About Gooroo

Gooroo is a predictive technology platform that makes hiring talent more accurate, teams more productive and communications more targeted. Gooroo does this by using artificial intelligence and neuroscience across four core products: Gooroo Jobs, Gooroo Mindspace, Gooroo Communities & Gooroo Insights. Gooroo Jobs matches and ranks candidates to a role; Gooroo Mindspace assesses and charts the thinking patterns of an individual and a team to better understand future behaviour; Gooroo Communities helps organisations build enriched talent databases that speed up access to qualified talent; and Gooroo Insights delivers job market and candidate supply data to inform hiring strategies.

In May 2017, Gooroo begun commercial enterprise sales in the Australian market. The Gooroo platform is made available via minimum term monthly subscriptions based on company size and/or projected usage.

In June 2017, Gooroo was awarded Innovation of the Year in the Big Data / Machine Learning category at the AIIA iAwards (Vic).

In January 2016, Gooroo announced a global alliance with Microsoft.
