Ends.

About Kyckr Limited

Kyckr is a global regulatory technology (RegTech) business, providing technology solutions to help protect against money laundering, fraud and tax evasion. Kyckr's solutions are connected to over 180 regulated primary sources, in over 120 countries, providing real-time company registry information on over an estimated 80 million businesses globally. Kyckr provides an automated technology solution to maintain up to date critical company identity information, in place of the traditional error and fraud prone manual people based processes.
