MGM Wireless Limited (ASX:MWR) is a technology company designing, developing and commercialising Internet of Things (IoT) devices for children, and software for school communication and student absence management. The Company's AllMyTribe division has developed a wearable device called Spacetalk which allows two-way 3G communication, GPS tracking and alerts parents whenever children leave designated safe spaces such as school or the home.

MGM Wireless built its track record with school communication solutions after creating the world's first SMS based Automated Student Absence Notification Solution. It is recognised as a global leader and pioneer in socially responsible and technology-enabled school communications. Used by over 1,100 schools and 1.6 million parents, the Company's multichannel school communication solutions empower schools to effectively communicate to parents and caregivers through SMS, mobile in-app and other means to improve student attendance and safety, help schools reduce operating costs and increase parent engagement.

MGM Wireless products include student absence notifications 'messageyou', absence analytics software 'Watchlists', school news and messaging app 'School Star', a content management and messaging platform for mobile school communication called Outreach+, and student attendance management solution 'RollMarker'.
