

14 February 2018

**ASX Code: URF**  
**US Masters Residential Property Fund (Fund)**  
**Net Asset Value as at 9 February 2018**

The weekly estimated unaudited net asset value before withholding tax on unpaid distributions as at 9 February 2018 was \$1.54\* per unit on a fully diluted basis.

The Fund is a long-term investor and does not intend to dispose of its total portfolio. If estimated tax at 21% on unrealised portfolio gains or losses were recognised, the weekly estimated unaudited post tax net asset value before withholding tax on unpaid distributions as at 9 February 2018 would be \$1.43\* per unit on a fully diluted basis.

The Fund is in the process of finalising its half-yearly property portfolio valuation exercise. The independent appraisal and property valuation will be included in the 31 December 2017 full year financial report. Accordingly, the NAV as at 9 February of \$1.54 does not take into account any potential changes to the property portfolio fair value that might arise from that revaluation exercise.

These estimates may not take into account all intra-month accruals, which are incorporated in the monthly NTA updates.
