

ASX RELEASE

October 25th, 2017

GetSwift Signs Exclusive Partnership with Johnny Rockets

GetSwift Limited (ASX: GSW) ('GetSwift' or the 'Company'), the SaaS solution company that optimises delivery logistics worldwide, is pleased to announce that it has signed an exclusive multi-year agreement with Johnny Rockets.

The Company has commenced working with Johnny Rockets brands to deploy its platform in the Middle East and beyond across its portfolio of companies.

Globally recognized, Johnny Rockets is an international restaurant franchise that offers high quality, innovative menu items including fresh, never frozen 100% beef cooked-to-order burgers, fries and hand-spun shakes. This restaurant features a modern twist on the classic diner – with comfortable seats and areas perfect for gathering, friendly approachable service and music that combines iconic classics with pop culture. Founded in 1986, Johnny Rockets operates more than 350 franchise and corporate locations in 32 countries around the world.

The Company expects to transform the delivery services across the territories as it works with its international partners. The Company's indicative estimates are for a transaction yield in excess of millions of deliveries per year upon complete adoption and utilization.

The Company considers this a transformative agreement that will position the Company as an emerging leader in previously untapped markets such as the Middle East, and beyond once this channel is fully implemented. The Company is pleased that the overall strategy of becoming a global leader and not just a regional leader is being manifested.
