Wizr appointed to leading aggregator Connective broker panel

More than half of all brokers in Australia now able to offer Wizr loans

Sydney, 1 August 2018 - Neo-lender Wizr (ASX: WZR) has significantly expanded one of its personal loan origination channels after the Company was appointed to the panel of Connective, Australia's leading mortgage broker aggregator.

Almost 3,000 brokers on the Connective platform will be able to introduce personal loans to Wizr from 1 August 2018. More than 20% of brokers in Australia aggregate through Connective, which had more than \$41.5 billion in settled loans in FY2017.

This addition to a key channel follows Wizr's previously reported record growth rate in loan originations, with total loan origination value in H2FY18 rising by 136% on the previous six months.

Today's announcement means that, in conjunction with other key broker aggregation partners, more than half of all finance brokers throughout Australia are able to assist their clients with a Wizr personal loan. Wizr offers unsecured personal loans for \$5,000-\$50,000 for a wide range of purposes.

Anthony Nantes, Chief Executive Officer, Wizr said: "The broker channel is an important part of the Wizr growth strategy and we are delighted to be working with Connective, home to some of Australia's leading brokers. The appointment further strengthens our aim of becoming a true alternative in the Australian lending industry and we look forward to introducing the Wizr brand to thousands of new brokers in the coming months."

Brent Starrenberg, Head of Asset Finance, Connective, said: "We are very pleased to welcome Wizr to the Connective platform. This is another example of how Connective offers its broker network access to industry leading lenders such as Wizr."

Accredited Connective brokers will receive service from Wizr's BDM and Broker support team and introduce personal loans through the personalised Wizr Broker Portal, which is part of Wizr's unique and industry leading proprietary technology platform. With new approaches to loan application, digital document processing, streamlined loan approval and API integration, Wizr is committed to developing strong and sustainable relationships with its broker partners.
