Richards to be effected by way of the issue of performance rights under the Employee Performance Rights Plan. It is proposed that 1,060,237 performance rights be issued to Mr Richards being \$100,000 divided by the VWAP of Shares during June 2017 of \$0.094 per Share.

The vesting conditions for the 1,060,237 performance rights are:

- a) Continuation of employment until 1 July 2018; and
- b) If:
 - i. the VWAP of Shares during June 2018 is at least \$0.19 (i.e. at least double the VWAP of Shares during June 2017), 100% of the performance rights will vest;
 - ii. the VWAP of Shares during June 2018 is less than \$0.14 (i.e. less than 50% higher than the VWAP of Shares during June 2017), no performance rights will vest;
 - iii. the VWAP of Shares during June 2018 is between \$0.14 and \$0.19, between 50% and 100% of the performance rights will vest on a pro-rata basis.

If the performance rights vest, they will vest in three equal tranches on 1 July 2018, 1 July 2019 and 1 July 2020 respectively. There is a further condition of continued employment attached to each tranche meaning Mr Richards must be employed on 1 July 2019 and 1 July 2020 for the second and third tranche to vest, respectively.

ASX Listing Rule 10.15 requires certain information to be given to Members. This information is supplied in the table below.
