## **Nanosonics receives European CE Mark for trophon<sup>®</sup>2**

Following the regulatory approvals in the USA and Canada for its 2<sup>nd</sup> generation trophon system, trophon2, Nanosonics Limited (ASX: NAN) announced today that it has established conformity of the trophon2 to European Union Requirements. This follows the review of the trophon2 technical documentation by its European notified body. The newly CE-marked trophon2 is planned to launch in Europe in the first quarter of the 2019 financial year, in a similar timeframe to the USA and Canada.

“This is excellent news that enables Nanosonics to launch trophon2 for customers in both North America as well as Europe in the same time frame” said Michael Kavanagh, Nanosonics’ Chief Executive Officer and President. “The trophon2 delivers a range of exciting new customer focused features including new capabilities that were specifically developed based on feedback from the European market. The new trophon2 is currently being introduced into manufacturing and we look forward to bringing it to market in the first quarter of the 2019 financial year.”
