## About SciGen Limited

SciGen Ltd (“SciGen”) is a biopharmaceutical company involved in sales and marketing of genetically engineered biopharmaceutical products for human healthcare. SciGen focuses in the areas of endocrinology, paediatrics and oncology-care.

Its core product portfolio consists of biosimilar products, notably, recombinant human insulin and recombinant human growth hormone which have undergone substantial clinical development. SciGen has since built a diversified portfolio in recent years, comprising endocrinology, neurology, oncology-care products, paediatric supplements, orthopaedic injection therapy and a range of medical devices.

SciGen has acquired the rights to distribute and market biopharmaceutical and proprietary products under both exclusive and semi-exclusive licensing arrangements. SciGen’s current focus is in the Asia Pacific region which provides growth opportunities for its range of products.

SciGen currently maintains internal sales and marketing teams at its subsidiary offices, whilst venturing into distribution partnerships in other markets. Through joint collaboration with its partners, SciGen uses its extensive expertise in regulatory and clinical environments, to cater to a broader spectrum of market.

SciGen was established in 1988, as a Singapore biopharmaceutical company. SciGen is listed on the Australian Stock Exchange (ASX code : SIE). Its corporate headquarters is located in Singapore, with subsidiary offices in Australia, South Korea, China and a sales office in Philippines. Strategic distribution channels are present in Thailand, Hong Kong, Pakistan, Indonesia, Singapore, Bangladesh, Myanmar and Vietnam.
