## **About New Energy Solar**

New Energy Solar was established in November 2015 to invest in a diversified portfolio of solar assets across the globe and help investors benefit from the global shift to renewable energy. The Business acquires large scale solar power plants and associated renewable energy assets, with contracted cash flows from creditworthy offtakers, that generate positive social impacts and financial returns for investors.

Since establishment, New Energy Solar has raised over A\$500 million from retail and institutional investors, acquired a portfolio of world-class solar power plants, and has a deep pipeline of opportunities across Australia and the United States. New Energy Solar's securities trade on the Australian Securities Exchange under the ticker, NEW.
