Kookaburra Gully Graphite Project, SA (100%-owned)

Lincoln Minerals Limited ("Lincoln" or "Company") completed its overseas downstream metallurgical testwork component during the Quarter with concentrates returned to Australia for final chemical analysis. The value-added graphite concentrates chemical fingerprinting is vital for potential customers to evaluate and qualify the Company's 100%-owned Kookaburra Gully graphite project on South Australia's Eyre Peninsula.

Other SA Projects

Due to the Company's restructuring no significant exploration or development work was undertaken during the Quarter on Lincoln's other Eyre Peninsula tenements.

Corporate

At 30 June 2018, Lincoln had A\$2.5 million in cash at bank.

Lincoln's appointment of Dr Haifeng Zhu and Mr Johnson Zhang during the Quarter represents a strengthening of Lincolns' Board. Their professional experience will assist Lincoln in transforming its commercial and business capabilities to fund the Company's mining aspirations.
