Bigtincan Holdings Ltd September Quarterly Report and Appendix 4C

Bigtincan Holdings Limited ('Bigtincan') is a leading provider of sales enablement and enterprise mobility software with operations in United States, Japan, Australia and 14 other countries. Bigtincan has continued to grow and deliver sales enablement solutions that improve sales efficiency, increasing conversion rates and wins while lowering costs for our customers.

Operations

During the September 2017 quarter, Bigtincan continued to execute on its IPO plan growing revenue, customer base and users. The Company expanded business with existing customers including ADP and Becton Dickinson, and won new customers in a range of vertical markets including Abiomed and Cyrolife in life sciences, financial services and telecommunications, as well as a range of smaller customers.

In August, Bigtincan confirmed a major new win in the USA for deployment through 2017 of the Bigtincan Hub product on up to 23,000 iPads across 5,500 locations. The Company anticipates that this opportunity will grow with additional sales through CY2018.

The US-focused sales team was further expanded adding resources to our Chicago, Illinois team to target the US mid-west market.

The pipeline of sales opportunities continues to strengthen.

Commentary to Appendix 4C

Net cash and cash equivalents increased by \$0.6 million from \$11 million as at June 30, 2017 to \$11.6 million as at September 30, 2017 due to expected revenue seasonality and pre-payments for licenses. The net cash burn continued to decrease in line with Prospectus forecasts for CY2017.

Business Commentary

Bigtincan remains on track to achieve IPO forecasts for CY2017. Revenue growth, expenditures and the strategic positioning of the Bigtincan Hub product in the market remain consistent with Company plans.

Analysis of key operating metrics was recently posted in the September 29 Annual Report for FY2017.

Based on forecast revenue growth, \$11.6 million in the bank and current market conditions, at this time, Bigtincan does not foresee a need to raise further capital for operations in the ordinary course of business.
