**Financial Statements**

**For the Year Ended 30 June 2017**

**TRANSMETRO CORPORATION LIMITED**

**ABN 45 001 809 043**

**DIRECTORS' REPORT**

Your directors have pleasure in submitting their report for the year ended 30 June 2017.

**DIRECTORS**

The names of the directors of the company in office at the date of this report are:

D Lloyd  
JAC McEvoy  
A Notley  
S Notley (alternate for A Notley)  
P J Frawley

**MEETINGS OF DIRECTORS**

The following table sets out the numbers of meetings of the company's directors held during the year ended 30 June 2016 and the numbers of meetings attended by each director.

	Number eligible to attend	Number attended
D Lloyd	11	11
JAC McEvoy	11	10
A Notley	11	8
S Notley	3	-
P J Frawley	11	11

As at the date of this report the company does not have an audit committee as the Board, consisting of four directors, feels that all matters of audit significance can be adequately dealt with by the Board.

**PRINCIPAL ACTIVITIES**

The principal activities of the consolidated group are the operation of Hotels, Inns, Serviced Apartments, and Theme Pubs.

**RESULTS FOR THE YEAR**

Profit before interest, depreciation and tax from continuing operations was \$3.80 million. After interest, depreciation and tax the net profit of the group was \$781k.

**DIVIDENDS**

A fully franked final dividend for the 2015/16 year of 5 cents per share was paid on 30 June 2016.

A fully franked final dividend for the 2016/17 year of 5 cents per share was paid on 28 June 2017.

**EARNINGS PER SHARE**

Earnings per share from continuing operations were 5.83 cents per share (after interest, depreciation and tax) compared to 7.04 cents for the previous financial year.

## **FINANCIAL POSITION**

The net assets of the consolidated group have increased by \$112K during the year ended 30 June 2017 due to: Group net profit after tax attributable to members of \$781K less dividends paid of \$669K.

## **SIGNIFICANT CHANGES IN STATE OF AFFAIRS**

Other than as noted above, there were no significant changes in the state of affairs of the consolidated group during the financial year.

## **EVENTS SUBSEQUENT TO BALANCE DATE**

No matters or circumstances have arisen since the end of the financial year other than those disclosed in note 32 to the financial report.

## **FUTURE DEVELOPMENTS, PROSPECTS AND BUSINESS STRATEGIES**

Likely developments, future prospects and business strategies of the operations of the consolidated group and the expected results of those operations have not been included in this report as the directors believe, on reasonable grounds, that the inclusion of such information would be likely to result in unreasonable prejudice to the consolidated group.

## **ENVIRONMENTAL ISSUES**

The consolidated group's operations are not subject to any significant environmental regulation under Commonwealth or State law.

## **INFORMATION ON DIRECTORS**

### ***JOHN McEVOY, Chairman***

John has spent more than 30 years in the hospitality industry in Australia. He founded the Metro group in 1976 while in his twenties. He has served as chairman and managing director of Transmetro Corporation since it was incorporated in 1979. Additionally John has extensive experience in marketing and the media, having held a number of executive roles with Consolidated Press's then-radio network, and Channel 9 Sydney.

### ***PETER J FRAWLEY, MBA, Managing Director***

Peter has spent 3 decades in the hospitality industry holding senior positions in a number of major listed hotel groups including Starwood, Accor and CDL Hotels. He was Managing Director of All Seasons Hotels, P&O Cruises. In recent years Peter has undertaken assignments offshore in Asia, India and the UAE for Starwood, Bin Haider Hospitality Dubai, Accor India, and Tradewinds International Malaysia. Peter completed his MBA in Management at Macquarie University and holds a Bachelor of Business in La Trobe University. He also holds a Diploma of Corporate Governance from the Australian Institute of Company Directors.

### ***ALAN NOTLEY, FCPA ACA (NZ) FAIM, Non-Executive Director***

Alan is a former Executive Director of Ansett Transport Industries Limited serving on the Ansett board from 1981 to 1992. Alan also served as Executive Chairman of Traveland International Pty Ltd, which operated 250 travel agencies, Chairman of Ansett Pioneer Bus Lines and Executive Chairman of Diners Club Australia. Alan is presently Chairman of ASP Ship Management Pty Ltd, a major ship management organization.

### ***DAVID LLOYD, Non-Executive Director***

David has widespread commercial experience with several chartered accounting firms in Adelaide, Brisbane and Sydney as a division manager and continues to act as a consultant specialising in corporate investigations, planning and reconstruction.

***SUSAN NOTLEY (B.A. University of Sydney), Non-Executive Director (Alternate director to Alan Notley)***

Susan has had over 20 years experience in the tourism industry at the wholesale distribution level. She currently operates her own consultancy in tourism industry marketing.

**COMPANY SECRETARIES**

David Lloyd and Jakin Agus.

David Lloyd is also a director, and his qualifications and experience are shown above.

***JAKIN AGUS, CPA, Company Secretary***

Jakin Agus has a Bachelor of Commerce degree and has been in the hospitality industry for more than twenty years. He joined Transmetro Corporation Ltd in 2000 as Management Accountant based at the company's head office. A year later he was appointed Financial Controller of the company's Pubs division. In 2005 he was appointed Group Accountant of Metro Hospitality Group. In 2012 he was appointed Group Financial Controller of Metro Hospitality Group.

**INDEMNIFYING OFFICERS OR AUDITOR**

An insurance policy is in place to cover directors and officers, however the terms of the policy prohibit disclosure of the details of the insurance cover and the premiums paid.

The company has not otherwise, during or since the financial year, agreed to indemnify an officer or auditor of the company or of any related body corporate against a liability incurred as such an officer or auditor.

**DIRECTORS' INTERESTS AND BENEFITS**

Shares held by directors and director-related entities at the date of the directors' report are:

	No. of shares held directly	No. of shares held indirectly
P Frawley	-	-
D Lloyd	-	-
JAC McEvoy	5,942,114	5,695,549
A Notley	9,000	-
S Notley	-	-

Since the end of the previous financial year, no director of the company has received or become entitled to receive any benefit by reason of a contract made by the company or a related corporation with the director or with a firm of which the director is a member, or with a company in which the director has a substantial interest.

## REMUNERATION REPORT

This report details the nature and amount of remuneration for each director and key management personnel (KMP) of Transmetro Corporation Limited.

### Remuneration Policy

The remuneration policy of Transmetro Corporation Limited has been designed to align director and KMP objectives with shareholder and business objectives by providing a fixed remuneration component and offering specific long-term incentives based on key performance areas affecting the Consolidated Entity's financial results. The board of Transmetro Corporation Limited believes the remuneration policy to be appropriate and effective in its ability to attract and retain the best KMP and directors to run and manage the Consolidated Entity, as well as create goal congruence between directors, KMPs and shareholders.

The following table shows the gross revenue and results for the last two years for the listed entity, as well as the share price at the end of the respective financial years.

	2017	2016
Revenue from continuing operations	\$32,864,998	\$30,216,497
Net profit	\$780,710	\$898,200
Share price at year end	\$1.025	\$1.05

The board's policy for determining the nature and amount of remuneration for board members and KMP of the Consolidated Entity is as follows:

The remuneration policy, setting the terms and conditions for the KMP directors and other senior KMPs, was developed by the remuneration committee, which currently is the entire board. All KMPs receive a total remuneration package, which may include a base salary (commensurate with their expertise and experience), superannuation, fringe benefits and performance incentives. The remuneration committee reviews KMP packages annually by reference to the Consolidated Entity's performance, KMP performance and comparable information from industry sectors and other listed companies in similar industries.

The performance of KMPs is measured with each KMP and is based predominantly on the forecast growth of the company financial performance and shareholders' value. All bonuses and incentives must be linked to predetermined performance criteria. Any changes must be justified by reference to measurable performance criteria. The policy is designed to attract the highest calibre of KMPs and reward them for performance that results in long-term growth in shareholder wealth.

The company does not have a KMP share option scheme. Directors and KMP do not receive share options.

KMP receive a superannuation guarantee contribution required by the government, which is currently 9.50%. Some individuals, however, have chosen to sacrifice part of their salary to increase payments towards superannuation. KMP are paid employee benefit entitlements accrued to the date of retirement

All remuneration paid to directors and KMP is valued at the cost to the company and expensed.

The board policy is to remunerate non-KMP directors and employees at market rates for comparable companies for time, commitment and responsibilities. The remuneration committee determines payments to the non-KMP directors and employees and reviews their remuneration annually, based on market practice, duties and accountability. Fees for non-KMP directors and employees are not linked to the performance of the Consolidated Entity.

### Performance Based Remuneration

As part of KMPs' remuneration packages there is a performance-based component, consisting of key performance indicators (KPIs). The intention of this program is to facilitate goal congruence between KMPs with that of the business and shareholders. The KPIs are set annually, with a certain level of consultation with KMPs. The measures are specifically tailored to the areas each KMP is involved in and has a level of control over. The KPIs target areas the board believes will improve the performance of the company, covering financial and non-financial as well as short- and long-term goals. The level set for each KPI is based on budgeted figures for the group.

Performance in relation to the KPIs is assessed annually, with bonuses being awarded depending on the KPIs achieved. Following the assessment, the KPIs are reviewed by the Remuneration Committee in light of the desired and actual outcomes, and their efficiency is assessed in relation to the group's goals and shareholder wealth, before the KPIs are set for the following year.

In determining whether or not a KPI has been achieved, Transmetro Corporation Limited bases the assessment on audited figures where appropriate.

#### **Company Performance, Shareholder Wealth and Directors' and KMPs' Remuneration**

The remuneration policy has been tailored to increase goal congruence between shareholders and directors and KMPs, being a performance based bonus based on key performance indicators. The company believes this policy should be effective in increasing shareholder wealth over the medium term.

The board will review its remuneration policy annually to ensure it is effective.

#### **Performance Income as a proportion of Total Remuneration**

KMP are paid performance based bonuses based on a proportion of their total remuneration package. The remuneration committee has set these bonuses to encourage achievement of specific goals that have been given a high level of importance in relation to the future growth and financial performance of the Consolidated Entity. The remuneration committee will review the performance bonuses to gauge their effectiveness against achievement of the set goals, and adjust future years' incentives as they see fit, to ensure use of the most cost effective and efficient methods.

All KMPs' remuneration for the year ended 30 June 2017 had a fixed component and a variable component of their overall remuneration, with the variable part of their remuneration paid subject to a performance condition.

#### **Employment Contracts of Directors and KMPs**

The employment conditions of the chief KMP are formalised in contracts of employment. All KMPs are permanent employees of Transmetro Corporation Limited. No contract is for a fixed term. Each contract states it can be terminated by the company by giving up to three to six months notice and by paying a redundancy of between three to six months.

#### **Key Management Personnel compensation**

Names and positions held of economic and parent entity key management personnel in office at any time during the financial year are:

<b>Key Management Person</b>	<b>Position</b>
JAC McEvoy	Chairman
P J Frawley	Managing Director - Executive
A Notley	Non-Executive Director
D Lloyd	Non-Executive Director
J Agus	Company Secretary and Group Financial Controller
P Rogers	General Manager - Property
E Muir (resigned 30 September 2016)	General Manager - Property
S Nemetz	General Manager - Property
D Robinson	General Manager - Property
A Warne (appointed 24 May 2017)	General Manager - Property
D Harlick (retired 07 July 2017)	General Manager - Property
R Pirie	Director of Sales & Marketing

There were no other transactions with directors and KMP during the financial year ended 30 June 2017.

\* A Warne was appointed KMP on 24 May 2017.

\*\* D Harlick retired from KMP on 7 July 2017.

\*\*\* E Muir resigned from KMP on 30 September 2016.

## **NON-AUDIT SERVICES**

The Board of Directors is satisfied that the provision of non-audit services during the year is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001.

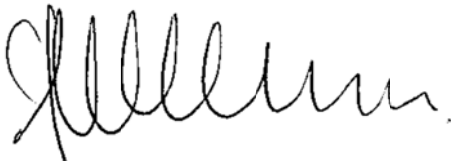

The directors are satisfied that the services disclosed below did not compromise the external auditor's independence as the nature of the services provided do not compromise the general principles relating to auditor independence set out in APES 110: Code of ethics for Professional Accountants set by Accounting Professional and Ethical Standards Board.

Fees of \$6,500 were payable to the external auditors during the year ended 30 June 2017 for the preparation of income tax returns, and fees of \$200 were payable for other services.

## **AUDITOR'S INDEPENDENCE DECLARATION**

The lead auditor's independence declaration for the year ended 30 June 2017 is attached to this report.

Signed at Sydney this 29<sup>th</sup> day of September 2017 in accordance with a resolution of the directors.

A handwritten signature in black ink, appearing to read 'J McEvoy', with a stylized, cursive script.

**J McEvoy**  
**Chairman**

**TRANSMETRO CORPORATION LIMITED**

**DIRECTORS' DECLARATION**

The directors of the company declare that:

1. The accompanying financial statements and notes are in accordance with the Corporations Act 2001 and:
  - (a) comply with Accounting Standards and the Corporations Regulations 2001; and
  - (b) give a true and fair view of the financial position as at 30 June 2017 and of the performance for the year ended on that date of the company and consolidated group.
2. The Group Financial Controller have each declared that:
  - (a) the financial records of the company for the financial year have been properly maintained in accordance with section 286 of the Corporations Act 2001;
  - (b) the financial statements and notes for the financial year comply with the Accounting Standards; and
  - (c) the financial statements and notes for the financial year give a true and fair view.
3. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors and is signed for and on behalf of the directors by:

A handwritten signature in black ink, appearing to read 'J McEvoy', with a stylized, cursive script.

**J McEvoy**  
**Chairman**

Signed at Sydney this 29<sup>th</sup> day of September 2017.

## **INDEPENDENT AUDITOR'S REPORT**

To the members of Transmetro Corporation Limited

### **Report on the Audit of the Financial Report**

#### **Opinion**

We have audited the financial report of Transmetro Corporation Limited (the Company) and its subsidiaries (collectively the Group), which comprises the consolidated balance sheet as at 30 June 2017, the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the Corporations Act 2001, including:

- i. giving a true and fair view of the Group's financial position as at 30 June 2017 and of its financial performance for the year then ended; and
- ii. complying with Australian Accounting Standards and the Corporations Regulations 2001.

#### **Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current year. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### *Valuation of Freehold Properties*

As disclosed in note 12, the Group holds freehold properties of \$24,884,893 as at 30 June 2017 and this is a significant asset of the Group. The properties were valued by the directors in the current financial year. The valuation methodology was based on work carried out by an independently licensed valuer for the financial year ended 30 June 2016.

Hotel properties valuations are sensitive to the key assumptions applied in valuations, in particular, capitalisation rates, growth forecasts and the discounted cash flow outcomes.

To address this risk our audit procedures included the following:

- we reviewed the internal valuation process and considered the valuation methodology used by the directors to ensure that their approach is consistent with the valuation methodology used by the independent licenced valuer;

- we checked the reliability of the underlying assumptions used in the valuations;
- we compared the inputs in the valuations, including the capitalisation rates, discount rates and net income yields to historical data and available industry data and discussed with management any factors that would significantly affect these underlying assumptions; and
- we considered the adequacy of disclosures in the financial statements.

#### Carrying value of intangible assets

As disclosed in note 16, the group holds intangible assets of \$1,153,427 as at 30 June 2017 and this is a substantial asset of the Group that are subject to an impairment assessment in accordance with AASB 136 “Impairment of Assets”.

The impairment assessment of intangible assets requires valuation that is subjective and based on a number of assumptions, specifically cash flow projections, growth rates and discount rates which are affected by future events and economic conditions.

To address this risk our audit procedures included the following:

- we assessed management’s determination of the Group’s cash generating units (CGUs);
- we reviewed and evaluated the methodology used by the management and reviewed the mathematical accuracy of management’s cashflow forecasts;
- we evaluated the key assumptions used by management in their cash flow forecast to determine the recoverability of intangible assets and agreed the data to relevant supporting documents;
- we challenged the key assumptions by considering the evidence available to us internally and externally;
- we considered the historical reliability of prior period cash flow forecasts;
- we considered the sensitivity of the key assumptions such as growth rates and discount rates used in the cash flow forecast; and
- we assessed the adequacy of the Group’s disclosure in relation to the carrying value of intangible assets.

#### **Other Information**

The directors are responsible for the other information. The other information comprises the information included in the Group’s annual report for the year ended 30 June 2017, but does not include the financial report and our auditor’s report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of the Directors for the Financial Report**

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

#### **Auditor’s Responsibilities for the Audit of the Financial Report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or

error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: [http://www.auasb.gov.au/auditors\\_responsibilities/ar2.pdf](http://www.auasb.gov.au/auditors_responsibilities/ar2.pdf).

### **Report on the Remuneration Report**

#### *Opinion on the Remuneration Report*

We have audited the Remuneration Report included in the directors' report for the year ended 30 June 2017.

In our opinion, the Remuneration Report of Transmetro Corporation Limited, for the year ended 30 June 2017, complies with section 300A of the Corporations Act 2001.

#### *Responsibilities*

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

### **LEAD AUDITOR'S INDEPENDENCE DECLARATION** **UNDER SECTION 307C OF THE CORPORATIONS ACT 2001** **TO THE DIRECTORS OF TRANSMETRO CORPORATION LIMITED**

I declare that, to the best of my knowledge and belief, during the year ended 30 June 2017 there have been:

- (i) no contraventions of the auditor independence requirements as set out in the Corporations Act 2001 in relation to the audit; and
- (ii) no contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of Transmetro Corporation Limited and the entities it controlled during the year.

Signed this 29<sup>th</sup> day of September 2017 at Sydney, New South Wales.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

**1. REPORTING ENTITY**

Transmetro Corporation Limited is a company domiciled in Australia. The consolidated financial statements of the Company as at and for the year ended 30 June 2017 comprise the Company and its controlled entities (together referred to as the Consolidated Entity). The Consolidated Entity is primarily involved in the hospitality sector.

**2. BASIS OF PREPARATION**

**a. Statement of compliance**

The financial report is a general purpose financial report which has been prepared in accordance with Australian Accounting Standards (AASBs) (including Australian Interpretations) adopted by the Australian Accounting Standards Board and the Corporations Act 2001. The financial report of the Consolidated Entity and the financial report of the Company comply with International Financial Reporting Standards and Interpretations adopted by the International Accounting Standards Board.

**b. Basis of measurement**

The consolidated financial statements have been prepared on the historical cost basis.

**c. Functional and presentation currency**

These consolidated financial statements are presented in Australian dollars, which is the Company's functional currency.

**d. Use of judgments and estimates**

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is described in the following areas:

- Provisions and Employee benefits
- Fair value measurement

**3. SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies set out below have been applied consistently to all periods presented in these consolidated financial statements and have been applied consistently by all entities in the Consolidated Entity.

**a. Basis of Consolidation**

*Controlled entities*

Controlled entities are entities controlled by the Company. Control exists when the Company has power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that presently are exercisable or convertible are taken into account. The financial statements of controlled entities are included in the consolidated financial statements from the date that control commences until the date that control ceases. Investments in controlled entities are carried at their cost of acquisition in the Company's financial statements.

*Transactions eliminated on consolidation*

Intra-group balances and any unrealised gains and losses or income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

**b. Income Recognition**

Revenue from the rendering of a service is recognised upon the delivery of the service to the customer. All revenue is stated net of the amount of goods and services tax (GST).

*Sales revenue*

Sales revenue comprises revenue earned (net of returns, discounts and allowances) from the provision of service. Revenue from the sale of goods is recognised upon dispatch of goods to customers.

*Other income*

Other income is recognised on a systematic basis over the periods necessary to match it with the related costs for which it is intended to compensate or, if the costs have already been incurred, in the period in which it becomes receivable. The income is deemed to be receivable when the entitlement is confirmed. Income from subsidiaries and associates are recognised by the parent when the distributions are declared.

**c. Goods and Services Tax**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense. Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to, the relevant taxation authority is included as a current asset or liability in the balance sheet. Cash flows are included in the statement of cash flows on a gross basis. The GST components of cash flows arising from investing and financing activities, which are recoverable from, or payable to, the relevant taxation authority are classified as operating cash flows.

**d. Foreign Currency**

*Foreign currency transactions*

Transactions in foreign currencies are translated to the respective functional currencies of controlled entities at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the foreign exchange rate ruling at that date. Non-monetary transactions denominated in foreign currencies that are stated at historical cost are translated using the exchange rate at the date of the transaction. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated to the functional currency at the foreign exchange rates ruling at the date the fair value was determined. Foreign exchange differences arising on translation are recognised in the income statement.

**e. Cash and cash equivalents**

Cash and cash equivalents comprise cash balances and call deposits with an original maturity of three months or less.

**f. Provisions**

A provision is recognised in the balance sheet when the Consolidated Entity has a present legal or constructive obligation as a result of a past event that can be measured reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

*Amortisation*

Amortisation is recognised in the income statement on a straight-line basis over the estimated useful lives of the intangible assets from the date they are available for use unless such lives are indefinite. Intangible assets with an indefinite useful life are systematically tested for impairment annually.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

**g. Impairment**

The carrying amounts of the Consolidated Entity's assets, other than inventories (see accounting policy (m)) are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated (see below). An impairment loss is recognised whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. Impairment losses are recognised in the income statement unless the asset has previously been revalued, in which case the impairment loss is recognised as a reversal to the extent of that previous revaluation with any excess recognised through the income statement. Impairment losses recognised in respect of cash generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash generating unit or a group of units and then, to reduce the carrying amount of the other assets in the unit or a group of units on a pro-rata basis.

*Calculation of recoverable amount*

*Receivables*

The recoverable amount of the Consolidated Entity's investments in receivables carried at amortised cost is calculated as the present value of estimated future cash flows, discounted at the original effective interest rate (i.e. the effective interest rate computed at initial recognition of these financial assets). Receivables with a short duration are not discounted. Impairment of receivables is not recognised until objective evidence is available that a loss event has occurred. Significant receivables are individually assessed for impairment. Impairment testing of significant receivables that are not assessed as impaired individually is performed by placing them into portfolios of significant receivables with similar risk profiles and undertaking a collective assessment of impairment. Non-significant receivables are not individually assessed. Instead, impairment testing is performed by placing non-significant receivables in portfolios of similar risk profiles, based on objective evidence from historical experience adjusted for any effects of conditions existing at each balance date. The allowance for impairment is calculated with reference to the profile of debtors in the Consolidated Entity's sales and marketing regions.

*Other Assets*

The recoverable amount of other assets is the greater of their fair value less costs to sell, and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generate cash flows from continuing use that are largely independent of the cash flows of other assets or groups of assets (cash generating units). The goodwill acquired in a business combination, for the purpose of impairment testing is allocated to the cash generating units that are expected to benefit from the synergies of the combination. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash generating unit to which the asset belongs.

*Reversals of Impairment*

An impairment loss in respect of a receivable carried at amortised cost is reversed if the subsequent increase in recoverable amount can be related objectively to an event occurring after the impairment loss was recognised. An impairment loss in respect of goodwill is not reversed. In respect of other assets, an impairment loss is reversed when there is an indication that the impairment loss may no longer exist and there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

**h. Property, Plant and Equipment**

*Owned assets*

Items of property, plant and equipment are stated at cost less accumulated depreciation (see below) and impairment losses (see accounting policy (g)).

Freehold land and buildings are shown at their fair value (being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction), based on periodic, but at least triennial, valuations by external independent valuers, less subsequent depreciation for buildings. Plant and equipment are measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the asset's employment and subsequent disposal. The expected net cash

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

flows have been discounted to their present values in determining recoverable amounts. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation reserve in equity. Decreases that offset previous increases of the same asset are charged against fair value reserves directly in equity; all other decreases are charged to the income statement.

*Leased assets - Operating leases*

Payments made under operating leases are expensed on a straight-line basis over the term of the lease, except where an alternative basis is more representative of the pattern of benefits to be derived from the leased property. Minimum lease payments include fixed rate increases.

*Depreciation*

The depreciable amount of all fixed assets including building and capitalised lease assets, but excluding freehold land, is depreciated on a straight-line basis over their useful lives to the consolidated group commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Buildings	- 50 years
Leasehold improvements, office equipment, furniture, fittings, plant and equipment	- 3 to 10 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the income statement. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

**i. Investments in Associates**

Investments in associate companies are recognised in the consolidated financial statements by applying the equity method of accounting. The equity method of accounting recognised the group's share of post-acquisition reserves of its associates. The parent entity's investment in associates are classified as available-for-sale financial assets and brought to account using the cost method.

**j. Interests in joint ventures**

The economic entity's interests in joint venture entities are brought to account using the equity method of accounting in the consolidated financial statements. The parent entity's interests in joint ventures are brought to account using the cost method.

**k. Goodwill**

Goodwill and goodwill on consolidation are recorded initially at the amount by which the purchase price for a business or for an ownership interest in a controlled entity exceeds the fair value attributed to its net assets at date of acquisition. The balances are reviewed annually for impairment.

**l. Theme Pubs Acquisition Costs**

Theme pubs acquisition costs are stated at cost. Carrying values are reviewed annually and an asset's carrying value is written down immediately to its recoverable amount if the asset's carrying amount is greater than the estimated recoverable amount.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

**m. Inventories**

Inventories comprise food, beverages, linen and consumables, all of which are valued at cost.

Cost includes expenditure incurred in acquiring the inventories and bringing them to their existing condition and location.

**n. Employee Benefits**

Provision is made for the company's liability for employee entitlements arising from services rendered by employees to balance date. Employee entitlements expected to be settled within one year together with entitlements arising from wages and salaries and annual leave which will be settled after one year have been measured at their nominal amount. Other employee entitlements payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those entitlements. Contributions made by the economic entity to employee superannuation funds are charged as expenses when incurred.

**o. Receivables**

Trade and other receivables are stated at amortised cost less impairment losses (see accounting policy (g)).

**p. Taxation**

Income tax expense in the income statement for the periods presented comprises current and deferred tax. Income tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity. Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is calculated using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Temporary differences are not provided for the initial recognition of goodwill and other assets or liabilities in a transaction that affects neither accounting nor taxable profit, or differences relating to investments in subsidiaries to the extent that it is probable that they will not reverse in the foreseeable future.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based upon the laws that have been enacted at reporting date. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised. Additional income taxes that arise from the distribution of dividends are recognised at the same time as the liability to pay the related dividend is recognised.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity or on a different tax entity but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

**q. Payables**

Trade and other payables are stated at amortised cost.

**r. Financial Instruments**

Financial instruments are initially measured at cost on trade date, which includes transaction costs, when the related contractual rights or obligations exist. Subsequent to initial recognition these instruments are measured as set out below.

*Financial Assets at Fair Value through Profit and Loss*

A financial asset is classified in this category if acquired principally for the purpose of selling in the short term or if so designated by management and within the requirements of AASB 139: Recognition and Measurement of Financial Instruments.

*Loans and Receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

quoted in an active market and are stated at amortised cost using the effective interest rate method.

*Available-for-sale financial assets*

Available-for-sale financial assets include any financial assets not included in the above categories. Available-for-sale financial assets are reflected at fair value. Unrealised gains and losses arising from changes in fair value are taken directly to equity.

*Financial Liabilities*

Non-derivative financial liabilities are recognised at amortised cost, comprising original debt less principal repayments.

**s. Finance income and expense**

Interest income is recognised as it accrues in the income statement using the effective interest method.

**t. Earnings per share**

The Consolidated Entity presents basic earnings per share (EPS) for its ordinary shares. Basic EPS is calculated by dividing the net profit attributable to equity holders of the parent for the financial period, after excluding any costs of servicing equity (other than ordinary shares) by the weighted average number of ordinary shares of the Company.

**u. Segment Reporting**

The Consolidated Entity determines and presents operating segments based on the information that internally is provided to the Board of Directors, who are the Consolidated Entity's chief operating decision maker.

An operating segment is a component of the Consolidated Entity that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Consolidated Entity's other components if separately reported and monitored. An operating segment's operating results are reviewed regularly by the Board of Directors to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Board of Directors include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate head office results.

**v. Share Capital**

*Ordinary shares*

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options are recognised as a deduction from equity, net of any income tax benefit.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

**w. New standards and interpretations not yet mandatory or early adopted**

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the consolidated entity for the annual reporting period ended 30 June 2017. The consolidated entity's assessment of the impact of these new or amended Accounting Standards and Interpretations, most relevant to the consolidated entity, are set out below.

**AASB 9 Financial Instruments**

This standard is applicable to annual reporting periods beginning on or after 1 January 2018. The standard replaces all previous versions of AASB 9 and completes the project to replace IAS 39 'Financial Instruments: Recognition and Measurement'. AASB 9 introduces new classification and measurement models for financial assets. A financial asset shall be measured at amortised cost, if it is held within a business model whose objective is to hold assets in order to collect contractual cash flows, which arise on specified dates and solely principal and interest. All other financial instrument assets are to be classified and measured at fair value through profit or loss unless the entity makes an irrevocable election on initial recognition to present gains and losses on equity instruments (that are not held-for-trading) in other comprehensive income ('OCI'). For financial liabilities, the standard requires the portion of the change in fair value that relates to the entity's own credit risk to be presented in OCI (unless it would create an accounting mismatch). New simpler hedge accounting requirements are intended to more closely align the accounting treatment with the risk management activities of the entity. New impairment requirements will use an 'expected credit loss' ('ECL') model to recognise an allowance. Impairment will be measured under a 12-month ECL method unless the credit risk on a financial instrument has increased significantly since initial recognition in which case the lifetime ECL method is adopted. The standard introduces additional new disclosures. The consolidated entity will adopt this standard from 1 July 2018 but the impact of its adoption is yet to be assessed by the consolidated entity.

**AASB 15 Revenue from Contracts with Customers**

This standard is applicable to annual reporting periods beginning on or after 1 January 2018. The standard provides a single standard for revenue recognition. The core principle of the standard is that an entity will recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard will require: contracts (either written, verbal or implied) to be identified, together with the separate performance obligations within the contract; determine the transaction price, adjusted for the time value of money excluding credit risk; allocation of the transaction price to the separate performance obligations on a basis of relative stand-alone selling price of each distinct good or service, or estimation approach if no distinct observable prices exist; and recognition of revenue when each performance obligation is satisfied. Credit risk will be presented separately as an expense rather than adjusted to revenue. For goods, the performance obligation would be satisfied when the customer obtains control of the goods. For services, the performance obligation is satisfied when the service has been provided, typically for promises to transfer services to customers. For performance obligations satisfied over time, an entity would select an appropriate measure of progress to determine how much revenue should be recognised as the performance obligation is satisfied. Contracts with customers will be presented in an entity's statement of financial position as a contract liability, a contract asset, or a receivable, depending on the relationship between the entity's performance and the customer's payment. Sufficient quantitative and qualitative disclosure is required to enable users to understand the contracts with customers; the significant judgments made in applying the guidance to those contracts; and any assets recognised from the costs to obtain or fulfil a contract with a customer. The consolidated entity will adopt this standard from 1 July 2018 but the impact of its adoption is yet to be assessed by the consolidated entity.

**AASB 16 Leases**

This standard is applicable to annual reporting periods beginning on or after 1 January 2019. The standard replaces AASB 117 'Leases' and for lessees will eliminate the classifications of operating leases and finance leases. Subject to exceptions, a 'right-of-use' asset will be capitalised in the statement of financial position, measured as the present value of the unavoidable future lease payments to be made over the lease term. The exceptions relate to short-term leases of 12 months or less and leases of low-value assets (such as personal computers and small office furniture) where an accounting policy choice exists whereby either a 'right-of-use' asset is recognised or lease payments are expensed to profit or loss as incurred. A liability corresponding to the capitalised lease will also be recognised, adjusted for lease prepayments, lease incentives received, initial direct costs incurred and an estimate of any future restoration, removal or dismantling costs. Straight-line operating lease expense recognition will be replaced with a depreciation charge for the leased asset (included in operating costs) and an interest expense on the recognised lease liability (included in finance costs). In the earlier periods of the lease, the expenses associated with the lease under AASB 16 will be higher when

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

compared to lease expenses under AASB 117. However EBITDA (Earnings Before Interest, Tax, Depreciation and Amortisation) results will be improved as the operating expense is replaced by interest expense and depreciation in profit or loss under AASB 16. For classification within the statement of cash flows, the lease payments will be separated into both a principal (financing activities) and interest (either operating or financing activities) component. For lessor accounting, the standard does not substantially change how a lessor accounts for leases. The consolidated entity will adopt this standard from 1 July 2019 but the impact of its adoption is yet to be assessed by the consolidated entity.

**x. New, revised or amending Accounting Standards and Interpretations adopted**

The consolidated entity has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

**4. FINANCIAL RISK MANAGEMENT**

**Overview**

The Company and Consolidated Entity have exposure to the following risks from the use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Company's and the Consolidated Entity's exposure to each of above risks, their objectives, policies and processes for measuring and managing risk, and the management of capital. Further quantitative disclosures are included throughout these consolidated financial statements. The Board of directors has overall responsibility for the establishment and oversight of the risk management and monitors operational and financial risk management throughout the Consolidated Entity. Monitoring risk management includes ensuring appropriate policies and procedures are published and adhered to. The Management reports to the Board of directors.

The Board aims to manage the impact of short-term fluctuations on the Company's and the Consolidated Entity's earnings. Over the longer term, permanent changes in market rates will have an impact on earnings.

The Company and the Consolidated Entity are exposed to risks from movements in exchange rates and interest rates that affect revenues, expenses, assets, liabilities and forecast transactions. Financial risk management aims to limit these market risks through ongoing operational and finance activities.

Exposure to credit, foreign exchange and interest rate risks arises in the normal course of the Company's and the Consolidated Entity's business. Derivative financial instruments are not used to hedge exposure to fluctuations in foreign exchange rates.

The Board of directors oversees the adequacy of the company's risk management framework in relation to the risks faced by the Company and the Consolidated Entity.

*Credit Risk*

Credit risk is the risk of financial loss to the Company or the Consolidated Entity if a customer, controlled entity or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's and the Consolidated Entity's receivables from customers.

*Trade and other receivables*

The Company's and Consolidated Entity's exposure to credit risk is influenced mainly by the characteristics of individual customers. The Consolidated Entity does not have a significant concentration of credit risk with a single customer.

Policies and procedures of credit management and administration of receivables are established and executed at a regional level. Individual regions deliver reports to management and the Board on debtor ageing and collection activities on a monthly basis.

In monitoring customer credit risk, the ageing profile of total receivables balances is reviewed by management by region on a monthly basis. Regional management are responsible for identifying high risk customers and placing restrictions on future trading, including suspending future services and administering service on a prepayment basis.

The Company and the Consolidated Entity have established an allowance for impairment that represents their estimate of incurred losses in respect of trade and other receivables.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

*Liquidity Risk*

Liquidity risk is the risk that the Consolidated Entity will not be able to meet its financial obligations as they fall due. The Consolidated Entity's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Consolidated Entity's reputation.

The Consolidated Entity monitors cash flow requirements and produces cash flow projections for the short and long term with a view to optimising return on investments. Typically, the Consolidated Entity ensures that it has sufficient cash on demand to meet expected operational net cash flows for a period of at least 30 days, including the servicing of financial obligations. This excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

*Market Risk*

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the Company's and the Consolidated Entity's net profit or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

*Currency Risk*

The Consolidated Entity is not exposed to currency risk on financial instruments that are denominated in a currency other than the respective functional currencies of the controlled entities, Australian dollars (AUD).

*Interest Rate Risk*

The Consolidated Entity is exposed to interest rate risks in Australia.

*Capital Management*

The Consolidated Entity's objectives when managing capital are to safeguard its ability to continue as a going concern, to provide returns to shareholders, to provide benefits to other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The Board aims to maintain and develop a capital base appropriate to the Consolidated Entity. In order to maintain or adjust the capital structure, the Consolidated Entity can issue new shares. The Board of directors undertakes periodic reviews of the Consolidated Entity's capital management position to assess whether the capital management structure is appropriate to meet the Consolidated Entity's medium and long-term strategic requirements. Neither the Company nor any of its controlled entities are subject to externally imposed capital requirements. There were no significant changes in the Consolidated Entity's approach to capital management during the year.

**NOTES TO THE FINANCIAL STATEMENTS**

## **8 KEY MANAGEMENT PERSONNEL COMPENSATION**

Key management personnel compensation and the Consolidated Entity's remuneration policy is disclosed in the Remuneration Report section of the Directors Report.

## **9 OPERATING SEGMENTS**

The Consolidated group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (chief operating decision makers) in assessing performance and determining the allocation of resources.

The Group is managed primarily on the basis of service offerings and operating segments are therefore determined on the same basis.

Transmetro Corporation Limited's operation during the year related to operation of Hotels, Serviced Apartments, Inns and Theme Pubs.

Reportable segments disclosed are based on aggregating operating segments where the segments are considered to have similar economic characteristics.

### **Basis of accounting for purposes of reporting by operating segments**

#### *Accounting policies adopted*

Unless stated otherwise, all amounts reported to the Board of Directors as the chief decision maker with respect to operating segments are determined in accordance with accounting policies that are consistent to those adopted in the annual financial statements of the Group.

#### *Unallocated items*

The following items of income and expense are not allocated to operating segments as they are not considered part of the core operations of any segment:

- Distribution from trust;
- Depreciation and amortisation;
- Finance costs; and
- Income tax expense.

**NOTES TO THE FINANCIAL STATEMENTS**

Current trade receivables	(8,363)	-	-	(8,363)
	<u>(8,363)</u>	<u>-</u>	<u>-</u>	<u>(8,363)</u>

There are no balances within trade and other receivables that contain assets that are not impaired and are past due. It is expected these balances will be received when due. Impaired assets are provided for in full.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

**12 FAIR VALUE MEASUREMENT**

The Consolidated Entity measures and recognises the following assets and liabilities at fair value on a recurring basis after initial recognition:

- available-for-sale financial assets; and
- freehold properties.

**Fair Value Hierarchy**

AASB 13 Fair Value Measurements requires the disclosure of fair value measurements by level of the fair value hierarchy that reflects the significance of the inputs used in determining their fair value. The fair value hierarchy is made up of the following three levels:

Level 1 – quoted prices (unadjusted) in active markets for identical assets and liabilities that the entity can access at measurement date;

Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3 - unobservable inputs for the asset or liability (not based on observable market data).

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

**Valuation techniques**

The Consolidated Entity selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Consolidated Entity are consistent with one or more of the following valuation approaches:

- Market approach: valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.
- Income approach: valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.
- Cost approach: valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Consolidated Entity gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

The following tables provide the fair values of the Consolidated Entity's assets and liabilities measured and recognised on a recurring basis after initial recognition and their categorisation within the fair value hierarchy:

**Fair Value Measurement**

	<b>Note</b>	<b>\$ Level 1</b>
<b>30 June 2017 Consolidated</b>		
Shares in listed corporations	13	506
<b>Level 3</b>		
Freehold Properties	15	24,884,893

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

**Valuation techniques used to derive level 3 fair values**

Asset Category	Fair Value \$	Valuation Technique	Significant Unobservable Inputs	Range	Relationship of Unobservable Inputs to Fair Value
<b>Freehold Properties</b>	24,884,893	Income Approach using discounted cashflow methodology and capitalisation approach.	Adopted capitalisation rate Adopted terminal yield Adopted discount rate	8.25% - 8.50% 8.25% 10.75% - 11.00%	A significant increase or decrease in the adjustment would result in a significantly lower (higher) fair value.
Term		Definition			
Discounted Cash Flow (DCF) method present value.		A method in which a discount rate is applied to future expected income streams to estimate the present value.			
Income capitalisation method		A valuation approach that provides an indication of value by converting future cash flows to a method single current capital value.			
Capitalisation rate		The return represented by the income produced by an investment, expressed as a percentage.			
Terminal yield		A percentage return applied to the expected net income following a hypothetical sale at the end of the cash flow period.			
Discount rate		A rate of return used to convert a future monetary sum or cash flow into present value.			

**Valuation process**

The Board reviews the freehold property valuation process on a semi-annual basis. All valuations are performed either by independent professionally qualified external valuers or the directors. If the external valuation is more than three years old then the property is externally valued. For those with an external valuation less than three year old an assessment is made as to which properties are likely to have had material movements in the book value reported at the last reporting period to determine whether they should be revalued externally. At each reporting date the management will perform initial desktop assessment of current value through a capitalisation of income and discounted cashflow approach. If the result is materially different external independent valuation is conducted.

**Sensitivity of Inputs**

Asset Category	Valuation technique	Significant unobservable inputs	Sensitivity of fair value measurement to changes in significant unobservable inputs
<b>Freehold Properties</b>	Income Approach using discounted cashflow methodology and capitalisation approach.	Adopted capitalisation rate Adopted terminal yield Adopted discount rate	A significant increase or decrease in the adjustment would result in a significantly lower/higher fair value.

<b>a. Available-for-sale Financial Assets Comprise</b>		
Listed investments, at fair value		
— shares in listed corporations	506	506
Unlisted investments, at cost		
— units in unit trusts	155,000	155,000
<b>Total available-for-sale financial assets</b>	<b>155,506</b>	<b>155,506</b>

Available-for-sale financial assets comprise investments in the ordinary issued capital of various entities. There are no fixed returns or fixed maturity date attached to these investments.

The fair value of unlisted available-for-sale financial assets cannot be reliably measured as variability in the range of reasonable fair value estimates is significant. As a result, all unlisted investments are reflected at cost. Unlisted available-for-sale financial assets exist within active markets and could be disposed of if required.

The consolidated group owns 25% of the units of The Brockwell Tavern Trust that trades as a theme pub called The Elephant and Wheelbarrow at Northbridge, Western Australia. The carrying amount of this investment is \$155,000.

- (i) Freehold property at Ipswich was valued by the directors in the 2017 financial year resulting in no adjustment in the fair value. During the 2016 financial year the property was valued by an independent valuer resulting in a revaluation increment of \$132,971, which was recognised in the profit or loss to the extent it reverses a previous revaluation decrement.
- (ii) Freehold property at Perth was valued by the directors in the 2017 financial year resulting in no adjustment in the fair value. During the 2016 financial year the property was valued by an independent valuer resulting in a revaluation decrement of \$8,060,097, which is recognised in the revaluation reserve to the extent it reverses a previous revaluation increment.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

	CONSOLIDATED	
	2017	2016
	\$	\$
<b>16 INTANGIBLE ASSETS</b>		
Goodwill on consolidation	1,064,000	1,064,000
Theme pubs acquisition costs	58,223	58,223
Management right acquisition cost	48,005	48,005
Amortisation of management right acquisition cost	(16,801)	(7,200)
	1,153,427	1,163,028

Intangible assets have an indefinite useful life except for the management right acquisition cost incurred for Metro Mirage Hotel Newport, which is being amortised over 7 years.

Intangibles are allocated to cash generating units, which are based on the Group's reporting segments.

**Theme Pubs** 1,122,223 1,122,223  
The recoverable amount of the cash-generating unit above is determined based on value-in-use calculations. Value-in-use is calculated based on the present value of cashflow projections over a 10 year period, using a conservative estimated growth rate of 4% per annum for revenues generated and the cashflow is discounted at the rate of 15%.

**Management right acquisition cost** 31,204 40,805

**17 OTHER NON CURRENT ASSETS**

Gaming machine licences, at cost	250,000	250,000
	250,000	250,000

**18 TRADE AND OTHER PAYABLES**

**CURRENT**

Trade payables	1,779,753	1,543,633
Other payables and accruals	1,241,650	1,231,380
	3,021,403	2,775,013

All amounts due for current payables are not interest bearing and generally on 30 day terms.

**19 FINANCIAL LIABILITIES**

**CURRENT**

Secured loans – banks (i)	15,391,752	840,000
	15,391,752	840,000

**NON CURRENT**

Secured loans – banks (i)	-	15,391,752
Unsecured loans – related party (ii)	7,133,279	7,204,773
	7,133,279	22,596,525

- (i) Security on the secured bank loans is over assets of the parent entity and the subsidiaries. During the 2014-15 financial year the secured bank borrowing were extended until 9 March 2018 and the major covenants within the bank borrowing require the interest cover ratio (the ratio of EBITDA to Gross interest) not to be less than 3 times from 2 July 2012 to date on which the facilities are repaid in full.
- (ii) On 30 June 2015 the group received an interest free loan of \$1,251,000. During FY16 the group received additional interest free loans of \$2,705,944 and interest bearing loans of \$3,456,000 from an entity associated with a director and a majority shareholder of the group. These loans are repayable over approximately one and half years. Using prevailing market interest rates for an equivalent loan of 5.14%, the fair value of these loans is estimated at \$7,034,481. The difference of \$378,463 between the gross proceeds and the fair value of the loans is additional capital contribution to the group. Notional interest accrued on the interest free portion of the loans during FY17 was \$178,506. Interest expenses will be recognised on these loans in 2017 and 2018.

**22 ISSUED CAPITAL**

13,382,778 (2016: 13,382,778) ordinary shares fully paid	<u>6,855,964</u>	<u>6,855,964</u>
--	------------------	------------------

The company has authorised share capital amounting to 50,000,000 ordinary shares of no par value.

Ordinary shares participate in dividends and the proceeds on winding up of the company in proportion to the number of shares held.

At shareholders meetings each ordinary share is entitled to one vote when a poll is called, otherwise each shareholder has one vote on a show of hands.

**a. Capital Management**

Management controls the capital of the group in order to maintain a good debt to equity ratio, provide the shareholders with adequate returns and ensure that the group can fund its operations and continue as a going concern.

The group's debt and capital includes ordinary share capital and financial liabilities, supported by financial assets. There are no externally imposed capital requirements.

Management effectively manages the group's capital by assessing the group's financial risks and adjusting its capital structure in response to changes in these risks and in the market. These responses include the management of debt levels, distributions to shareholders and share issues.

There have been no changes in the strategy adopted by management to control the capital of the group since the prior year. This strategy is to ensure that the group's gearing ratio remains between 30% and 60%. The gearing ratios for the year ended 30 June 2017 and 30 June 2016 are as follows:

Total borrowings (Note 19)	22,525,031	23,436,525
Less cash and cash equivalents	<u>2,041,260</u>	<u>1,777,094</u>

**27 COMMITMENTS**

a. Leasing Commitments

Total commitments for future property, plant and equipment operating lease rentals:

- Not later than one year	4,687,530	3,868,831
- Later than one year and not later than five years	16,567,098	13,636,607
- Later than five years	521,877	2,249,755
	<u>21,776,505</u>	<u>19,755,193</u>

Property leases entered into by the consolidated group are generally fixed-term non-cancellable leases with options for renewal, with lease payments adjusted annually by CPI and periodic adjustment of lease payments to market rental.

b. Capital Commitments

No capital commitments existed at 30 June 2017.

**28 RECONCILIATION OF CASH FLOW FROM OPERATIONS WITH PROFIT AFTER INCOME TAX**

Profit after income tax	780,710	898,200
Revaluation loss/(gain) on freehold property	-	(132,971)
Unwinding of discount on interest-free related party loans	178,506	-
Depreciation, amortisation and diminution	1,699,882	2,031,962
Movement in deferred tax accounts	133,633	771,734

(Increase)/decrease in receivables and prepayments	(409,529)	(189,531)
(Increase)/decrease in inventories	4,173	(29,664)
Increase/(decrease) in creditors	246,390	207,971
Net cash provided/(used) by operating activities	<u>2,798,794</u>	<u>3,390,604</u>

**29 RECONCILIATION OF CASH**

Cash at the end of the year as shown in the cash flow statement is reconciled to items in the balance sheet as follows:

Cash at bank and on hand	2,041,260	1,777,095
Bank overdraft	-	-
	<u>2,041,260</u>	<u>1,777,095</u>

**30 FINANCING FACILITIES**

Firmly committed financing facilities of \$22,344,696 were available to the group at the end of the financial year, of which \$22,344,696 has been utilised at the end of the financial year.

Loan facilities available to the parent entity:

(a) bank overdraft

(b) fixed advances

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

**31 DISCONTINUED OPERATIONS**

In April 2015 the consolidated entity decided to dispose of Paddy Maguires Irish pub business in Subiaco, WA. An agreement for sale of the business was signed on 30 June 2015 and the sale was finalised on 6 November 2015.

Financial information relating to the discontinued operations is set out below.

The financial performance of the discontinued operation to the date of sale which is included in loss from discontinued operations per the statement of comprehensive income is as follows:

	CONSOLIDATED	
	2017	2016
	\$	\$
Revenue	-	636,705
Expenses	-	698,472
Profit/(Loss) before income tax	-	(61,767)
Income tax (expense)/benefit	-	18,530
Profit/(Loss) attributable to members of the parent entity	-	(43,237)

The net cash flows of the discontinuing operations which have been incorporated into the statement of cash flows are as follows:

Net cash inflow/(outflow) from operating activities	-	(361,387)
Net cash inflow/(outflow) from investing activities	-	338,750
Net cash inflow/(outflow) from financing activities	-	-
Net cash inflow/(outflow) generated by the discontinuing operations	-	(22,637)

**32 EVENTS SUBSEQUENT TO BALANCE DATE**

No matter or circumstance has arisen since the end of the financial year.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

**33 FINANCIAL INSTRUMENTS**

Financial instrument composition and maturity analysis:

The tables below reflect the undiscounted contractual settlement terms for financial instruments of a fixed period of maturity, as well as management's expectations of the settlement period for all other financial instruments. As such, the amounts may not reconcile to the balance sheet.

Consolidated	Effective Interest Rate		Carrying Amount		Within 1 Year		1 to 5 Years		Over 5 Years

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

*Credit Risk*

*Exposure to Credit Risk*

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	CONSOLIDATED	
	2017	2016
	\$	\$
Cash and equivalents	2,041,260	1,777,094
Trade receivables	914,646	848,919
Other receivables	495,998	271,449
	<u>3,451,904</u>	<u>2,897,462</u>

*Impairment Losses*

The aging of the trade receivables at the reporting date was:

**Gross receivables**

Not past due date	842,631	709,553
Past due 0 – 30	56,468	115,160
Past due 31 – 60	9,265	23,572
Past due 60 – 90	14,645	8,997
Past due 90 days and over	-	-
	<u>923,009</u>	<u>857,282</u>
Impairment	(8,363)	(8,363)
<b>Trade receivables net of impairment loss</b>	<u>914,646</u>	<u>849,919</u>

The movement in the allowance for impairment in respect of trade receivables during the year is shown in note 11a.

Impairment losses recognised in the year relate to significant individual customers, which have been assessed as impaired under the consolidated group's accounting policy as detailed on Note 1(g).

Based upon past experience, the consolidated group believes that no impairment allowance other than as provided in these accounts is necessary in respect of trade receivables not past due.

The allowance accounts used in respect of trade receivables are used to record impairment losses unless the consolidated group is satisfied that no recovery of the amount owing is possible; at that point, the amount considered non-recoverable is written off against the financial asset directly.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

**Foreign Currency Risk**

The group is not exposed to foreign currency risk.

**Interest Rate Risk**

*Profile*

At the reporting date, the interest rate profile of the company's and consolidated group's interest bearing financial instruments was:

	CONSOLIDATED	
Carrying amount	2017	2016
	\$	\$
Variable rate instruments		
Financial assets	1,320,864	1,379,367
Financial liabilities	22,525,031	23,436,525

**Other Price Risk**

The consolidated group invests surplus cash in publicly traded listed securities and in doing so it exposes itself to the fluctuations in price that are inherent in such a market. The Board makes investment decisions on advice from professional advisors.

The consolidated group's exposure to equity price risk is as follows:

Carrying amount		
Listed securities (ASX)	506	506

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

**Sensitivity Analysis**

**Interest Rate Risk, Foreign Currency Risk and Price Risk**

The group has performed sensitivity analysis relating to its exposure to interest rate risk, foreign currency risk and price risk at balance date. This sensitivity analysis demonstrates the effect on the current year results and equity which could result from a change in these risks.

***Interest Rate Sensitivity Analysis***

At 30 June 2017, the effect on profit and equity as a result of changes in the interest rate, with all other variables remaining constant would be as follows:

	CONSOLIDATED	
	2017	2016
	\$	\$
Change in profit		
- Increase in interest rate by 2%	(269,605)	(262,026)
- Decrease in interest rate by 2%	269,605	262,026
Change in Equity		
- Increase in interest rate by 2%	(269,605)	(262,026)
- Decrease in interest rate by 2%	269,605	262,026

***Foreign Currency Risk Sensitivity Analysis***

The group is not exposed to fluctuations in foreign currencies.

***Price Risk Sensitivity Analysis***

At 30 June 2017, the effect on profit and equity as a result of changes in the price risk, with all other variables remaining constant would be as follows:

Change in profit		
- Increase in price of ASX listed securities by 5%	-	-
- Decrease in price of ASX listed securities by 5%	-	-
- Increase in price of other listed securities by 5%	-	-
- Decrease in price of other listed securities by 5%	-	-
Change in Equity		
- Increase in price of ASX listed securities by 5%	25	25
- Decrease in price of ASX listed securities by 5%	(25)	(25)
- Increase in price of other listed securities by 5%	-	-
- Decrease in price of other listed securities by 5%	-	-

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

The above interest rate and foreign exchange rate and price risk sensitivity analysis has been performed on the assumption that all other variables remain unchanged.

In managing interest rate risks, the consolidated group aims to reduce the impact of short-term fluctuations on the consolidated group's earnings. Over the longer term however, permanent changes in interest rates will have an impact on the result.

**Fair Values**

The fair values of financial assets and liabilities, together with carrying amounts shown in the balance sheet are as follows:

Consolidated

	2017		2016	
	\$		\$	
	Carrying amount	Fair value	Carrying amount	Fair value
Cash and equivalents	2,041,260	2,041,260	1,777,094	1,777,094
Trade and other receivables – current	1,655,628	1,655,628	1,246,099	1,246,099
Trade and other payables	(3,021,403)	(3,021,403)	(2,775,015)	(2,775,015)
Investments	155,506	155,506	155,506	155,506
Loans	(22,525,031)	(22,525,031)	(23,436,525)	(23,436,525)
<b>Total</b>	<b>(21,694,040)</b>	<b>(21,694,040)</b>	<b>(23,032,841)</b>	<b>(23,032,841)</b>

**Basis for determining fair values**

The following summarises the significant methods and assumptions used in estimating the fair values of financial instruments reflected in the table above.

**Non-derivate financial assets and liabilities**

The fair value of cash, receivables, payables and short-term borrowings is considered to approximate their carrying amount because of their short maturity.

The directors consider the carrying amount of long term borrowings recorded in the financial statements approximated their fair value.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

**34. PARENT ENTITY DISCLOSURES**

At and throughout the financial year ended 30 June 2017, the parent company was Transmetro Corporation Limited.

	COMPANY	
	30 June 2017	30 June 2016
	\$	\$
Result of the parent entity		
Net profit (loss)	4,023	(449,898)
Other comprehensive income	-	(5,642,068)
<b>Total comprehensive income</b>	<b>4,023</b>	<b>(6,091,966)</b>

**Financial position of the parent entity at year end**

Current assets	2,841,735	2,654,812
Total assets	43,563,277	44,601,499
Current liabilities	1,941,070	1,561,619
Total liabilities	25,285,665	25,658,771

**Total equity of the parent entity comprising of:**

Issued capital	6,855,964	6,855,964
Reserves	3,239,820	3,239,820
Retained earnings	8,181,828	8,846,944
<b>Total Equity</b>	<b>18,277,612</b>	<b>18,942,728</b>

**Parent entity contingencies**

There are no other contingent liabilities and future commitments in respect to the Parent Entity except for:

**Leasing commitments**

Total commitments for future property, plant and equipment operating lease rentals:

- Not later than one year	788,959	598,601
- Later than one year and not later than five years	4,523,918	2,295,242
- Later than five years	329,505	403,814
	<b>5,642,381</b>	<b>3,297,657</b>

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2017**

**35. RELATED PARTY TRANSACTIONS**

The Consolidated Entity's related party transactions are with an entity that is controlled by a director and majority shareholder of the Company. Details of the related party transactions are disclosed below:

	CONSOLIDATED	
	30 June 2017	30 June 2016
	\$	\$
<u>Loan from key management personnel</u>		
Beginning of the year	7,412,944	1,251,000
Loans advanced	-	6,161,944
Interest charged	166,087	78,135
Loan repayment	(416,087)	(78,135)
End of the year	7,162,944	7,412,944

During the 2016 financial year Thornbush Corporation Limited (Thornbush), a company associated with Mr J A C McEvoy a director and majority shareholder of the Company, agreed to underwrite the development of the construction of the new wing of Metro Hotel Perth up to \$7.413 million. Thornbush advanced unsecured funds to the Consolidated Entity to meet its construction commitments as they occurred either free of fees and interest or at a rate that covers the cost of funding to Thornbush. The loans are to be repaid within 1.5 years.

**Additional stock exchange information**
