

ASX RELEASE

Volpara October Newsletter

Wellington, NZ, 26 October 2017: Volpara Health Technologies ("Volpara"; ASX: VHT), a digital health company focused on early detection of breast cancer by improving quality of screening, is pleased to provide investors with its October newsletter.

The eNewsletter outlines the Company's recent activities and upcoming events, it can be viewed here: <http://bit.ly/2zFozbP> and includes news about the US Federal Bill on breast density announced today, patents, ISO27001 certification and other commercially relevant news.

ENDS.

About Volpara Health Technologies Limited (ASX: VHT)

Founded in 2009 from research originally conducted at Oxford University, VHT is based in Wellington, New Zealand and facilitates the early detection of breast cancer through its digital health solutions to enable personalised, high-quality breast cancer screening based on objective measurements of breast density.

VHT has a number of patents and trademarks and regulatory clearances, including FDA and CE, supporting its technology and services. An ASX-listed company that raised A\$20M through an IPO and subsequent share placement and rights issue in 2016, VHT has customers and/or research projects in 36 countries.
