On 10 April 2018, LGO announced that it has entered into a conditional Share Purchase Agreement to acquire 100% of the issued share capital of Happy Valley Milk Limited (HVM). #### OIL & GAS

Longreach Oil (ASX: LGO) holds a 50% interest in Petroleum Lease 280 in the Surat Basin, Queensland. The Company also has a 20% shareholding in unlisted Brisbane Petroleum Limited (BPL), which in turn holds the other 50% interest in PL 280. BPL also holds Petroleum Leases 18 and 40. ## **About Happy Valley Milk Limited**

HVM is a New Zealand based company that has land use consents from the Otorohanga District Council to establish and operate a fully integrated milk processing, blending and packaging plant on a site near Hamilton. Once built, HVM intends to specialize in consumer ready Infant Milk Formula ("IMF") and other nutritional milk powder formulas using A2 and Organic milk. HVM's site is located in one of New Zealand's largest catchment areas of A2, organic, and pasture fed milk herds. The next step in the project development is to obtain Waikato Regional Council ("WRC") water use and water discharge consents (which is a condition precedent to LGO's acquisition).
