Appointment of Chief Executive Officer

Webster Limited today announced the appointment of Maurice Felizzi as Chief Executive Officer to take effect from January 2018.

Maurice was appointed Chief Financial Officer and Company Secretary of Webster in April 2016 following a career that included roles as General Manager of Johnson Property Group, CEO of Clarendon Homes and CFO of LexisNexis, Pacific Magazines and Great Southern Energy.

Maurice has done an exemplary job in consolidating the Webster's financial and administrative systems from the diverse array of systems inherited in the acquisitions of 2014-15.

Chris Corrigan, who took up an executive Chairman's role in March 2016, will continue as Chairman but will relinquish his executive role from the commencement of 2018.
