

RESULTS ANNOUNCEMENT FOR THE 6 MONTHS ENDED 31 DECEMBER 2017

INTRODUCTION:

The Directors of Eildon Capital Limited (ASX: EDC) are pleased to report a half year net profit after tax of \$1.3 million (prior corresponding period \$2.6 million). The net tangible assets of the company as at 31 December 2017 were \$1.05 per share. Eildon Capital has also paid out 3.575 cents per share in fully franked dividends in the half year period to 31 December 2017.

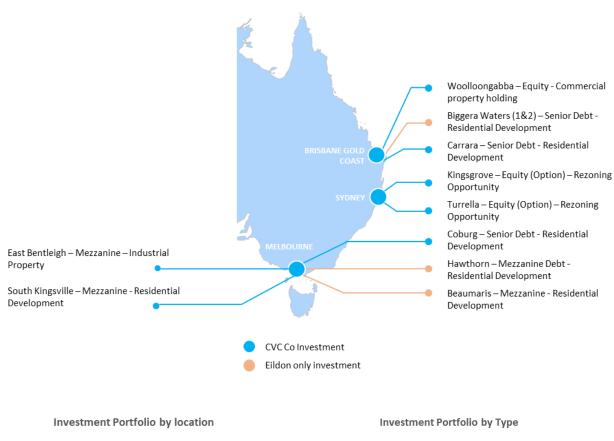

Since the time the company was listed on the ASX in February 2017, Eildon Capital has delivered shareholders total returns of 11.3% per annum without considering the benefit of franking credits.

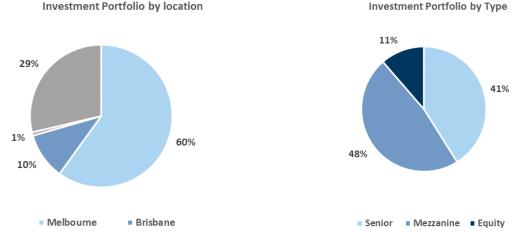

COMMENTARY:

As at 31 December 2017, the Company had an investment portfolio totalling \$31.1 million. The investment portfolio comprises seven loans, one equity investment and two property options.

Loan Portfolio

The loan investments comprise a combination of both senior and mezzanine positions, with a weighted average loan to value ratio of below 60% and a weighted average forecast return in excess of 15% per annum.

Equity Transactions

Eildon Capital also holds a 35% interest in a commercial property located in Woolloongabba, Queensland. The property is subject to a long-term lease to an ASX listed entity and also benefits from planning approval for a substantial retail and residential development.

The portfolio is complemented by two option investments over industrial properties in Sydney. These investments are in joint venture with property partners who are progressing planning outcomes which if successful will add significant value to the underlying properties.

OUTLOOK:

The directors are focused on generating recurrent income streams and capital appreciation through investment in the property sector. This will be achieved through investment in real estate through either debt or equity positions. The investment portfolio will continue to be structured to focus on opportunities in the residential, commercial, industrial and retail sectors. The target total return on investments across the portfolio is 14% per annum.

Eildon Capital invests in either debt or equity to take full advantage of changing market cycles. It increases debt exposure as the market approaches its peak, providing sufficient headroom to ensure capital protection in a contracting market. As markets turn, it increases equity exposure in property assets to capture value increase.

Eildon Capital continues to experience very strong deal flow and this is anticipated to continue given current capital market conditions.

The completion of the recent \$16.6 million capital raising has provided the company with additional funds to continue to participate in those opportunities that meet its investment criteria.

CAPITAL MANAGEMENT

During the period Eildon Capital commenced a capital raising which was completed on 17 January 2018 raising \$16.6 million at \$1.05 per share. The capital raising provides the company with additional funds to deploy into further investment opportunities.

The Directors continue to target the payment of quarterly dividends reflecting a yield of >6% per annum fully franked.

The Directors paid dividends totalling 1.78752 cents per share fully franked on both 24 July 2017 and 24 October 2017. The December quarterly dividend of 1.925 cents was paid on 5 February 2018.

The anticipated dividend payment calendar for the next 12 months is as follows:

Note 8: Fair Value Measurement

The fair values of the financial assets and liabilities of the Company are approximately equal to their carrying values.

Judgements and estimates were made in determining the fair values of the financial instruments and non-financial assets that are recognised and measured at fair value in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments and non-financial assets into three levels prescribed under the accounting standards.

Level 1 – the fair value is calculated using quoted prices in active markets.

Level 2 – the fair value is estimated using inputs other than quoted prices included in Level 1 that are observable for the asset, either directly (as prices) or indirectly (derived from prices).

Level 3 – the fair value is estimated using inputs for the asset that are not based on observable market data.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Eildon Capital Limited

We have reviewed the accompanying half-year financial report of Eildon Capital Limited ("the company") which comprises the condensed statement of financial position as at 31 December 2017, the condensed statement of comprehensive income, the condensed statement of changes in equity and the condensed statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory notes, and the directors' declaration.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the company's financial position as at 31 December 2017 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of the company, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

INDEPENDENT AUDITOR'S REVIEW REPORT (continued)

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Eildon Capital Limited is not in accordance with the Corporations Act 2001 including:

- (a) giving a true and fair view of the company's financial position as at 31 December 2017 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.
