Investment return – April, 2018

In the interests of keeping the market informed on a timely basis of the investment returns of the Global Value Fund portfolio, the manager produces an interim estimate for release to the market ahead of the more detailed monthly investment update and NTA report.

This estimate refers only to changes in the portfolio's value over the month through the manager's investment activities, after the deduction of operating costs and management fees and before any provisions for taxes.

The manager estimates that the investment return for the Global Value Fund was +1.5% during April.

The Company went ex a 3.15 cent per share dividend, 50% franked, on 9 April 2018. Including tax payments made during the month and dividend amounts payable, the manager estimates that the pre-tax NTA per share at the end of April was \$1.0881.
