2017 Annual General Meeting Notice of Meeting

13 October 2017

Martin Aircraft Company Limited is about to commence dispatch of the Notice of Meeting in respect of the Annual General Meeting to be held on 31 October 2017. A copy of the Notice of Meeting is attached, together with a copy of the shareholder voting form and the shareholder question form.

James West
Chief Executive Officer

ABOUT THE MARTIN AIRCRAFT COMPANY LIMITED

Martin Aircraft Company Limited (Martin Aircraft) is currently developing the Martin Jetpack, the world's first practical jetpack, with potential search and rescue, military, recreational and commercial applications, both manned and unmanned. The Martin Jetpack was initially conceived and developed by Glenn Martin in Dunedin in 1981. This led to the founding of Martin Aircraft Company in 1998.

The Martin Jetpack is a disruptive technology; much like the helicopter was when first developed, with significant capabilities and is able to be flown either by a pilot or via remote control. The jetpack can take off and land vertically (VTOL) and because of its small dimensions, it can operate in confined spaces (such as close to or in between buildings), near trees or in confined areas that other VTOL aircraft such as helicopters cannot access.

More detailed information about Martin Aircraft and the Martin Jetpack is available at www.martinjetpack.com
