

ASX RELEASE

15 May 2018

Appointment of Chief Financial Officer

Cabcharge Australia Limited has appointed Ton van Hoof as Chief Financial Officer commencing 15 May 2018.

Ton joined Cabcharge in 2015 and most recently was the Group Financial Controller. Over the last decade, Ton has held a number of finance roles in both listed and privately owned organisations within the personal transport, aviation, and market research sectors. He brings a strong track record in leading finance transformation and integration initiatives across various regions, as well as experience in technical finance, treasury, strategy, and M&A transactions.

“In addition to Ton’s knowledge of and experience at Cabcharge he has worked in the aviation sector with Qantas and Air France KLM Group. Ton is proven to be a valuable contributor as we navigate a changing regulatory framework in the personal transport sector and has become instrumental in the transformation of the Cabcharge business,” said Andrew Skelton, CEO and Managing Director of Cabcharge.

“As our strategic momentum accelerates it is an advantage to find a CFO who understands the industry and our business,” continued Mr Skelton. “Ton has been integral to how we assess and monitor opportunities in payments and in taxi services for some time now. The strategies that Ton has helped design and implement are delivering and it is a great sign of the growing strength and quality of our organisation that we can promote from within.”

Ton holds a Bachelor of Business Administration, Master of International Business and is a member of the Institute of Chartered Accountants in Australia and New Zealand.
