ELIGIBILITY TO VOTE

For the purpose of the Meeting, the Directors have determined that shares will be taken to be held by persons registered as shareholders of the Company as at **7:00 PM (Sydney time) on Tuesday, 28 November 2017**.

PROXIES

Each shareholder who is entitled to attend and vote at the AGM may appoint not more than two proxies to attend and vote at the AGM on the shareholder's behalf. A proxy need not be a shareholder of the Company, and may be either an individual or a body corporate. Where two proxies are appointed by a shareholder, the shareholder may specify the proportion or number of votes which each proxy is entitled to exercise on a poll. If the appointment does not specify the proportion or number of the shareholder's votes, each proxy may exercise one half of the votes (disregarding fractions) on a poll.

Due to the voting exclusions and requirements referred to in this Notice, if you intend to appoint any Director or other member of the Company's 'key management personnel'¹ (**KMP**) or their closely related parties, **other than the Chairman**, as your proxy, you should direct your proxy how to vote on **Item 2** (Remuneration Report) by marking either "For", "Against" or "Abstain" on the Proxy Form for the relevant Item of business. If you do not direct such a proxy how to vote on those Items they will **not** be able to vote an undirected proxy and your vote will not be counted. This does not apply to the Chairman, who is able to vote undirected proxies.

Direction to Chairman: *If the Chairman of the Meeting is appointed, or taken to be appointed, as proxy, the shareholder can direct the Chairman of the Meeting to vote for or against or to abstain from voting on a resolution, including **Item 2** (Remuneration Report), by marking the appropriate box opposite each resolution on the Proxy Form. However, if a shareholder appoints the Chairman of the Meeting as proxy and does not direct the Chairman how to vote on the proposed resolutions set out in this Notice, then **the Chairman intends to vote all available undirected proxies in favour of each of the proposed resolutions, including Item 2 (Remuneration Report)** (if a poll is called on the relevant resolution).*

CORPORATE REPRESENTATIVES

A body corporate which is a shareholder, or the proxy of a shareholder may appoint an individual as its representative to exercise all or any of its powers that it could exercise at the Meeting. The representative should bring to the meeting original documentary evidence of his or her appointment, including any authority under which the appointment is signed.

The Company will disregard any votes cast on the resolutions as follows:

Item 2 Remuneration Report

A vote must not be cast (in any capacity) on **Item 2**, and the Company will disregard any votes cast on **Item 2**:

- by or on behalf of a KMP whose remuneration is included in the Remuneration Report; or
- by or on behalf of a closely related party² (such as close family members and any controlled companies) of a KMP whose remuneration is included in the Remuneration Report.

However, a person described above may cast a vote on **Item 2** if:

- the person does so as a proxy that specifies how the proxy is to vote (For, Against or Abstain) on **Item 2**; or
- the person is the Chairman of the Meeting and has been appointed as a proxy without being directed how to vote on **Item 2**, and the appointment expressly authorises the Chairman to exercise the proxy even though **Item 2** is connected directly or indirectly with the remuneration of a member of the KMP for the Company; and
- in either case, the vote is not cast on behalf of a person described above.

Item 4 (a) & (b) Previous Issues of Shares

Concerning Resolution 4 (a) & (b), the company will disregard any votes cast on the resolution by a person who participated in the issue and any of their associates.

² For the full definition of 'closely related party', please refer to section 9 of the *Corporations Act 2001*.

- as a proxy for a person who is entitled to vote, in accordance with the directions on the proxy form; or
- by the person chairing the meeting as proxy for a person who is entitled to vote, in accordance with a direction on the form to vote as the proxy decides.

Item 5 Approval of 10% Placement Capacity

The Company will disregard any votes cast on Resolution 5 by any person who may participate in the issue of Equity Securities under this resolution and a person who obtain a benefit, except a benefit solely in the capacity of a holder of ordinary securities, if the resolution is passed, and any associates of those persons. However, the Company will not disregard a vote if:

The Board submits the Remuneration Report to shareholders for consideration and adoption by way of a non-binding resolution as required by the Corporations Act ('Act').

Although the vote on this resolution does not bind the Directors or the Company, the Board respects the views of its shareholders and will take the outcome of the vote into account when considering remuneration policy in the future.

ITEM 4 (a) – PREVIOUS ISSUE OF SHARES

The ASX Listing Rules restrict the number of shares a listed company may issue in any 12 months without the approval of shareholders to 15% of the number of shares on issue at the start of the period, subject to certain adjustments and permitted exceptions.

This resolution seeks shareholder approval to the previous issue of shares in the Company for the purposes of Listing Rule 7.4. Listing Rule 7.4 provides that, where a company's shareholders ratify a previous issue of securities made without approval under Listing Rule 7.1 (provided that the previous issue did not breach Listing Rule 7.1), those securities will be deemed to have been issued with shareholder approval.

The purpose of the seeking shareholder approval of the issue of shares in this resolution is to ensure that the previous issue of shares as described below, does not reduce the Company's placement capacity under the Listing Rules ie: the company's 15% placement capacity is freshened or reset.

As announced 6 June 2017, the company issued of 25,000,000 ordinary class shares issued at a price of \$0.08 per share to sophisticated investors.

This capital raised will be used in developing Real Energy's existing Oil & Gas business together with general working capital purposes.

All the abovementioned ordinary shares have the same rights as existing ordinary shares in the company.

Resolution 4 (a) seeks shareholder ratification pursuant to Listing Rule 7.4 for the above prior issues.

The directors believe that it is important for, and in the best interests of, the company to have the ability to issue the maximum number of shares under Listing Rule 7.1 as it enables the company to move quickly and efficiently to undertake fund raising/issue capital when necessary.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of Item 4 (a).

ITEM 4 (b) – PREVIOUS ISSUE OF SHARES

The ASX Listing Rules restrict the number of shares a listed company may issue in any 12 months without the approval of shareholders to 15% of the number of shares on issue at the start of the period, subject to certain adjustments and permitted exceptions.

This resolution seeks shareholder approval to the previous issue of shares in the Company for the purposes of Listing Rule 7.4. Listing Rule 7.4 provides that, where a company's shareholders ratify a previous issue of securities made without approval under Listing Rule 7.1 (provided that the previous issue did not breach Listing Rule 7.1), those securities will be deemed to have been issued with shareholder approval.

The purpose of the seeking shareholder approval of the issue of shares in this resolution is to ensure that the previous issue of shares as described below, does not reduce the Company's placement capacity under the Listing Rules ie: the company's 15% placement capacity is freshened or reset.

As announced 13 October 2017, the company issued of 26,072,003 ordinary class shares at a price of \$0.09 per share to sophisticated investors.

This capital raised, together with the existing cash reserves, will be used to accelerate the Company's exploration and development program at Windorah Gas project, planning has commenced for drilling of two appraisal wells in ATP 927P.

All the abovementioned ordinary shares have the same rights as existing ordinary shares in the company.

Resolution 4 (b) seeks shareholder ratification pursuant to Listing Rule 7.4 for the above prior issues.

The directors believe that it is important for, and in the best interests of, the company to have the ability to issue the maximum number of shares under Listing Rule 7.1 as it enables the company to move quickly and efficiently to undertake fund raising/issue capital when necessary.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of Item 4 (b).

ITEM 5 – APPROVAL OF 10% PLACEMENT FACILITY

ASX Listing Rule 7.1A provides eligible companies (which includes the Company) the ability to raise an additional 10% of issued capital by way of placements over a 12 month period. This is in addition to a

company's ability to issue up to 15% of its issued capital in a 12 month period without Shareholder approval.

The number of Shares which may be issued by a company under Listing Rule 7.1A is calculated in accordance with the following formula:

$$(A \times D) - E$$

where

A is the number of shares on issue 12 months before the date of issue or agreement:

- plus the number of fully paid ordinary shares issued in the 12 months under an exception in Listing Rule 7.2;
- plus the number of partly paid ordinary shares that became fully paid in the 12 months;
- plus the number of fully paid ordinary shares issued in the 12 months with the approval of Shareholders under Listing Rule 7.1 or Listing Rule 7.4;
- less the number of fully paid ordinary shares cancelled in the 12 months.

D is 10%.

E is the number of shares issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of Shareholders under Listing Rule 7.1 or Listing Rule 7.4.

The Directors are seeking approval to have the additional capacity to issue a number of shares representing 10% of the issued share capital of the Company pursuant to Listing Rule 7.1A. ("**10% placement facility**").

While the Company does not have any immediate plans to issue shares, purposes for which shares may be issued pursuant to Resolution 4 may include for use as working capital and/or corporate growth opportunities.

The shares must be issued at an issue price that is at least 75% of the Volume Weighted Average Price for the Company's equity securities over the 15 trading days on which trades in that class were recorded immediately before:

- a. the date on which the price at which the equity securities are to be issued or agreed; or
- b. if the equity securities are not issued within 5 trading days of the date in paragraph (a) above, the date on which the equity securities are issued.

The Company may issue some of the shares for non-cash consideration, for example, as part of the consideration for an acquisition of assets but the issue price attributable to the shares shall be at least 75% of the Volume Weighted Average Price as referred to above.

If shares are issued for non-cash consideration, the Company will announce to the market the valuation of the non-cash consideration as required by Listing Rule 7.1A.3.

The Company will comply with the disclosure obligations under Listing Rules 7.1A (4) and 3.10.5A upon issue of any shares.

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% placement facility under Listing Rule 7.1A. The identity of the allottees of Shares will be determined on a case by case basis having regard to factors including but not limited to the following:

- the methods of raising funds that are available to the Company, including rights issue or other issues in which existing Shareholders can participate;
- the effect of the issue of the shares on the control of the Company;
- the financial situation of the Company;
- advice from corporate, financial and broking advisors; and
- the potential benefits an allottee could provide to the Company as a strategic investor (if applicable).

The allottees under the 10% placement facility have not been determined as at the date of this Notice but may include existing substantial Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company.

If Shareholder approval is granted for Resolution 4 and the company issues equity securities under its 10% placement facility, there is a risk that the market price

for the equity securities may be significantly lower on the issue date than on the date on which approval is given to this Resolution 4 and the shares may be issued at a discount to the market price for those equity securities on the issue date.

The table on the next page is provided to illustrate the potential dilution of existing Shareholders based on the current market price of shares and the current number of shares for variable "A" calculated in accordance with the formula in Listing Rule 7.1A.2 as at the date of this notice:

- two examples where variable "A" has increased, by 50% and 100%.

Variable "A" is based on the number of shares the Company has on issue. The number of shares on issue may increase because of issues of shares that do not require approval (for example, a

prorata entitlement issue) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and

- two examples of where the issue price of shares has decreased by 50% and increased by 100% as against the current market price.

If Shareholder approval is granted for Resolution 4, then that approval will expire on the earlier of:

- i. 30 November 2018, being 12 months from the date of the Meeting; or
- ii. the date Shareholder approval is granted to a transaction under Listing Rule 11.1.2 (proposed change to nature and scale of activities) or Listing Rule 11.2 (change involving main undertaking).
