¹ Under Listing Rule 4.7.3, an entity must lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

² "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

³ Mark whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where the entity's corporate governance statement can be found.

Principle 1 Lay solid foundations for management and oversight		
1.1 <i>A listed entity should disclose: (a) the respective roles and responsibilities of its board and management; and (b) those matters expressly reserved to the board and those delegated to management.</i>	The Board is responsible for overall corporate governance of the Company. The role of the Board and delegation to management have been formalised in the Charter which outlines the main corporate governance practices in place for the Company and to which the Board and each Director are committed. The conduct of the Board is also governed by the Constitution, and where there is inconsistency with that document, the Constitution prevails to the extent of the inconsistency. The Charter will be reviewed and amended from time to time as appropriate taking into consideration practical experience gained in operating as a listed company.	Complies
1.2 <i>A listed entity should: (a) undertake appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a director; and (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.</i>	The Company has completed police checks, insolvency and banned director searches in relation to the existing directors. 1.5	<i>Establish a diversity policy and disclose the policy or a summary of that policy. The policy should include requirements for the board to establish measurable objectives for achieving gender diversity and for the board to assess annually both the objectives and progress in achieving them, for reporting against in each reporting period.</i>	The diversity policy for the Company has been implemented.	Complies
1.6	<i>A listed entity should (a) have and disclose a process for periodically evaluating the performance of the Board, its committees and individual directors; and (b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.</i>	The Board Charter provides for regular performance reviews to be conducted. 7.3 *A listed entity should disclose: (a) if it has an internal audit function, how the function is structured and what role it performs; or (b) if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its risk management and internal control processes.*

Due to the Company's limited number of employees and relative nature and scale of its operations, the costs of an independent audit function would be disproportionate. The Company has an external auditor and the Audit and Risk Management Committee will monitor and evaluate material or systemic issues. The Board believes it and the Audit and Risk Management Committee have adequate oversight of the existing operations.
