Dividends

The Directors did not declare any dividends during the half year ended 31 December 2017.

Since the end of the half year the Directors have declared an interim ordinary dividend for the 2018 financial year of 0.5 cents per share, fully franked at the tax rate of 27.5%. This dividend will be payable on 26 March 2018, but has not been recognised as a liability at the half year.

3. Significant Changes in the State of Affairs

There were no significant changes in the state of affairs of the Company during the reporting period.

DIRECTORS' REPORT - Continued

4. Significant Events after Balance Date

The Directors are not aware of any matter or circumstance that has arisen since the end of the period to the date of this report that has significantly affected or may significantly affect:

- the operations of the Company;
- the results of those operations; or
- the state of affairs of the Company in subsequent years.

5. Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration for the period to 31 December 2017 as required under section 307C of the *Corporations Act 2001* is set out on page 21.

6. Rounding of Amounts

In accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, the amounts in the Directors' Report and in the Interim Financial Report have been rounded to the nearest one thousand dollars, or in certain cases, to the nearest dollar (where indicated).

This report is made in accordance with a resolution of the Directors.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED 31 DECEMBER 2017**

1. Reporting Basis and Conventions

The half year financial statements (financial report) are general purpose financial statements prepared in accordance with the *Corporations Act 2001* and Australian Accounting Standard AASB134: *Interim Financial Reporting*.

The financial report covers the entity URB Investments Limited (URB), a listed public company, incorporated on 13 October 2016 and domiciled in Australia.

The financial report does not include all the notes of the type normally included in an annual financial report. It is recommended that this financial report be read in conjunction with the 30 June 2017 Annual Financial Report and any public announcements made by URB during the half year in accordance with continuous disclosure obligations arising under the *Corporations Act 2001*.

Unless otherwise stated, the accounting policies have been consistently applied by URB and are consistent with the accounting policies applied in the 30 June 2017 Annual Financial Report.

a. Basis of preparation

The financial report has been prepared on an accruals basis. It is based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities, for which the fair value basis of accounting has been applied.

b. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting used by the chief operating decision-maker. The Board has been identified as the chief operating decision-maker, as it is responsible for allocating resources and assessing performance of the operating segments. The Company operates solely in the investment industry in Australia and has no reportable segments.

c. Rounding of amounts

The Company has applied the relief available to it under *ASIC Corporations Instrument (Rounding in Financial / Directors' Reports) 2016/191* and accordingly, amounts in the financial report and Directors' report have been rounded off to the nearest \$1,000 unless otherwise stated.

d. Critical accounting estimates and judgements

The preparation of this report requires the use of certain critical estimates based on historical knowledge and best available current information. This requires the Directors and management to exercise their judgement in the process of applying the Company's accounting policies.

(i) Valuation of Unlisted Property Investments

The Company's Property Portfolio comprises unlisted direct equity investments in properties, which are initially brought to account at cost and then their fair value reviewed at each reporting date. Note 7(a)(iv) provides detail on the process with which the Company assesses this fair value.

(ii) Tax Rate Applicable to Company

The Company has recognised income tax expense and deferred tax assets/liabilities in accordance with *AASB112: Income Taxes*, applying the current tax rate of 27.5%. Note 4(d) provides detail on potential legislative changes which may result in a different tax rate becoming applicable to the Company.

There are no other key assumptions or sources of estimation uncertainty that have a risk of causing a material adjustment to the carrying amount of assets and liabilities within the next reporting period.

e. Australian Accounting Standards not yet effective

The Company has not applied any Australian Accounting Standards or interpretations that have been issued as at balance date but are not yet operative for the financial period ended 31 December 2017 ("the inoperative standards"). The impact of the inoperative standards has been assessed and the impact has been identified as not being material. The Company only intends to adopt inoperative standards at the date at which their adoption becomes mandatory.

3. Expenses

(a) Investment Management Fees

The Company has outsourced its investment management function to Contact Asset Management Pty Limited (**Contact**), whose services are governed by an Investment Management Agreement. In accordance with the investment management agreement, Contact is entitled to an ongoing management fee equal to 0.50% p.a. (plus GST) of Total Assets.

Contact is also entitled to a performance fee if a performance hurdle is satisfied at the end of each financial year, excluding the period ended 30 June 2017.

The performance hurdle is satisfied if the Company's pre-tax net tangible asset per share as at the end of a financial year (CY NTA) has increased by at least 8% from the Company's pre-tax net tangible asset per Share at the end of the immediately preceding financial year (PY NTA). The performance fee is calculated as $15\% \times ((CY\ NTA - [PY\ NTA \times 1.08]) \times \text{weighted average no of shares during relevant financial year})$.

Based on the change in pre-tax net tangible asset per share between 30 June 2017 and 31 December 2017, The Company has not made an accrual in respect of a potential performance fee payable in respect of this period.

4. Income tax (continued)

(d) Potential change to applicable tax rate

On 19 May 2017, legislation received Royal Assent to enact corporate tax rate reductions. The new legislation reduces the corporate tax rate for companies that are carrying on a business with aggregated turnover below the relevant threshold for the applicable income year (worked out at the end of the income year). In October 2017 the ATO released draft Taxation Ruling TR 2017/D7, outlining its views on when does a company carry on a business within the meaning of the Income Tax Rates Act 1986. Based on current interpretation of the new legislation and TR 2017/D7, the defined thresholds and tax rates within the legislation, and the Company's actual 2017FY turnover and estimated 2018FY turnover, URB has assessed that it is currently subject to a tax rate of 27.5%, but may not continue to be. The applicability of the reduced tax rate regime to investment entities such as URB is currently under debate. Should the legislation change, or its applicability be redefined, URB may be required in future periods to apply a different tax rate.

5. Dividends

(a) Dividends declared

No dividends were declared by Directors during the half-year ended 31 December 2017.

Since the end of the half year the Directors have declared an interim ordinary dividend for the 2018 financial year of 0.5 cents per share, fully franked at the tax rate of 27.5%. This dividend will be payable on 26 March 2018, but has not been recognised as a liability at the half year.

(a) Fair Value Measurement

URB measures the fair value of its Equity Portfolio and Property Portfolio with reference to the following fair value measurement hierarchy mandated by accounting standards:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and

Level 3: inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED 31 DECEMBER 2017**

7. Financial assets (continued)

(a) Fair Value Measurement (continued)

(iii) Equity Portfolio

The Company's Equity Portfolio contains ASX-Listed equities, or equities in entities that will be listed within twelve months, and may include two sub-portfolios – an equity investment portfolio and an equity trading portfolio.

The equity investment portfolio contains holdings within URB's equity investment portfolio that the Company intends to retain on a long-term basis, which are classified as 'financial assets measured at fair value through other comprehensive income'. These securities are initially brought to account at the cost of acquisition, including transaction costs, and are re-valued to market values continuously. Movements in carrying values of securities in the equity investment portfolio are recognised as Other Comprehensive Income and taken to the Revaluation Reserve.

The equity trading portfolio will comprise any securities held for short term trading purposes. Equities held within the trading portfolio will be classified as 'mandatorily measured at fair value through profit or loss'. These equities are initially measured at cost on trade date, which includes transaction costs, and are re-valued to market values continuously. Movements in carrying values of securities in the equity trading portfolio are taken to Profit or Loss through the Income Statement.

Fair value is determined based on last sale price for all quoted investments. IRESS, Bloomberg or other similar financial information service are used as the price source for listed securities. This methodology falls within the Level 1 fair value hierarchy of measuring fair value under AASB13 *Fair Value Measurement*.

(iv) Property Portfolio

The Company's Property Portfolio comprises unlisted direct equity investments in Australian properties. Typically the Company will maintain a large proportionate ownership of each direct property asset, resulting in the Company having either control or significant influence over these investments.

However, the Company is classified as an Investment Entity in accordance with paragraph 27 of *AASB10: Consolidated Financial Statements*, as its business purpose is to invest funds solely for returns from capital appreciation, investment income, or both. The Company has also applied the Venture Capital Organisation exemption in *AASB128: Investments in Associates and Joint Ventures*. Being an Investment Entity and Venture Capital Organisation, the investments in the Property Portfolio have been accounted for as financial assets measured at fair value through profit or loss. As such, property investments are initially brought to account at the cost of acquisition, and transaction costs relating to acquisitions are expensed immediately to profit and loss.

Subsequent to initial recognition, property investments are measured at fair value, with gains and losses arising from changes in the fair value recognised in profit and loss.

The Board will review the fair value of the Property Portfolio at each reporting date. To assist in their assessment of fair value, the Board will make reference where possible to indicative independent data such as external valuations prepared for other purposes (such as debt finance), market appraisals, recent comparable sales, and movements in capitalisation rates used in valuations of comparable properties over the period since each property was purchased or most recently valued. At least once every two years the Board will ensure an independent valuer is engaged to assess the fair value of individual properties for accounting purposes. Valuations may occur more frequently if there is reason to believe that the fair value of a property has materially changed from its book value (e.g. as a result of changes in market conditions, leasing activity in relation to the property or commencement or completion of any development activity). This methodology falls within the Level 3 fair value hierarchy of measuring fair value under AASB13 *Fair Value Measurement*.

Having regard to all available relevant information, the Board did not adjust the fair value of any of the Company's Property Portfolio during the period.

8. Share capital (continued)

(b) Movement in ordinary shares (continued)

(i) Ordinary shares

The Company does not have an authorised share capital and the ordinary shares on issue have no par value. Holders of ordinary shares participate in dividends and the proceeds on a winding up of the Company in proportion to the number of shares held.

At shareholders' meetings each ordinary share is entitled to one vote when a poll is called, otherwise each shareholder has one vote on a show of hands.

(ii) Options

The Company issued a Prospectus on 3 March 2017 for the offer of up to 272,727,273 fully paid ordinary shares, together with one attaching option (Option) at an offer price of \$1.10 per share to raise up to \$300,000,000. Each Option provides the holder with the ability to acquire one ordinary share in the Company at an exercise price of \$1.10. Options can be exercised at any time on or before 5:00pm (Sydney time) 7 April 2018. Options give the shareholders the right but not the obligation to subscribe for shares in URB at \$1.10 per share. Options can be exercised in full or in part. Options are currently trading on the ASX under the code URB0. As at 31 December 2017 and as at the date of this report 10,500 Options had been exercised.

Dec 2017	Jun 2017

9. Realised Profits Reserve

The Board has established a Realised Profits Reserve to clearly define the after-tax profits available to be distributed to shareholders as dividends. The Directors intend to review the profits generated by the Company at least every six months with the intention of transferring an appropriate amount of profit to the Realised Profit Reserve. Dividends declared by the Board and paid to shareholders will be deducted from the Realised Profit Reserve rather than Retained Profits.

10. Related Party Transactions

The Company did not enter into any new arrangements with related parties during the half year ended 31 December 2017. Arrangements with related parties of the Company in place as at 30 June 2017 continue to be in place. For details of these continuing arrangements, refer to Note 17 of the 30 June 2017 Annual Financial Report.

11. Contingent Liabilities

The Company has no contingent liabilities as at 31 December 2017.

12. Commitments

The Company had no firm commitments in respect of its direct property investments as at 31 December 2017.

In particular, under the terms of each respective Unitholder Agreement, as at 31 December 2017 and to the date of this report URB had the right, but not the obligation, to participate in additional equity raisings conducted by the unlisted property trusts in which URB has invested.

13. Events subsequent to reporting date

Other than the dividend referred to in Note 5 (a) of this report, there has been no transaction or event since 31 December 2017 to the date of this report of which the directors are aware that has had a material impact on the Company or its financial position.

14. Authorisation

The financial report was authorised for issue on 15 February 2018 by the Board of Directors.

DIRECTORS' DECLARATION

The Directors of URB Investments Limited are of the opinion, and declare that:

1. the financial statements and notes, as set out on pages 4 to 19, are in accordance with the *Corporations Act 2001*, including:
 - a. complying with Accounting Standard *AASB134: Interim Financial Reporting* and the *Corporations Regulations 2001*; and
 - b. giving a true and fair view of the Company's financial position as at 31 December 2017 and of its performance for the half year ended on that date; and
2. there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors, which has been made after receiving the declaration required to be made to the Directors by the CEO and CFO equivalents in accordance with section 295A of the *Corporations Act 2001* for the half year ending 31 December 2017.

**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF URB INVESTMENTS LIMITED
ABN 60 615 320 262**

Report on the Interim Financial Report

We have reviewed the accompanying interim financial report of URB Investments Limited ("the Company"), which comprises the statement of financial position as at 31 December 2017, statement of profit or loss, statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a statement of significant accounting policies, other selected explanatory notes and the directors' declaration of the Company.

Directors' Responsibility for the Interim Financial Report

The directors of the Company are responsible for the preparation of the interim financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal controls as the directors determine is necessary to enable the preparation of the interim financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the interim financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410: *"Review of a Financial Report Performed by the Independent Auditor of the Entity"*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the *Corporation Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2017 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134: *"Interim Financial Reporting"* and the *Corporations Regulations 2001*. As the auditor of URB Investments Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the review of the annual financial report.

A review of the interim financial report consists of making enquiries, primarily of persons responsible for the financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF URB INVESTMENTS LIMITED
ABN 60 615 320 262**

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the interim financial report of URB Investments Limited is not in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Company's financial position as at 31 December 2017 and of its performance for the half-year ended on that date; and
- (ii) complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.
