INVESTOR BRIEFING

ERM Power Limited (ASX: EPW) is hosting an investor briefing today in Sydney for institutional investors and equity analysts. The briefing outlines how ERM Power is meeting the energy supply and demand challenge in Australia. This operationally focused briefing is a deep-dive into the evolving Energy Solutions market and the opportunity it presents ERM Power.

Please find attached the presentation related to this briefing.

Phil Davis

Group General Counsel & Company Secretary

ERM Power Limited

About ERM Power

ERM Power is an Australian energy company operating electricity sales, generation and energy solutions businesses. The Company has grown to become the second largest electricity provider to commercial businesses and industrials in Australia by load¹, and is the only energy retailer licensed to sell electricity in all Australian states as well as the Northern Territory and the Australian Capital Territory. A growing range of energy solutions products and services are being delivered, including lighting and energy efficiency software and data analytics, to the Company's existing and new customer base. ERM Power also sells electricity in several markets in the United States. The Company operates 662 megawatts of low emission, gas-fired peaking power stations in Western Australia and Queensland.

DISCLAIMER

This presentation contains certain forward-looking statements with respect to the financial condition, results of operations and business of ERM Power Limited (ERM Power) and certain plans and objectives of the management of ERM Power.

Such forward-looking statements involve both known and unknown risks, uncertainties, assumptions and other important factors which are beyond the control of ERM Power and could cause the actual outcomes to be materially different from the events or results expressed or implied by such statements.

None of ERM Power, its officers, advisers or any other person makes any representation, assurance or guarantee as to the accuracy or likelihood of fulfilment of any forward-looking statements or any outcomes expressed or implied by any forward-looking statements.

The information contained in this presentation does not take into account investors' investment objectives, financial situation or particular needs. Before making an investment decision, investors should consider their own needs and situation and, if necessary, seek professional advice.

To the maximum extent permitted by law, none of ERM Power, its directors, employees or agents, nor any other person accepts any liability for any loss arising from the use of this presentation or its contents or otherwise arising out of, or in connection with it.

Non-IFRS information

This document may contain certain non-IFRS financial measures and other defined financial terms.

The directors believe the presentation of certain non-IFRS financial measures is useful for the users of this document as they reflect the underlying financial performance of the business.

The non-IFRS financial profit measures are used by the managing director to review operations of the Group and include but are not limited to:

- 1. EBITDAF Earnings before interest, tax, depreciation, amortisation, impairment and net fair value gains / losses on financial instruments designated at fair value through profit and loss. EBITDAF excludes any profit or loss from associates.
- 2. Underlying EBITDAF EBITDAF excluding significant items.
- 3. Underlying NPAT Statutory net profit after tax attributable to equity holders of the Company after excluding the after tax effect of unrealised marked to market changes in the fair value of financial instruments, impairment and gains / losses on onerous contracts and other significant items. Underlying NPAT excludes any profit or loss from associates.

All profit measures refer to continuing operations of the Group unless otherwise noted.

A reconciliation of underlying NPAT and underlying EBITDAF is supplied in the operating and financial review (OFR) section of ERM Power's financial reports. The above non-IFRS financial measures have not been subject to review or audit. These non-IFRS financial measures form part of the financial measures disclosed in the books and records of the Consolidated Entity, which have been reviewed by the Group's auditor.

All reference to \$ is a reference to Australian dollars unless otherwise stated. Individual items, totals and percentages are rounded to the nearest appropriate number or decimal. Some totals may not add down the page due to rounding of individual components.

Full glossary of terms used in this presentation can be found in the OFR section of ERM Power's financial reports.
