Microsoft announces LiveTiles as US Modern Workplace Transformation partner of the year

LiveTiles Limited (ASX: LVT) ('LiveTiles' or 'the Company'), a global software company that empowers its users to develop their own intelligent workplace experiences, is pleased to announce it has been awarded the 2018 Microsoft US (MSUS) Partner of the Year Award for Modern Workplace Transformation.

The MSUS awards focus on the impact of Microsoft partners in the United States and showcases LiveTiles' success in the region.

LiveTiles was recognised for its leadership in customer impact, solution innovation, deployment and exceptional use of advanced features in Microsoft technology over the past year.

With almost 100,000 partners in the United States, this significant award is a testament to LiveTiles' growing relationship with Microsoft in the world's largest economy. In the last 12 months, LiveTiles has aligned itself to Microsoft's 'AI-first' vision and become a key strategic partner in the data and AI space. It's co-sell arrangement with Microsoft to promote LiveTiles Bots surpassed expectations, securing multiple new customers ranging from mid-market to Fortune 500 companies.

The award comes ahead of Microsoft's flagship partner conference, where LiveTiles is again a major sponsor. Microsoft Inspire is attended by over 21,000 people from around the world, held at the Mandalay Bay Convention Center in Las Vegas from July 15-19.

This is the second major award for LiveTiles in the last month. LiveTiles' AI solution, LiveTiles Bots, was recently awarded the 'Best Application of AI in the Enterprise' by the Alconics, the world's only independently judged AI awards. LiveTiles received the prestigious award at Kensington Palace, London.

Karl Redenbach, LiveTiles co-founder and chief executive officer, said:

"To be recognised as the leading partner for modern workplace transformation in the world's largest economy is extremely exciting. Our teams around the world have worked hard to drive our success in this region and set up LiveTiles to continue its strong growth early in the new financial year and beyond."
