EXPLANATORY STATEMENT

1. INTRODUCTION

This Explanatory Statement has been prepared for the information of Shareholders of Kairiki Energy Limited ("the Company") in connection with the business to be conducted at the annual general meeting of Shareholders to be held at Level 3, 32 Walker Street, North Sydney, New South Wales on Wednesday, 22 November 2017 at 11.00am.

This Explanatory Statement forms part of and should be read in conjunction with the accompanying Notice of Meeting.

2. 2017 ANNUAL REPORT

In accordance with the requirements of the Company's Constitution and the Corporations Act, the 2017 Annual Report will be tabled at the annual general meeting. Shareholders will have the opportunity of discussing the Annual Report and making comments and raising queries in relation to the Report. There is no requirement for a formal resolution on this item.

Representatives from the Company's auditors, Rothsay, will be present to take shareholders' questions and comments about the conduct of the audit and the preparation and content of the audit report.

2. ADOPTION OF REMUNERATION REPORT – Resolution 1

2.1 General

Pursuant to section 250R (2) of the Corporations Act, the Company is required to put the Remuneration Report to the vote of Shareholders. The Directors' Report for the year ended 30 June 2017 contains the Remuneration Report which sets out the remuneration policy for the Company and reports on the remuneration arrangements in place for the Directors and Key Management Personnel.

Resolution 1 is advisory only and does not bind the Directors of the Company. Of itself, a failure of Shareholders to pass Resolution 1 will not require the Directors to alter any of the arrangements in the Remuneration Report.

A reasonable opportunity will be provided for discussion of the remuneration report at the Annual General Meeting.

2.2 Voting consequences

If at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report in two consecutive annual general meetings, the Company will be required to put to Shareholders a resolution proposing the calling of an extraordinary general meeting to consider the appointment of directors of the Company (Spill Resolution) at the second annual general meeting.

If more than 50% of shareholders vote in favour of the Spill Resolution, the company must convene the extraordinary general meeting (Spill Meeting) within 90 days of the second annual general meeting.

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

3. Re-election of a Director –Resolution 2

Resolution 2 relates to the re-election of Mr Brown as a Director.

In accordance with the requirements of clause 3.6 of the Company's Constitution and the Corporations Act, one-third of the directors of the Company retire from office at this annual general meeting of the Company. Mr Scott Brown retires by rotation and, being eligible, offers himself for re-election.

A summary of the qualifications and experience of Mr Brown is provided in the Annual Report.

4. Ratification of share placement on 25 January 2017 – Resolution 3

On 25 January 2017 the Company announced it had issued an additional 40,000,000 new Shares at an issue price of 0.16 cents per Share to clients of sophisticated and professional investors. None of the allottees were related parties of the Company. The purpose of the issue was to provide general working capital.

The directors are restricted by Listing Rule 7.1 from issuing new securities in the Company, which would dilute existing shareholdings, to a maximum of 15% of the expanded issued capital in any 12 month period. There are exceptions which allow the directors to issue new securities above that limit which include pro rata rights issues and issues with shareholder approval.

ASX Listing Rule 7.4 allows the Company to seek the approval of shareholders of the Company to an issue of securities after the issue has been made without approval under Listing Rule 7.1, provided the issue did not breach Listing Rule 7.1 and the holders of ordinary shares in the Company subsequently approve the issue.

As the issue was not in breach of Listing Rule 7.1 and was not previously approved by the shareholders of the Company, the directors are now seeking shareholders' approval and ratification for the issue of the Shares.

If resolution 3 is passed, the Company will be able to utilise Listing Rule 7.1 for future issues of up to 15% of the expanded issued capital in the next 12 month period without having to convene a shareholders meeting to seek shareholders' approval of any such issues. The directors believe it is desirable to have the flexibility afforded to the Company to issue securities up to the maximum 15% allowable under Listing Rule 7.1 and accordingly recommend that shareholders vote in favour of the resolution.

The Shares issued pursuant to the placement rank equally in all respects with all existing Shares previously issued by the Company.

\$64,000 was raised from the issue and will be used to provide funds for working capital.

The Directors recommend that the shareholders vote to approve Resolution 3

5. APPROVAL of 10% PLACEMENT CAPACITY – Resolution 4

5.1 General

ASX Listing Rule 7.1A provides that an Eligible Entity may seek Shareholder approval at its annual general meeting to allow it to issue Equity Securities up to 10% of its issued capital over a period up to 12 months after the annual general meeting (10% Placement Capacity).

The Company is an Eligible Entity.

If Shareholders approve Resolution 4, the number of Equity Securities the Eligible Entity may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (as set out in Section 4.2 below).

The effect of Resolution 4 will be to allow the Directors to issue Equity Securities up to 10% of the Company's fully paid ordinary securities on issue under the 10% Placement Capacity during the period up to 12 months after the Meeting, without subsequent Shareholder approval and without using the Company's 15% annual placement capacity granted under Listing Rule 7.1.

Resolution 4 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 4 for it to be passed.

5.2 ASX Listing Rule 7.1A

ASX Listing Rule 7.1A enables an Eligible Entity to seek shareholder approval at its annual general meeting to issue Equity Securities in addition to those under the Eligible Entity's 15% annual placement capacity.

An Eligible Entity is one that, as at the date of the relevant annual general meeting:

(a) is not included in the S&P/ASX 300 Index; and

(b) has a market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of equal to or less than \$300,000,000.

The Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation (at the date of this Explanatory Statement) of \$2,792,979 based on the last sale price.

Any Equity Securities issued must be in the same class as an existing class of quoted Equity Securities. The Company currently has one class of quoted Equity Securities on issue, being the Shares (ASX Code: KIK).

The exact number of Equity Securities that the Company may issue under an approval under Listing Rule 7.1A will be calculated according to the following formula:

$$(A \times D) - E$$

Where:

A is the number of Shares on issue 12 months before the date of issue or agreement to issue:

- (i) plus the number of Shares issued in the previous 12 months under an exception in ASX Listing Rule 7.2;
- (ii) plus the number of partly paid shares that became fully paid in the previous 12 months;
- (iii) plus the number of Shares issued in the previous 12 months with approval of holders of Shares under ASX Listing Rules 7.1 or 7.4; and
- (iv) less the number of Shares cancelled in the previous 12 months.

D is 10%.

E is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of holders of ordinary securities under ASX Listing Rule 7.1 or 7.4.

5.3 Technical information required by ASX Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution 4:

(a) **Minimum Price**

The minimum price at which the Equity Securities may be issued is 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 ASX trading days of the date in Section 5.3(a)(i), the date on which the Equity Securities are issued.

(b) **Date of Issue**

The Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) 12 months after the date of this Meeting; and
- (ii) the date of approval by Shareholders of any transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking).

(c) **Risk of voting dilution**

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 4 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A(2), on the basis of the current market price of Shares and the number of Equity Securities currently on issue.

The table also shows the voting dilution impact where the number of Shares on issue (variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

Number of Shares on Issue	Dilution			
	Number of Shares issued under 10% Placement Capacity	Funds raised based on issue price of \$0.004 (50% decrease in issue price)	Funds raised based on issue price of \$0.008 (issue price)	Funds raised based on issue price of \$0.016 (100% increase in issue price)
349,122,480 (Current)	34,912,248	\$139,649	\$279,298	\$558,596
523,683,720 (50% increase)	52,368,372	\$209,473	\$418,947	\$837,894
698,244,960 (100% increase)	69,824,496	\$279,298	\$558,596	\$1,117,192

*The number of Shares on issue (variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. The current shares on issue are the Shares on issue as at 6 October 2017.
2. The issue price set out above is the last closing price of the Shares on the ASX prior to the date of this Notice.
3. The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.
4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
5. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
6. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.

Shareholders should note that there is a risk of economic and voting dilution of ordinary security holders that may result from an issue of Equity Securities under ASX Listing Rule 7.1A.2 including a risk that:

- (i) the market price for the Company's Equity Securities in that class may be significantly lower on the issue date than on the date of the approval under ASX Listing Rule 7.1A; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(d) Purpose of Issue under 10% Placement Capacity

The Company may issue Equity Securities under the 10% Placement Capacity for the following purposes:

- (i) as cash consideration in which case the Company intends to use funds raised for exploration and evaluation of the company's existing projects and general working capital; or
- (ii) as non-cash consideration for the acquisition of new assets and investments, in such circumstances the Company will provide a valuation of the non-cash consideration as required by listing Rule 7.1A.3.

(e) Allocation under the 10% Placement Capacity

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Capacity. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to a number of factors, including:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company; and
- (v) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Capacity have not been determined as at the date of this Notice but may include existing Shareholders and/or new investors who are not related parties or associates of a related party of the Company.

Further, if the Company is successful in acquiring new assets or investments, it is possible that the allottees under the 10% Placement Capacity will be the vendors of the new assets or investments.

(f) Previous Approval under ASX Listing Rule 7.1A

The Company previously obtained approval under ASX Listing Rule 7.1A at its annual general meeting held on 29 November 2016 and has not issued any Equity Securities pursuant to Listing Rule 7.1A in the 12 months preceding the date of the Annual General Meeting.

In accordance with listing rule 7.3A.6 (a) details of the total number of equity securities issued in the past 12 months preceding the date of the Meeting and the percentage those issues represent of the total number of equity securities on issue at the commencement of the 12 month period are as follows:

Equity securities issued in prior 12 month period	80,000,000
Percentage previous issues represent of total number of equity securities on issue at commencement of 12 month period	29.72%

The specific details for each of the issues during the 12 month period are as follows:

Issue 1 during the 12 month period:

5.4 Voting Exclusion

A voting exclusion statement is included in this Notice. As at the date of this Notice, the Company has not invited any existing Shareholder to participate in an issue of Equity Securities under ASX Listing Rule 7.1A. Therefore, no existing Shareholders will be excluded from voting on Resolution 4.

6. APPROVAL FOR FUTURE ISSUE OF SHARES – Resolution 5

6.1 General

Resolution 5 seeks Shareholder approval for the issue of up to 50,000,000 Shares. The capital raising will be undertaken via the issue of Shares to sophisticated and professional investors pursuant to section 708 of the Corporations Act.

The Company intends to use the funds from the capital raising towards the identification of new project opportunities, costs of the offer and for additional working capital.

ASX Listing Rule 7.1 provides that a company must not, subject to specified exceptions, issue or agree to issue more equity securities during any 12 month period than that amount which represents 15% of the number of fully paid ordinary securities on commencement of that 12 month period.

The effect of Resolution 5 will be to allow the Directors to issue the Shares comprising the capital raising during the period of 3 months after the Meeting (or a longer period, if allowed by ASX), without using the Company's 15% annual placement capacity.

6.2 Technical information required by ASX Listing Rule 7.1

Pursuant to and in accordance with ASX Listing Rule 7.3, the following information is provided in relation to the Placement:

- (a) the maximum number of Shares to be issued is 50,000,000;
- (b) the Shares will be issued no later than 3 months after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the ASX Listing Rules) and it is intended that allotment will occur progressively;
- (c) the Shares will be issued at a price of at least 80% of the volume weighted average market price of the Company's Shares calculated over the last 5 days on which sales in the Company's shares are recorded preceding the date of issue of the Shares or, if the Shares are offered pursuant to a prospectus, at least 80% of the volume weighted average market price of the Company's Shares calculated over the last 5 days on which sales in the Company's shares are recorded preceding the date the prospectus is signed;
- (d) the placement will be made at the discretion of the Directors. It is intended that the allottees will be sophisticated and professional investors pursuant to section 708 of the Corporations Act. No related party of the Company will be permitted to participate in the capital raising;
- (e) ASX has requested that holding locks be placed on any Shares issued;
- (f) the Shares issued will be fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares; and
- (g) the Company intends to use the funds raised from the capital raising towards the identification of new project opportunities, costs of the offer and for additional working capital.
