RCR Increases Funding Capacity by \$150M

Diversified engineering and infrastructure company, RCR Tomlinson Ltd (ASX: RCR) is pleased to advise that it has extended its contingent instrument bank guarantee facility by a further \$100 million to \$295 million. This increase was arranged by the Commonwealth Bank of Australia, and forms part of the Company's Syndicated Banking Facility.

In addition to the above facility increase, the Company has approval to utilise insurance bonding facilities in the aggregate of up to \$250 million. This is an increase of \$50 million.

RCR's Managing Director, Dr Paul Dalglish, said that "the increase in our bonding capacity provides RCR with a significantly larger facility which will support our forecast growth. We are experiencing considerable growth in our development pipeline, in particular, rail and energy including solar, wind, storage and gas power opportunities."

"We are delighted to be working with a syndicate of financiers who understand our business and support the strategic and organic growth of our business," added Dr Dalglish.

ABOUT RCR

RCR Tomlinson Ltd (ASX code: RCR) is a diversified engineering and infrastructure company, working with some of the world's leading organisations to provide intelligent engineering solutions to the Infrastructure, Energy and Resources sectors. RCR has 119 years of history in the engineering sector and owns some of Australia's oldest engineering businesses including RCR Tomlinson™, O'Donnell Griffin™, Haden™, and Resolve FM™.

RCR's core capabilities encompass development, engineering, procurement, construction, operation and maintenance of major infrastructure, energy and resource projects. These include power generation plants (using a wide range of fuels, solar, wind and battery), water and waste treatment systems, rail and road tunnel infrastructure, rail signalling and overhead wiring systems, mineral processing and material handling plants, integrated oil & gas services (both onshore and offshore), supply of RCR proprietary materials handling and process equipment, and property services including facilities management, HVAC and electrical services.

RCR has operations across Australia, Asia and New Zealand. Additional information is available at www.rcrtom.com.au
